6. Citizen Discussion For Items Not On Today's Agenda

Citizen Tao Thai spoke about the issues he is having with his trash service.

Citizens Welling Clark, Richard Mi Cathy Perry, Chuck Lucas requested a Work Session in order to discuss the future of the Westside Community Center. Councilmember Avila and Councilmember Henjum recommended Hillside Community Center be included in that discussion, but if there were

a request for citizen discussion, they would need to have it during a Regular meeting or Town Hall meeting.

Citizen Charles Barber stated he is concerned about the future water supply diversion from west of the Continental Divide to the City and the need for water conservation.

Citizen Jaymen Johnson spoke about his concerns with the Student Resource Officer and Careers in Construction programs in schools.

Citizen David Tone stated Jesus Christ told him the City will be destroyed because of the wickedness of them that dwell within.

7. Items Called Off Consent Calendar

- 4B.E.** [22-103](#) Request for approval of settlement amount in Case No. 20-cv-1600-WJM-KMT

Presenter:

Wynetta Massey, City Attorney

Erik Lamphere, Division Chief, City Attorney's Office, presented the request for approval of settlement amount in Case No. 20-cv-1600-WJM-KMT.

Councilmember Avila requested the Plaintiff and Defendant for this matter be disclosed for full transparency. Mr. Lamphere stated this matter involves a shooting death and the parties are Defendants Sergeant Van't Land and Officer Evenson and the Plaintiff is the Estate of Bailey. He stated all parties have agreed to the terms of the settlement and the City's insurance carrier has determined the settlement is reasonable.

Councilmember O'Malley stated the City trained and equipped these Officers to perform their duties to the best of their abilities, they put their lives on the line, and the community needs to do the right thing by supporting its brothers in blue and not support this settlement which would be similar to paying hostage money.

Councilmember Donelson stated the Officers did exactly what they were trained to do, did nothing wrong, and it is disheartening and demoralizing when the City fails to defend its policies and their actions in court.

Councilmember Williams stated this settlement has no admission of liability and it is made with the support of the Officers being sued so he believes it is supporting the Colorado Springs Police Department (CSPD) by approving the settlement. He stated with the cost of attorney fees, even if the City prevails, this is a fiscally prudent decision for taxpayers.

President Pro Tem Helms stated the Officers involved were found to have done their job correctly based on the training they were provided.

Councilmember Murray stated approval of this settlement is in the best interest of the City, its citizens, and the Police Officers.

Councilmember Avila stated the City needs to look at its policy and practices where CSPD and the community work as one.

Councilmember Henjum stated CSPD secured the service of Transparency Matters regarding use of force and Law Enforcement Transparency Advisory Committee (LETAC) has requested a meeting with CSPD to discuss the results of the study and listed their requests/recommendations in response to the study.

President Strand stated it was his opinion that this settlement is in the best interest of the City and the two Police Officers who were exonerated from any criminal responsibility and did what they were trained to do under those circumstances.

Citizen Jaymen Johnson stated he does not believe approving this settlement would express not supporting the Officers and it may provide closure to both parties.

Citizen Hettie McKing stated there needs to be more transparency regarding these decisions and there needs to a change in policy and training.

Citizen Theresa Urban stated comparing a negotiated settlement to paying hostage money is inappropriate.

Motion by Councilmember Williams, seconded by President Pro Tem Helms, that the \$2,975,000.00 settlement amount in Case No. 20-cv-1600-WJM-KMT be approved. The motion passed by a vote of 7-2-0-0

Commander John Koch, Colorado Springs Police Department, presented the Ordinance amending Section 112 (Sitting or Lying in Commercial Districts) of Article 2 (Offenses Affecting Public Safety) of Chapter 9 (Public Offenses) of the City Code also known as the Pedestrian Access Act.

Councilmember Williams stated the City needs to continue to look at the issues that have been raised and he supports this Ordinance.

Councilmember Avila asked if the boundaries have been expanded to include the Vanguard School area. Commander Koch stated it had not.

Councilmember Williams stated he is open to discussing that, but they have not had the opportunity to review a new boundary line at this time.

Citizens Monica Snowbird, Hettie McKing, Berniece Mulvahill, Theresa Urban, Reverend Claire Twomey, Co-Pastor with Vista Grande United Church of Christ, Christopher Bonn, and Jaymen Johnson spoke in

opposition to the proposed Ordinance.

Citizens Steve Mulliken spoke in favor of expanding the proposed boundaries identified in the proposed Ordinance and requested a further expansion.

Councilmember Fortune requested the Administration provide information regarding boundary expansion within sixty days. Jeff Greene, Chief of Staff, agreed to Councilmember Fortune's request to review the boundary expansion further.

Councilmember Henjum stated this Ordinance does not take care of the problem, it just moves it, and the City needs to do a better job of addressing this issue.

Councilmember Avila stated there is already a shortage of Police Officers, the City cannot warn, cite, fine, and incarcerate this issue away, and they need to work with El Paso County to provide services to the homeless population.

Councilmember Murray stated this addresses people who are physically blocking citizen's ability to walk down the sidewalk, the City provides support services, and he supports the proposed Ordinance.

Motion by Councilmember Murray, seconded by Councilmember Williams, that the Ordinance amending Section 112 of Article 2 of Chapter 9 of the Code of the City of Colorado Springs 2001, as amended, pertaining to commercial districts be finally passed. The motion passed by a vote of 7-2-0-0

Presenter:
Randy Helms, Council President Pro Tem & Councilmember District 2
Wayne Williams, Councilmember At Large

Councilmember Williams presented the nominations to appoint Erin Bents and Aaron Salt to the Pikes Peak Library District Board of Trustees. He stated Aaron Salt was recommended by Cathy Grossman, previous Board of Trustees member, and Erin Bents was recommended by the Governance Committee.

President Pro Tem Helms stated the previous Chair, Wayne Vanderschuere, did reapply for the Board of Trustees, but Ms. Bents was selected by the Committee, and he supports the appointment of both individuals.

Councilmember Avila stated taking and banning books from the library is a political and cultural war. She stated not reappointing Mr. Vanderschuere is disheartening and does not support the people.

Councilmember Murray asked why Ms. Bents was chosen over Mr. Vanderschuere. President Pro Tem Helms stated he voted to maintain Mr. Vanderschuere, but the overall Board recommendation was for Ms. Bents, and he supports that decision.

Councilmember Henjum stated First Amendment rights are behind these appointments and she will be voting against these appointments.

Councilmember Avila commented that former Councilmember Skorman voted “no” on these appointments. President Pro Tem Helms stated the appointments were not separated at that time.

[7.5.408 Master Plan](#)

Ryan Tefertiller, Planning Manager, Planning and Community Development, presented the minor amendment to the Colorado College (CC) Master Plan adding multiple properties on the block bound by East Dale Street, North Weber Street, East Cache la Poudre Street, and North Nevada Avenue, a zone change for 1.57-acres located on the block bound by East Dale Street, North Weber Street, East Cache la Poudre Street, and North Nevada Avenue from the C5 (Intermediate Business) and R4 (Multi-Family Residential) to SU (Special Use) zone, and the Weber and Dale Development Plan for CC covering multiple properties on the block bound by E. Dale Street, N. Weber Street., E. Cache la Poudre Street., and N. Nevada Avenue. He provided a background on the site, proposal, applications approval history, stakeholder notice, analysis, and staff recommendation.

Councilmember Williams asked if the side yard setback from the nearest structure is being reduced from twenty-five feet to five feet. Mr. Tefertiller stated he will verify that information.

President Helms asked if there were any concerns regarding the proposed sixty-foot height allowance. Mr. Tefertiller confirmed there were and those opponents will be speaking about that issue later in today's meeting.

Councilmember Henjum asked why CC is requesting a rezone if no changes are proposed to the subject's properties. Mr. Tefertiller stated nearly all other college-owned property is SU zoned.

Councilmember Donelson asked why this zone change would be advantageous to CC. Mr. Tefertiller stated the SU zone allows them a lot more predictability and flexibility to move uses around as needed.

Councilmember Williams asked what uses are allowed under the proposed zone that are not permitted in R4 zoning. Mr. Tefertiller stated a university or college falls into a different category of zoning uses in the City's zoning code which would not be permitted in a residential zone. Mike Tassi, Assistant Planning Director, Planning and Community Development Department, stated R4 zones allows for public schools and private schools, but not colleges.

Councilmember Williams asked if CC wanted to change their development plan if it would be reviewed by Administration. Mr. Tefertiller stated it would as long as it was a permitted use as opposed to a conditional use.

Councilmember Henjum asked how HistoricCOS is compatible with PlanCOS. Mr. Tefertiller stated the east half of this block is located within the Weber/Wasatch Historic District which has a set of guidelines and one of the review criteria of a development plan is consistent with other adopted plans or guidelines.

Councilmember Williams asked if there was a response from the occupant of the 808 North Weber Street property. Mr. Tefertiller stated there was not.

Chris Lieber with N.E.S, gave an overview of the City entitlement request, project purpose/goals, context map, CC campus map, properties owned by CC, properties to be rezoned, existing zoning, proposed zoning, North Weber/Wahsatch Historic District, and SU Zone District development standards. He went over the details of the properties located at 822, 820, 818, 816, 810, 812, and 802 North Weber Street, 228 and 222 East Dale

Street, and 801 and 809 North Nevada Street. Mr. Lieber identified the review criteria for a zone change and project summary.

Councilmember O'Malley asked if the use of these properties will change. Mr. Lieber stated it may over time, but there are no immediate plans.

Councilmember Williams asked if sixty feet of height is required on the east side of the alley. Mr. Lieber stated CC would like to see consistent zone standards across the SU zone.

Amber Brannigan, Vice President of Facilities for Colorado College, stated the intent of this rezone request is to allow CC the flexibility to do the work that they need to do in those spaces when it needs to be done, they have to be prepared to utilize spaces in the best and highest use that they can whether it is used for housing, classroom, or office, and they are not suggesting changing anything in the neighborhood.

Councilmember Donelson asked when CC purchased these properties. Ms. Brannigan stated the first property was bought in 2015.

Councilmember Donelson asked if CC knew these properties were in a residential area when they were purchased. Ms. Brannigan stated the intent of purchasing these properties was to grow the campus to the east and the south and keep the properties as they are but be able to use them internally as the college sees fit.

Citizens Dutch Schulz, President of the Old North End Homeowners Association, Dianne Bridges, Chair of Historic Neighborhoods Partnership, Cheryl Brown, on the Board of the Near North End Neighborhood Association, spoke in opposition of the rezone.

Councilmember Williams asked if there is opposition to rezoning the property to the west of Robson Arena. Ms. Bridges stated the Board did not oppose that.

Mr. Lieber stated the setbacks would be increased or equal to what is currently there, they do not want a moratorium on all the properties concerning Retool COS, the SU zone is intended to be transition zone, CC has no opposition to the North Weber/Wahsatch Historic District guidelines, and it is difficult to have a discussion regarding what the

increased height limit would look like because there are no plans for that on the table.

President Strand read a statement from Citizen Carol Willis who spoke in opposition of the rezone.

Councilmember Henjum inquired about the twenty-four raccoons which needed to be captured and relocated. Mr. Lieber stated the situation occurred at the vacant property which had been condemned.

Councilmember Henjum asked if since there are no plans for development, CC wait until Retool COS is in place. Mr. Lieber stated he does not believe it would be reasonable or rational to put a moratorium on anyone who is wishing to pursue an entitlement process while waiting for the City to rewrite the zoning code.

Councilmember O'Malley asked how high the tallest dormitory and administrative buildings are. Clay Matlock, Facilities Services for Colorado College, stated the tallest dormitories are on a hillside so even though they are only two to three stories high, they may appear larger, the academic and administration buildings are two to three stories, and the tallest building on campus is four stories.

Councilmember Williams requested the modifications be made that CC agrees to abide by the guidelines of the North Weber/Wahsatch Historic District and there be a forty-foot building height limit for the property to the east of the alley in the residential area.

Councilmember Henjum requested additional information regarding the proposed mixed-use zoning in RetoolCOS. Peter Wysocki, Planning Director, Planning and Community Development Department, stated this hearing is not about what will be ultimately adopted for RetoolCOS because they have not even had any Public Hearings for it, but they are proposing to rename the SU zone to MXT which is mixed-use transitional zone specifically for the uses of the CC campus. He stated their goal is to present RetoolCOS to the Planning Commission late spring or early summer 2022.

Mr. Schultz stated they would be in agreement with the terms of the proposed rezone with the condition restricting the height limit of forty feet

on the properties on the west side of Weber Street.

Mr. Lieber stated CC has concerns with creating anomalies within the SU zone because of all the other parcels which are immediately adjacent to residential properties, but they would be willing to have a condition of record that states if a future building proposal for the west side of Weber Street is greater than forty feet in height, it would require going before City Council for approval.

Councilmember Murray asked how high Robson Arena is. Mr. Lieber stated eighty-five feet and is located in a FB zone district.

Councilmember Avila commented that in order for CC to grow and attract quality students, they need to have the desired amenities.

Councilmember Henjum asked if CC will be in compliance with the guidelines of the North Weber/Wahsatch Historic District for any future designs. Mr. Lieber confirmed the college is committed to abiding by those existing guidelines. Mr. Wysocki stated the development review criteria in City Code already requires that compliance.

Motion by Councilmember Williams, seconded by President Pro Tem Helms, that the minor amendment to the Colorado College Master Plan, based upon the finding that the amendment complies with the review criteria in City Code Section 7.5.408 be approved. The motion passed by a vote of 8-1-0-0
