# PDZ ZONING

- Planned Development Zone (PDZ) district provides maximum flexibility in the use options for the site and the location of uses within the site and provides a means of developing this large, uniquely located site with a unified approach
- PDZ District Community Benefit:
  - A unique and significant economic growth and employment creation opportunity for the City
  - Commitment to preparing Development and Design Guidelines to ensure a high quality, cohesive and unified industrial park
- Permitted Land Uses: All uses listed in the UDC District Use Table under “Commercial & Industrial”, “Civic, Public & Institutional”, “Accessory”, “Temporary”, plus the existing mining operation, and more intense industrial, military, ballistics and aerospace related uses not currently specified in the UDC
- Maximum Non-Residential Floorspace: 7,000,000 Square Feet
- Maximum Height: 120 Feet

Urban Design

# LAND USES

- **Heavy Industrial:** heavy railroad-oriented industry with direct access to the rail spur and rail loop
- **Light Industrial:** intended to accommodate light industrial and manufacturing activities, which are generally clean, quiet and free from objectionable or dangerous nuisance or hazard
- **Commercial Center:** intended to serve day-to-day commercial needs of Fort Carson military personnel, civilian employees, dependents, and visitors, as well as employees and visitors of the Rail Park
- **Commercial Services:** intended to accommodate retail, wholesale or service commercial uses that serve the public

# CREATION OF JOBS AND CAREERS

- The region is growing substantially in population, and will need employment to support the growing population
- The population in the 30-minute drive time radius increased from 2016 to 2021, growing by 12,814 (6.5%)
- Population is expected to increase by 8.3 percent between 2021 and 2026, adding 17,483
- This outpaces both the national and state of Colorado's projected growth rates

FRONT RANGE DUAL-SERVICE RAIL PARK OF SOUTHERN COLORADO | PROJECT FEASIBILITY STUDY

- Estimated square footage and job creation:
  - 5,635,153 sf of buildings
  - 7,736 new jobs

Figure 3-2: Regional and Drive Time Population Growth Compared to US, 2021-2026

# MEGA-SITE FOR MANUFACTURING

- The region has lost manufacturing jobs at a faster pace than both the U.S. and Colorado
- Loss of manufacturing is a strategic concern
- This project can attract manufacturing to the U.S., Colorado, and Region
- Manufacturing jobs provide career opportunities

Manufacturing Employees in Colorado Springs

From January 2000 to January 2022, Colorado Springs lost 11,800 manufacturing jobs (over 50% decline)

- ✓ Perfect site for large-scale manufacturing
- ✓ Perfect neighbors for manufacturing
- ✓ Not visible from I-25
- ✓ Dual rail service
- ✓ Available work-force
- ✓ Specialized training opportunities available in the region to meet manufacturers needs

Land Planning  
Landscape  
Architecture  
Urban Design

NES

# SPECIALIZED TRAINING

Military personnel exiting into the civilian workforce is an incredibly unique asset to the region. For example, Fort Carson alone has an average of **400 military personnel exiting active duty every month**. Over 65% of these transitioning military personnel indicate a desire to stay in the region if they can find employment (Fort Carson Transition Center, 2022)

The Honorable Pete Buttigieg  
Secretary of Transportation  
United States Department of Transportation  
1200 New Jersey Ave., SE  
Washington D.C., 20590

Re: Southern Colorado Rail Park

Dear Secretary Buttigieg,

Pikes Peak State College (PPSC) has long supported the Southern Colorado Rail Park initiative to bring new jobs to our community via a public/private partnership of regional governments and a private property owner. The Southern Colorado Rail Park has a two-fold purpose: 1) to establish a rail spur to serve Fort Carson to enhance its global deployment mission and capability, and; 2) to generate new, primary jobs for our community. Current plans estimate that 7,700 jobs in the manufacturing sector will be created by the new industrial park. We work closely with the United States Army and its Transition Center to provide educational opportunities for military personnel leaving military service, sixty-five percent of whom indicate they want to remain in the Pikes Peak Region.

PPSC has a campus adjacent to Fort Carson, which focuses on providing education that prepares its students for success in the marketplace. PPSC would relish the opportunity to work directly with any new manufacturers and other employers to determine their needs and develop courses of study to fulfill those needs. When we do that, we make certain that PPSC is properly preparing students for success in real jobs, which is our core mission. The close proximity of the new employment center to our Fort Carson campus will facilitate achieving this goal and greatly benefit both military families on post and the disadvantaged communities located adjacent to the future employment center.

I strongly encourage you to approve the 2023/24 Consolidated Rail Infrastructure and Safety Improvement (CRISI) grant application from the City of Colorado Springs on behalf of the Southern Colorado Rail Park project. Thank you for your consideration.

Sincerely,

A handwritten signature in blue ink that reads "Lance Bolton".

# OPPORTUNITY TO SUPPORT FORT CARSON

- The existing rail spur has seven critical points of failure
- The project's first phase and first priority is to extend the line to Fort Carson
- Makes Fort Carson more resilient and BRAC proof
- Grants CSU a new utility easement to Fort Carson if needed for redundancy
- Provides alternative road access from I-25 to Gate 19 from the south

### 5.3.1.1 Fort Carson Current Rail Service

The existing rail spur and rail head are located at the northern end of the Fort Carson Cantonment. The rail spur, which meets the mainline at the Kelker Junction yard, was established when Fort Carson was created in 1942, shortly after the attack on Pearl Harbor. The United States Army owns the spur. As shown, the deployment capacity of the railhead requires the some of the rail cars to be located outside the Fort proper. This factor, along with the many crossing points of the rail spur, generated the assessment provided by Major General Matthew McFarlane in a letter to Fountain City Manager Scott Trainor in support of a Defense Communities Infrastructure Program grant request.

# SENATORS' SUPPORT

Support letter signed by  
Senator Bennet and  
Senator Hickenlooper

United States Senate  
Washington, D.C. 20510

The Honorable Pete Buttigieg  
US Department of Transportation  
1200 New Jersey Ave, SE  
Washington, DC 20590

May 10, 2024

Dear Secretary Buttigieg:

We write to support the Southern Colorado Rail Park's (SCRP's) application to the Federal Railroad Administration's Consolidated Rail Infrastructure and Safety Improvement Program. If funded, SCRCP will establish a rail link between a corridor serviced by two Class I railroads and Fort Carson, stimulating both regional and national industrial growth.

With over five years of dedicated investment in planning, the SCRCP project is anticipated to create over 7,700 high-quality jobs within the Pikes Peak Region, with a significant portion of these opportunities benefiting rural and disadvantaged communities. As industrial activities grow, SCRCP will enhance intermodal connectivity, thereby decreasing freight traffic on I-25 and nearby roadways, and reduce associated greenhouse gas emissions. SCRCP will offer an additional rail connection to the eastern perimeter of Fort Carson, addressing the vulnerabilities associated with its current rail link, which has seven identified points of weakness.

We encourage you to give SCRCP's application your full and fair consideration consistent with all applicable laws and regulations. Thank you for your review, and please notify our offices of any funds awarded.

Sincerely,

Michael F. Bennet  
United States Senator

John Hickenlooper  
United States Senator

# CITY ANNEXATION REQUIREMENTS & GUIDELINES

## REQUIREMENTS AND GUIDELINES

Requirements (UDC)	
Logical Extension of City Boundary <input type="checkbox"/>	Water Ordinance requirements <input type="checkbox"/>
Beneficial to city (see guidelines) <input type="checkbox"/>	Sufficient existing or projected utilities across four services <input type="checkbox"/>
Utilities / PUC Service Territory Requirements <input type="checkbox"/>	Groundwater / easement requirements <input type="checkbox"/>
Guidelines & Other Considerations	
Offers housing diversity <input type="checkbox"/>	Sufficiency of existing or planned roadway infrastructure <input type="checkbox"/>
Sufficiency of existing or planned public safety staffing <input type="checkbox"/>	Proximity/opportunity to serve employment centers <input type="checkbox"/>
Diversity of development (commercial/industrial/residential) <input type="checkbox"/>	Economic impact on city <input type="checkbox"/>
Reasonable utilities cost recovery / ROI projections <input type="checkbox"/>	Connectivity / Proximity to transportation options <input type="checkbox"/>
Desirable parkland/open space <input type="checkbox"/>	Ability to fund / offset costs for needed public facilities (PD/FD/Public Works) <input type="checkbox"/>

Land Planning  
Landscape Architecture  
Urban Design

# CITY ANNEXATION REQUIREMENTS

- ✓ Logical Extension of City Boundary
  - *Satisfies critical City needs to create jobs and house new manufacturing*
  - *City currently lacks large sites suitable for manufacturing*
  - *Site is in an enterprise zone – State tax incentives available for manufacturing development*
  - *Great site for manufacturing – dual service rail; compatible neighbors, not visible from I-25*
  - *Immediately adjacent to City-owned 3,085-acre Clear Springs Ranch, which includes Ray Nixon power plant*
- ✓ Sufficiency of existing or projected utilities across all four services
- ✓ Meets water ordinance requirements
- ✓ Groundwater and easement requirements
- ✓ Utility/PUC service territory requirements

Land Planning  
Landscape  
Architecture  
Urban Design

NES

# CITY ANNEXATION REQUIREMENTS

- ✓ Beneficial to the City
  - *Fiscal Impact Analysis* – \$11,082,664 positive net revenue over 20 years
  - Fiscal Impact Analysis is important but not the sole measure of benefit to the City
  - The project will create an estimated 7,700 new jobs on site, with a 7.4 multiplier of indirect and induced jobs created offsite
  - *Diversifies the economy by adding an attractive, mega-manufacturing site* – creating a new economic engine for the region
  - Helps Fort Carson by providing the opportunity for a second, more secure rail access and employment for veterans
  - Is the culmination of a regional, public-private partnership effort initiated in 2018

**NES**

# BASIS FOR ANNEXATION

- C.R.S. 31-12-104(1)(A): Contiguity shall not be affected by the existence of intervening public land between the annexing municipality and the land proposed to be annexed
- C.R.S. 31-12-105(1)(E): The 3-mile limit on the extension of the municipality's boundary may be exceeded for the annexation of an enterprise zone
- Annexation Petition accepted on November 26, 2024

Land Planning  
Landscape Architecture  
Urban Design

NES

# CITY ANNEXATION GUIDELINES

1. Offers housing diversity
  - *No housing proposed in SCRP*
2. Sufficiency of existing or planned roadway infrastructure
  - *Planned Rail Spur will provide rail access to the site, which will reduce heavy truck traffic on I-25*
  - *Initial access will be from Charter Oak Ranch Road which has recently been improved*
  - *Future phases will require planned connection to I-25 at the location of the future Powers Boulevard intersection*
3. Sufficiency of existing or planned public safety staffing
  - *CSFD has requested 5-acre site for a future fire station, which is acknowledged via a note on the LUP*
  - *Discussions are ongoing with CSPD and police service requirements will be addressed in annexation agreement*
4. Proximity/opportunity to serve employment centers
  - *SCRP will be a major employment center with significant job creation potential*

Land Planning  
Landscape  
Architecture  
Urban Design

NES

# CITY ANNEXATION GUIDELINES

5. Diversity of development (commercial/industrial/residential)
  - *SCRP will accommodate heavy and light industrial uses, with commercial services and commercial retail as supporting uses, **diversifying our economy***
  - *As SCRP will be rail-served that will attract heavy industrial uses, it is not an appropriate location for residential use*
  
6. Economic impact on city
  - *High paying jobs*
  - *Spin-off jobs (7.4 multiplier), sales and property tax increases*
  - *Diversifying the economic base*
  - *Potential to generate up to **7,700 direct jobs**, providing job and wage growth, spin-off spending and increased tax revenue for the City*
  - *A unique opportunity in the region for a mega rail-served park facilitating much needed manufacturing growth*
  - *Employment opportunities for veterans*

Land Planning  
Landscape  
Architecture  
Urban Design

NES

# CITY ANNEXATION GUIDELINES

8. Reasonable utilities cost recovery/ROI projections
  - *Annexation agreement will ensure cost recovery is met*
9. Connectivity/Proximity to transportation options
  - *SCRP will be providing a rail spur that will:*
    - *make Fort Carson more resilient and BRAC proof*
    - *give CSU a new utility easement to Fort Carson if needed for redundancy*
    - *provide a regionally important rail-served industrial park with direct access to I-25*
10. Desirable parkland/open space
  - *Public parkland/open space is not required for non-residential development*
11. Ability to fund/offset costs for needed public facilities
  - *SCRP Metropolitan Districts 1-3 will fund required public infrastructure and facilities*

Mulliken Weiner Berg & Jolivet  
Attention: Joshua Wolff  
102 S Tejon Street, Ste 900  
Colorado Springs, CO 80903

Dear Mr. Wolff,

The following El Paso County parcels that make up the Southern Colorado Rail Park are situated within the geographic boundaries of the Pikes Peak Enterprise Zone:

- Edw C. Levy Co. dba Schmidt Construction Inc.
  - 6600000047
  - 6600000048
  - 6600000004
  - 6600000050
  - 6600000008
  - 6600000011
- Southern Colorado Rail Park LLC
  - 6600000009
  - 6600000049
  - 6600000041
  - 6600000010
  - 6600000040
  - 6600000012
  - 6600000014
  - 6600000030

The Colorado Enterprise Zone (EZ) Program was created by the Colorado Legislature (C.R.S. Title 39, Article 30) to promote a business-friendly environment in economically distressed areas by offering state income tax credits that incentivize businesses to locate and develop in - and non-profit organizations to assist with the needs of - these communities.

### Requirements/Eligibility Rules

Areas with high unemployment rates (25% above state average), low per capita income (25% below state average), and/or slower population growth (less than 25% of state average in rural areas) may be approved for EZ designation by the Colorado Economic Development Commission. Only taxpayers engaged in business that is legal under both state and federal law are eligible to claim EZ income tax credits.
