Greg Phillips, Director of Aviation, presented the Colorado Springs Airport Master Plan and gave an overview of key partners, community outreach, market area, forecasted activity, airfield/airspace surfaces, and inventory. He identified the facility requirements summary, alternatives, hot spot analysis, proposed modifications to Runway 13/31, recommended

development plan, surface transportation, environmental analysis, and next steps.

President Strand asked how they can forecast growth twenty years ahead. Mr. Phillips stated the Federal Aviation Administration (FAA) has a tool for commercial airports which provides a margin of high and low parameters for enplanements.

Councilmember Donelson asked if the removal of pavement on the runway is due to safety concerns. Mr. Phillips confirmed it is.

Councilmember Henjum asked why brick and mortar would be removed in order to expand the number of gates. Mr. Phillips stated there is area built in the mid-nineties before 9/11 and security check points, called the East Terminal Unit, which might be forty years old before it is needed.

Councilmember Williams asked how the return of valet parking has helped the short-term parking issues. Mr. Phillips stated it has opened areas to be used for overflow parking.

Councilmember Donelson asked if decisions regarding transportation to the airport will be made soon. Mr. Phillips stated Pikes Peak Rural Transportation Authority (PPRTA) is working on adequate access from all directions.

Michael Sullivan, Chief Human Resources Officer, presented the Ordinance declining the participation of the City in the Colorado Paid Family and Medical Leave Insurance (FAMLI) Program. He provided an overview of FAMLI, considerations, and employee impacts.

Councilmember Henjum asked what the primary difference is between FAMLI and Short-Term Disability Insurance. Mr. Sullivan stated FAMLI allows for care of family members, has an extension of an additional four weeks, it is paid time off, and there is paid paternity leave.

Councilmember Fortune stated if the City opts in to FAMLI, employees will be required to participate in the program, that employees would be charged, and the employee survey which was conducted indicated that the employees did not want to participate in the program. so she supports not requiring the employees to do so.

President Pro Tem Helms states the City already provides benefits over and above what FAMLI offers, participating would cost the City over two million dollars, and employees can still choose to participate in FAMLI if they wish to do so.

Councilmember Murray presented the Resolution repealing Resolution 157-91 dissolving the City Investment Advisory Committee (CIAC). He stated the CIAC is more of an Administrative function.

Jeff Greene, Chief of Staff, stated they may explore incorporating a similar committee within the Offices of the Mayor.

8. Items Under Study

- 8.A. [CPC CA 20-00005](#) Update on the amendment of City Code Chapter 7 (Zoning and Subdivision Regulations)

Presenter:

Morgan Hester, Planning Supervisor
Peter Wysocki, Director of Planning and Community Development

Attachments: [COS Retool Amended Consol Draft AUGUST 2022 JOINT SESSION 8-19-22 - Joint CPC-CC PPT](#)

Peter Wysocki, Director of Planning and Community Development, introduced the update of the amendment of City Code Chapter 7 (Zoning and Subdivision Regulations), RetoolCOS.

Morgan Hester, Principal Planner, Planning and Community Development, provided an overview of the RetoolCOS project scope, process overview, collaboration, outreach, Unified Development Code (UDC) organization, general provisions, zone districts, use regulations, development standards, definitions/rules of construction, next steps, and timeline.

President Pro Tem Helms asked if the building maximum height limits have remained the same. Ms. Hester stated they have been increased by approximately five feet.

Councilmember Donelson asked if the calculation of building height is different for structures on hillsides. Ms. Hester stated she will provide more information regarding how those buildings are measured.

Councilmember Henjum requested additional information regarding overlays. Ms. Hester stated RetoolCOS is drafted to include differences in overlays based on the area and the neighborhood planning process.

Councilmember Williams asked if the non-hillside building height is being measured from the eave level or from the peak level. Ms. Hester explained how different roof types are measured.

President Strand asked if existing developments will be grandfathered in. Ms. Hester stated they are not trying to establish several non-conformities across the City but are trying to capture trends in development that they have seen and if there were a non-conformity, they would allow it.

Councilmember Murray asked where covenants are addressed in RetoolCOS. Ms. Hester stated Article 7.1.108.

Councilmember Murray asked if there are any view considerations in RetoolCOS. Ms. Hester stated there are no view shed protections in City Code.

Councilmember Henjum asked if there will be requirements toward promoting dark skies. Ms. Hester stated they cannot impose requirements on applicants, but they have proposed shielding of exterior lighting on commercial and residential developments to contain light spread.

President Pro Tem Helms requested additional information regarding parking requirements. Mike Tassi, Assistant Planning Director, gave an overview of the how variances would apply to the criteria.

President Pro Tem Helms asked where the twenty-five percent of turf grass calculation came from. Ms. Hester stated the analysis was provided by Colorado Springs Utilities (CSU) who evaluated new developments and the average of high-water use turf grass is twenty-five to thirty percent of the plantable area.

Councilmember Donelson asked how many shared parking agreements the City currently has. Mr. Tassi stated he will provide that information.

Councilmember Williams asked if there are incentives for electric vehicle charging stations. Ms. Hester stated they allow for reduced parking requirements of two to one if there is an electric vehicle charging station provided. Mr. Tassi stated this aligns with the study on electric vehicles which was provided by the Office of Innovation. Councilmember Williams stated there is no data which shows EV's have a higher occupancy of people than combustion engine vehicles and requested a copy of the study. Mr. Tassi agreed to provide that information.

Councilmember Donelson asked if there is a maximum number of EV charging stations a developer can provide. Ms. Hester stated there is not, but the development plan is reviewed by staff to ensure an adequate amount for the area.

Mr. Tassi went over the administration and enforcement of RetoolCOS.

Councilmember Fortune asked how neighborhood associations will be notified of use variances. Mr. Tassi stated the City will send out postcards to residents within one thousand feet of the proposed development.

Ben Bolinger, Assistant City Attorney, City Attorney's Office, gave a recommendation of holding the public hearing on rezoning Ordinances at the second reading instead of the first reading because there can be issues if a development plan and master plan are approved with the first reading and then the Ordinance fails on second reading.

Councilmember Williams asked if an individual who has attended the public hearing can appeal. Mr. Tassi stated only if they live within two miles of the proposed project.

Councilmember Williams asked if an organization who has members who live within the two-mile radius of the project can appeal. Mr. Tassi confirmed they could but entities outside of that radius would not be able to.

Councilmember Henjum requested the definitions of bulk, form, and dimensional standards. Mr. Tassi agreed to look into that.

9. Executive Session

9A. Open

There was no Open Executive Session.

9B. Closed

9B.A. [22-565](#)

In accord with City Charter art. III, § 3-60(d) and its incorporated Colorado Open Meetings Act, C.R.S. §§ 24-6-402(4)(a), (b) and (e), the City Council, in Open Session, is to determine whether it will hold a Closed Executive Session. The issue to be discussed involves consultation with the City Attorney, discussing strategy for negotiations and instructing negotiators regarding a park land exchange matter.

The President of Council shall poll the City Councilmembers, and, upon consent of two-thirds of the members present, may conduct a Closed Executive Session. In the event any City Councilmember is participating electronically or telephonically in the Closed Executive Session, each City Councilmember participating in the Closed Executive Session shall affirmatively state for the record that no other member of the public not authorized to participate in the Closed Executive Session is present or able to hear the matters discussed as part of the Closed Executive Session. If consent to the Closed Executive Session is not given, the item may be discussed in Open Session or withdrawn from consideration.

Presenter:

Wynetta Massey, City Attorney
