ADDITIONAL INFO

- Site is located within the Banning Lewis Ranch Master Plan – Research & Development Land Use
 - Staff has determined that proposed use conforms with this designation
- Aerospace Boulevard is not a public Right of Way and has not been built to city standards
 - Applicant and property owner are actively coordinating with other incoming projects and property owners along Aerospace Boulevard to plan for future upgrades to the roadway and to explore ownership configurations that would allow for its future deeding from the district
- In late 2023, Neighborhood Services opened a code enforcement case due to unauthorized vehicle and equipment storage on the site, which violated existing zoning conditions.
 - The property owner has been working with Kimley-Horn and the City to bring the site into compliance, and this application is the first formal step application in doing so

3. The location of the lands in the zoning map area being amended are appropriate for the purposes of the proposed zone district(s).
4. Impacts of the permitted If the application proposes to rezone a small area of land, the application demonstrates that the size, scale, height density, and multimodal traffic impacts of the proposed rezoning are compatible with surrounding development or can be made compatible with surrounding development through approval conditions.
5. If the application proposes to rezone a relatively small area of land, the application demonstrates that the change in zoning will not create significant dislocations of tenants or occupants of the property, or that any impacts are outweighed by other public benefits or progress toward other Colorado Springs Comprehensive Plan goals that would be achieved by approval of the application.
6. If a Land Use Plan or amendment to a Land Use Plan accompanies the application, the Land Use Plan or amendment complies with the applicable criteria in Subsection 7.5.514C.3 (Land Use Plan Criteria).

The application is consistent with any approved Concept Plans in the area for which the map is being amended or includes or is accompanied by a provision that the approved Concept Plans have been classified as implemented and do not have to be amended to be considered consistent with an amended zoning map.
8. If the application is for creation of an ADS-O district, the approval criteria applicable to the creation of the text of the ADS-O district in Section 7.2.607D.47.5.702 (Decision) shall also apply to consideration of the zoning map amendment required to create or amend the boundaries of the ADS-O district.
9. If rezoning to a PDZ district, the proposed PDZ district provides significant community amenities or other benefits, as determined by the Manager, that promote the achievement of Colorado Springs Comprehensive Plan goals and would not otherwise be required of the applicant under this UDC or other City or governmental regulations.
10. Complies with the additional standards of the base zone district where the property is located (see Article 7.2 (Zone Districts)) or in an overlay district that applies to the property (see Part 7.2.6 (Overlay Districts)).
