President Strand stated this item was removed from the Consent Calendar

due to the number of constituent responses received by City Council regarding it.

Peter Wysocki, Director, Planning and Community Development, introduced the Ordinance amending the zoning map pertaining to 8.83 acres located at 301 South Union Boulevard from PF (Public Facility) to OC (Office Complex) and the Concept Plan for development of 128 residential units and 17,900 square feet of commercial space. He stated staff does not have any comment or positions regarding the issues raised by the residents which have contacted City Council.

Wynetta Massey, City Attorney, reminded City Council that the items before them is subject to regular land use hearing criteria only.

Tasha Brackin, Senior Planner, Planning and Community Development provided a summary of the 301 South Union zone change and concept plan. She presented the vicinity map, general information, concept plan, PlanCOS context map, and staff recommendations.

Ryan Lloyd, Echo Architecture, identified the elements of the concept plan which is a unique mixed-used pedestrian oriented development that provides multiple diverse opportunities for housing as well as commercial uses.

Zack McComsey, Legacy Institute and Technical Manager of the Hillside Preparatory School, representing the property manager, spoke about their investments in the Hillside neighborhood, current allowed uses of the property, he stated the land has been vacant for approximately nine years and expressed their willingness to partner with multiple nonprofit organizations if they are in good standing.

Councilmember Avila requested additional information regarding transitional housing. Mr. McComsey stated it is working with families to provide resources for a few years to help them get back on their feet.

Councilmember Avila asked how many units are proposed for this project. Mr. Lloyd stated 64 multi-family units, 12 two-bedroom townhomes, 36 three-bedroom townhomes, 16 efficiency units, and 20 units in the transitional building.

Councilmember Henjum expressed support for the concept plan and zone change.

Citizens Kay Liggett and Mary Sprunger-Froese spoke in opposition of Ithaka Land being a partner in the project until after the Attorney General's ruling.

Councilmember Helms stated he envisions this concept plan will include a grocery store with will allow residents to live, work, eat, and play all in the same area.

Councilmember Williams disclosed that he was a former owner of this property as a member of the El Paso County Board of Commissioners.

Councilmember Williams stated he believes the proposed mixed-use development fits the purpose of PlanCOS.

Councilmember Helms inquired if the Development Plans will come before City Council. Mr. Wysocki stated they are reviewed Administratively unless a proposed use is a conditional use which would go before the Planning Commission.

Motion by Councilmember Williams, seconded by Councilmember Donelson, that the Ordinance amending the zoning map of the City of Colorado Springs pertaining to 8.83 acres located at 301 South Union Boulevard, from PF (Public Facility) to OC (Office Complex) be approved on first reading. Katelynn Wintz, Senior Planner, Planning and Community Development, provided a summary of the major amendment to the Banning Lewis Ranch (BLR) Master Plan. She presented the vicinity map, general information, context map, major master plan amendment, right-of-way vacation, Planned Unit Development (PUD) zone change, PUD concept plan, zone change, concept plan, PlanCOS conformance, and staff recommendations.

Rick Haering, LAI Design, representing the applicant, gave an overview of BLR, existing Villages, previous master plan revisions, Village A current master plan, Village A proposed master plan, Village A parks and open space, acreages of park land dedication, Village A current zoning plan, Village A proposed zoning plan, housing diversity and affordability, and a

case study of BLR Village 3.

Councilmember Donelson asked if consumer preferences are the small, clustered homes or the single-family detached homes. Mr. Haering stated the preference is the clustered style home due to the higher density, smaller lots, and lower prices.

Councilmember Donelson asked if senior citizens are included in the development. Mr. Haering stated the western half of BLR Village 3 is a private gated community for active adults which are fifty-five years or older.

Councilmember Murray asked if any of the proposed development includes affordable housing units. Mr. Haering stated most of the entry level home prices start at the low to mid \$300,000.

Councilmember Murray requested five percent of the homes be built as affordable housing units. Wynetta Massey, City Attorney, City Attorney's Office, stated unless there is a review criteria related to that condition, it cannot be imposed.

Scott Smith, Oakwood Homes, representing the developer, stated Oakwood Homes does their best to provide affordable and attainable housing, but with the increase of building costs over the past six months makes it very difficult at this time.

Councilmember Henjum stated she appreciates the diversity of homes but is concerned with changing to a lower density zone. Mr. Smith stated the original master plan was created in 1986, it was set at a very high density, BLR is currently set at approximately six single-family units per acre, and they will be building higher densities in the future.

Councilmember Henjum asked if the developer would consider using the tax credit to provide affordable housing. Mr. Smith stated there are many limitations with the use of the tax credit and how much capital can be used, but he will research it further.

President Strand asked if the recent State Regional Building Department (RBD) Code changes affected the cost of building a home. Mr. Smith stated they had a huge impact on the increase of cost especially in the energy requirements with very little benefit in overall energy cost savings.

President Strand asked if Staff has received any opposition to the project. Ms. Wintz stated there was one citizen comment received regarding the need for more diverse housing types in this area.

Councilmember Murray commented that there will need to be additional support of police and fire services for this area. Mr. Smith stated they will have a conversation regarding that.

Councilmember Avila stated she supports this project, but because the City is in a housing crisis, there needs to be more diversity and density of housing.

Councilmember Williams stated there is a huge need in the community for the homes in the price range being proposed.

Motion by Councilmember Williams, seconded by Councilmember Donelson, that the Resolution c resolution amending the Banning Lewis Ranch Master Plan, based upon the findings that the request meets the review criteria for granting a major master plan amendment, as set forth in City Code Section 7.5.408 be adopted.
