Chris Bidlack, Senior Attorney, Colorado Springs Utilities (CSU) Division, presented the 2022 CSU Rate Case Hearing agenda and read the Colorado Springs Utilities rate setting standards and the quasi-judicial role of City Council. Mr. Bidlack polled Council concerning if any members had received any ex parte communications. Councilmember Williams disclosed that City Council had received some memos sent from the generic City Council email box.

Tristan Gearhart, Chief Planning and Finance Officer, CSU, gave an overview of the 2022 rate case Resolutions setting electric, natural gas, water, and wastewater rates within the service areas of CSU and certain changes to electric, natural gas, and wastewater rate schedules and Utilities Rules and Regulations.

Jacqueline Rowland, City Auditor, confirmed the supporting documents for the rate changes in the rate case were prepared accurately and consistently with adequate disclosure for any methodology changes.

Citizen Jaymen Johnson requested an example of an industrial-non-metered item and if the two inch to twelve inch connection fees could be included in a metropolitan district consideration. Mr. Gearheart stated some examples would be traffic cameras, data communication condensers and other wireless devices and explained the connection fees are based on the size of the connection to the CSU system and are available to all entities.

Mr. Bidlack polled City Council regarding the issues for decision for the setting of natural gas service, electric service, water service, and wastewater service rates. Please see attached documents for additional details on City Council's direction for the proposed terms and conditions.

[Signed Resolution 158-21](#)

Tristan Gearhart, Chief Planning and Finance Officer, Colorado Springs Utilities (CSU), presented the Resolutions increasing the Electric Cost Adjustment (ECA) rate to 4.74 cents per kilowatt hour and the Gas Cost Adjustment (GCA) rate to 8.13 cents effective November 15, 2021. He went over the United States Energy Information Administration's winter fuels outlook, how customers can receive financial assistance if needed, managing cost, natural gas prices as of October 1, 2021, ECA and GCA

projections for October 2021. He provided a sample bill impact for November rate action, estimated sample bill impact for November 2021 to May 2022, and sample total monthly bill reference.

President Strand asked if residents have to have a certain income level in order to qualify to receive assistance through Project COPE. Mr. Gearhart stated the program is administered through CSU, is funded by contributions from customers and employees who donate to the program, and there is an evaluation process on a situation-by-situation process.

Councilmember Henjum asked how the price forecasts are calculated. Mr. Gearhart stated there are natural gas hubs around the country which publish the price forecasts.

Councilmember Avila stated she is very concerned with how this huge spike in utilities will affect low income rate payers. Mr. Gearhart went over the programs available to assist customers.

President Strand asked if the rate increase is expected to last approximately six months. Mr. Gearhart stated the ECA and GCA filings are on a quarterly basis so they anticipate they will be back before City Council in February 2022.

Councilmember Williams stated City Council does not have control over commodity prices which has caused the larger fluctuation in utility rates.

Motion by Councilmember Henjum, seconded by Councilmember O'Malley, that the Resolution setting the Electric Cost adjustment Effective November 15, 2021 be adopted. The motion passed by a vote of 9-0-0-0

Morgan Hester, Planning Supervisor, Planning and Community, presented the Maizeland and Murray CMRS development plan to allow modification of an existing 99'-3" monopole tower located at 2499 Avondale Drive. She gave an overview of the site location, current site condition, proposed tower modification, and development plan.

Ben Bolinger, Senior Attorney, City Attorney's Office, stated at the conclusion of the hearing in November 2019, City Council denied the application for modification by a vote of 8-1 which subsequently resulted in a lawsuit being filed in the United States District Court for Colorado which the City lost and the judge issued an order in which the judge declared that federal law required the City to approve the application.

Councilmember Henjum and Councilmember Helms asked what would happen if the City is found to be in contempt. Mr. Bolinger stated there would most likely be a fine and another lawsuit.

Councilmember Strand stated this is not a public hearing, City Council will not be making additional findings, and today's discussion will not constitute evidence in the quasi-judicial application. He stated he will allow the citizens to speak regarding their concerns, however they will not be

considered as evidence or testimony in this matter. President Strand stated these types of facilities are governed by federal law and citizens may contact their United States Congressional Representative or Senators regarding the federal process.

Citizens Sally Maddox, Nathan Patton, Andrew Gilbert, Suzanne Albertson, and Doug Clark, spoke in opposition to the modification of the existing monopole tower located at 2499 Avondale Drive.

Councilmember Williams asked what the City's options are for seeking legal reviews of the summary judgement. Mr. Bolinger stated there are none due to when they received the judgment, they reviewed it, consulted with outside counsel, determined there were no appealable issues, and agreed with Vertical Bridge Development, LLC, not to appeal in exchange for them not collecting their costs ordered by the court.

Councilmember Donelson asked if there was a valid reason for the application to be originally denied. Mr. Bolinger stated City Council denied it based on their interpretation of federal criteria, but the court determined that denial was incorrect.

Councilmember Donelson asked if the pole should have been removed due to the abandonment period. Mr. Bolinger stated under the old City Code, it was the obligation of the wireless carrier to inform the City when they removed their antennas. Ms. Maddox stated she submitted a ticket through the City Code Enforcement Office to have the abandoned pole removed.

Councilmember Donelson asked if this item could be postponed for two weeks for additional review. Mr. Bolinger stated it is time to comply with the court order and approve the application.

Councilmember Henjum asked if this issue could be appealed further. Mr. Bolinger stated it could not because the City Attorney's Office has determined there are no appealable issues and has agreed not to appeal it.

Councilmember Donelson asked if the application could be denied on different grounds than the first denial. Mr. Bolinger stated it could not.

Councilmember Murray stated the City Attorney's Office failed to defend the interests of City Council and he will be voting against it.

Councilmember Williams asked if the deadline to appeal has passed. Mr. Bolinger stated he is not sure when the deadline was, but there has been an agreement made with Vertical Bridge Development, LLC, that they not collect their costs and the City agreed to not appeal.

Councilmember Avila asked why City Council has to vote on this item if this is an Administrative decision. President Strand stated it was the recommendation of the City Attorney's Office.

Motion by President Strand, seconded by Councilmember Williams, that the CMRS development plan for Maizeland and Murray (2499 Avondale Drive), based upon the findings and declaration made by the United States District Court for the District of Colorado, pursuant to an Order Granting Plaintiff's Motion for Summary Judgment and Denying Defendant's Motion for Summary Judgment in the matter of Vertical Bridge Development, LLC v. City of Colorado Springs be approved. The motion passed by a vote of 5-4-0-0

President Strand introduced the Ordinance creating Section 122 (Pet Store Sales Prohibited) of Article 7 (Regulation of Animals - General Provision) of Chapter 6 (Neighborhood Vitality / Community Health) pertaining to the prohibition of sales and certain other transactions involving dogs or cats by pet stores and providing penalties for the violation thereof.

Amy Jesse, Public Policy Director, Puppy Mills, The Humane Society of the

United States, an overview of the benefits to the City, puppy mill to Pet City pipeline, Blue Ribbon Puppies (Odon, IN), presented USDA/state inspection photos of Blue Ribbon Puppies' breeders, Lorilee Thomas (Whiting, KS) and John Bontrager Jr (Dalton, WI). Ms. Jess went over the requirements of responsible breeders,

Citizen Julia Archer identified where residents will obtain their next pet, details of Canine Care Certified, lack of transparency, and the thriving pet store industry. She shared local success stories, online puppy sellers, and potential results of approving the proposed Ordinance.

Dustin Hayworth and Bree Maestas, owners of Pet City, identified why the proposed Ordinance is a bad idea, their history, who they are now, how they choose their breeders, photos of the Blue Ribbon facility, and the takeaway. Ms. Maestas stated the State of Colorado passed the Pet Animal Care Facility Act (PACFA) in 1984 dedicated to protecting the welfare of pet animals and HB21-1102 passed in 2021 holds pet stores to a higher level of transparency to consumers.

Councilmember Williams asked when the leases expire at the Citadel and Chapel Hills Mall. Ms. Maestas stated she has four years remaining on a ten-year lease in the Citadel Mall. Mr. Hayworth just negotiated a ten-year lease, but has not signed it yet.

Citizen Ashley Main, Abby Parrent, Francelle Moore, Douglas and Grace Fetag, Lauren Rombach, Pam Horton, Roland Halpern, Susan Repp, John Lieberman, Ellen Keslar, Vicky Allinger, Valerie Hunter-Goss, Bonnie Warnerowski, Susan Steritt, Christine Vercilino, Elizabeth Oreck, and Sanda Savatman, spoke in favor of the proposed Ordinance.

Citizens Judy Crouse Derek Johnson, Monica Piery, Debbie Maestes, Cynthia Hayworth, Justin Hays-Smith, Edward Lopez, Angelo Maestes, Jalene Davis, Jaime Wagner, Katrina Tafoya, Ken Brady, Michael Kenworthy, Molina Frank, Amy Carson, Ronnie Huddleson, Yence Larson, Lynn Gerber, Elizabeth Coulson, and Ayla Hever-Robertson spoke in opposition of the proposed Ordinance.

Ms. Jesse stated she is attempting to show the facts from the Colorado Department of Agriculture and federal and state agencies, there has been years of discussions regarding compromise with no success, and she

does not want to harm the relationship between the pet stores and rescue shelters.

Councilmember Henjum asked if the photos presented were within the last three years and from breeders used by the pet stores. Ms. Jesse confirmed they were with the exception of the Blue Ribbon collage photos which were connected to the broker they use.

Ms. Maestas stated they do more than they are asked to do and their inspection reports show that.

Councilmember Henjum stated it appears that the pet stores are making movement away from breeders which do not treat their dogs humanely so she does not understand why the relationship with the advocates is so contentious. Ms. Maestas stated they attempted mediation, but the proposition that they only buy their dogs from Colorado breeders would be very difficult because the breeders can make more money selling retail rather than wholesale. She stated another compromise discussed would be for them to purchase only from Canine Care breeders within the next two years which they are already working toward.

President Pro Tem Skorman stated he struggles with the notion of commercial breeding because of the what the life of the mother and father dogs would entail. Ms. Maestas explained that the standards of Canine Care breeders are six years old or six litters and then the dogs are re-homed which she feels is reasonable.

Councilmember Helms stated City Council has received notification that the American Kennel Club (AKC) and the Pet Industry Joint Advisory Council (PIJAC) does not support this Ordinance. Ms. Jesse stated the AKC is a pure bred dog registry organization and they have partnerships with pet stores because they make money from puppies who are registered with them and PIJAC is a national trade group for pet stores.

President Strand asked if the Ordinance passes if the pet stores will go out of business. Ms. Maestas confirmed they would because their stores are not designed to house older dogs, their employees are trained on training and socializing puppies, and sourcing puppies from non-profit shelters, they would not be permitted to make a profit on the sale of those puppies. She stated they have a very high rent being located in the mall and the sale

of supplies is very low.

Councilmember Williams recommended deleting the word "kept" from the definition of pet store. Councilmember Murray stated he believes it should remain.

Councilmember Williams stated this proposed Ordinance has nothing to do with lending, there are no restrictions on pricing or interest rates by sellers, it is not about transparency, puppy mills, conditions for dogs and cats, or commercial breeding, but it targets two brick and mortar businesses of the 126 sellers located in El Paso County. He stated requiring the stores to buy only from Colorado breeders is illegal under the Constitution's commerce laws and by targeting existing businesses, it would fall under the Constitution's Takings Clause.

President Pro Tem Skorman asked if pet stores agreed to get all of their pets from Canine Certified breeders if The Humane Society of the United States would still want the Ordinance in place. Ms. Jesse confirmed they would because there are issues with the Canine Care program.

Councilmember Murray stated by encouraging bulk sales, it encourages puppy mills which need to be stopped.

Councilmember Henjum stated she does not think this proposed Ordinance is the solution to tackle the problem of bad breeders.

Councilmember Williams amended the motion by changing the word "retail store" to "establishment", deleting the word "kept" from the definition of pet store, and include breeders with more than \$10,000 in annual revenue to the standards.

Motion by Councilmember Williams, seconded by President Pro Tem Skorman, that the Ordinance amending Section 102 (Definitions), section 120 (Roadside Sale of Animals Prohibited), and creating Section 122 (Pet Store Sales Prohibited) of Article 7 (Regulation of Animals – General Provision) of Chapter 6 (Neighborhood Vitality / Community Health) pertaining to the prohibition of sales and certain other transactions involving dogs or cats by pet stores and providing penalties for the violation thereof as amended by changing the word "retail store" to "establishment", deleting the word "kept" from the definition of pet store, and include breeders with more than \$10,000 in annual revenue to the standards be approved on first reading. The motion failed by a vote of 4-5-0-0

No: 5 - Avila, Donelson, Helms, O'Malley, and Strand

Councilmember Donelson stated he does not believe this proposed Ordinance would be effective in accomplishing the goal of the humane treatment of animals and that it would harm two local businesses.

Councilmember Avila stated the word kept should remain in the Ordinance because it protects where the puppies are kept or housed at night.

Councilmember Helms stated he believes this problem needs to be addressed at a federal level and does not support hurting a family-owned business who is trying to address some of these issues and do the right thing.

Councilmember Henjum asked what Pet City's commitment is to the community to not buy puppies from inhumane breeders. Mr. Hayworth stated their commitment is to continue to raise the quality of their breeders to ensure the best quality of pets coming into the City and the best model for that is through the Canine Cares program.

President Strand stated he has been waiting for three to four years to see movement in the right direction from the state and the owners of Pet City and has not seen it at all, this Ordinance does not affect interstate trade or the opportunity for these two businesses to continue.

Motion by Councilmember Murray, seconded by Councilmember Avila, that the Ordinance amending Section 102 (Definitions), section 120 (Roadside Sale of Animals Prohibited), and creating Section 122 (Pet Store Sales Prohibited) of Article 7 (Regulation of Animals – General Provision) of Chapter 6 (Neighborhood Vitality / Community Health) pertaining to the prohibition of sales and certain other transactions involving dogs or cats by pet stores and providing penalties for the violation thereof be approved on first reading.
