

Workers Comp Fund Code Change

John Hunter, Financial Planning and Risk Manager

City Council Work Session
August 10, 2026

City Code Amendments

Current Structure

Future Structure

- Currently the City CFO manages the Workers' Compensation & Claims fund for Utilities.
- This code change would transfer control of Utilities funds to the Utilities CFO.
- The City would maintain control for their funds.
- This code change does not require Utilities Board approval only City Council.

Implementation Timing: Code implementation will be brought to City Council for approval at the August meetings.

Code Amendment Presentation Timeline
