To Open, We hope that you are well and having a great week. In response to the Public Notice, **File No. : CPC CM1 16-00070**, a Request to install a Commercial Mobil Radio Service Freestanding Stealth Facility behind Mount View Church, located 2520 Arlington Dr., we would like it to be Officially noted to all involved Parties that:

Even though Mount View Church has eagerly communicated many invitations to attend fundraisers and picnics, We find it extremely inconsiderate, selfish, and rude, that this matter was not brought to the attention of the community much sooner to discuss possible impacts of such a Facility, considering that close proximity to large arrays like this one are controversial concerning Health and Wellness and Property Values. With this action seeming unstoppable now, duly note that We are in Direct Opposition to the construction of a CMRS Facility at 2520 Arlington Dr. 80910.

Thank You for your Attention.
