- Tax Schedule Numbers: 6421205004, 6421205011, 6421205002, & 6421205012
- Development Schedule: Fall/Winter 2024

See Dimensional Standards (On this Sheet) for Maximum Building Heights, Minimum Setbacks, Minimum Parking Requirements and Other Development Standards.

GENERAL NOTES

- The parties responsible for this plan have familiarized themselves with all current accessibility criteria and specifications and the proposed plan reflects all site elements required by the applicable ADA design standards and guidelines as published by the United States Department of Health, Education and Welfare, or their successors. Any accessibility requirements not stated or promulgated under or with respect to such laws, shall be the responsibility of the applicant.
- Redevelopment of the site to include on-site private Full Spectrum Detention, Stormwater Quality Treatment and Green Infrastructure. Ownership and maintenance to be by the individual lot owners, or an association created by owners. No directly adjacent channel improvements are required as part of this site development. All new and redevelopment projects are required to construct or participate in the funding of channel stabilization measures, Drainage Basin fees paid, at the time of platting go towards channel stabilization within the drainage basin.
- All public access points not being utilized or directly adjacent to the site.
- No existing storm infrastructure is located on or directly adjacent to the site.
- All public access points not being utilized or directly adjacent to the site.
- Property owners are responsible for the maintenance for shared common tracts, access drives, preservation areas, and landscape areas adjacent to their property.
- An approved development plan is required before any building permits may be issued within the PDZ district per section 7.2.703.
- Signage is not approved for this plan. A separate sign permit is required. Contact the Development Review Enterprise at 719-385-5982 to begin a sign permit application.
- The Mineral Estate Owner Notification Certification Affidavit was submitted and can be found in file LUP1-24-0004. The applicant (or property owner) has attested there are no separate mineral estate owners identified and no further action was taken.

- Accessory Dwelling Units (both integrated and detached) are not permitted within the boundaries of this development. Passive and Active Recreation Requirements, UDC Section 7.4.906.B.1a(1), shall be accommodated campus-wide rather than by each parcel. Each Development Plan submitted shall note the required area by the development to be accommodated.
 - School and Park Fees shall be provided at the time of building permit in lieu of bond dedication.
- ### PDZ Benefit Categories
- Per Unified Development Code Section 7.2.705, the proposed PDZ District will incorporate the following required Community Amenities or Benefits: (B) Community Benefits and (C) Mix of Housing Types.

Planned Community Amenities: A public outdoor community space is planned for Area 1 and an indoor community gathering space is planned in Area 3 (per this Land Use Plan). The combined area of these community amenities shall be at least 15% of the campus total area, or 29,272 sq. ft. The outdoor gathering space will feature adaptable seating, landscaping, and public art that meets the criteria outlined in the Public Art Master Plan as reviewed by the Public Arts Commission in Area 1 (per this Land Use Plan). The outdoor community space will have a permanent area of at least 10,000 sq. ft. and is flexible up to 30,000 sq. ft. The indoor community space in Area 3, with a minimum area of 3,000 sq. ft., is designed to accommodate public gatherings and will feature flexible seating and table arrangements, as well as audio-visual capabilities.

Mix of Housing Types: Within the urban context of the proposed development, housing unit types shall provide a continuum of affordability options from transitional to market rate options. Each housing building will vary in quantity of units. As currently conceptualized, the three distinct buildings and market segments are as follows:

- Mary's Home 2 is planned for residents with income levels below 30% Area Median Income (AMI). The unit mix is planned for 14 one-bedroom units; 14 two-bedroom units; and 2 three-bedroom units.
- Home at Lakeside is planned for residents with income levels between 30% and 70% AMI. The unit mix is planned for 41 one-bedroom units and 32 two-bedroom units.
- The Mixed-Use building in Area 3 is planned for residents with income levels over 70% AMI and is in concept to include 50 studio units; 50 one-bedroom units; 50 two-bedroom units; and 7 units with three or more bedrooms.
