Subject: Application for assent regarding Extol Park Vista Addition No. 1

Dear Mr. Griebenow:

According to Southeastern Colorado Water Conservancy District (Southeastern) formation decree, and repayment contract for the Fryingpan-Arkansas Project with the U.S. Bureau of Reclamation secretarial assent is needed for changes of lands to be included in Southeastern. The inclusion of lands into Southeastern makes those lands eligible to receive water from the Fryingpan-Arkansas Project facilities, subject to the decrees for the District and the Fryingpan-Arkansas Project.

The application for assent submitted to Southeastern for the annexation commonly known as Extol Park Vista Addition No. 1 has received Secretary's assent from the Department of Interior-Bureau of Reclamation for inclusion into the Southeastern Colorado Water Conservancy District boundary.

As soon as the land is annexed please provide us the ordinance documentation so we can proceed with our final steps. Thank you for your cooperation and assistance with working with Southeastern, and the Bureau of Reclamation for inclusion into Southeastern boundaries.

Best regards,

Garrett Markus, P.E.
Water Resources Engineer
