---

Mental Health Crisis Planning  
Health Information Exchange  
Regional Care Collaborative for Medicaid  
Coordinated Access to Community Health

# Mental Health

---

## Mental Health Summits 2012, 2013, 2016

Gaps in Care

Crisis Services Planning

Community Detox

# Technology with Purpose

---

- Health Information Exchange Demonstration Project
  - Bi-directional from ambulatory to acute
  - Working with CORHIO
- Population Health
  - Data analytics using clinical and claims data

# To be successful, we must own and mine our data!

---

- Understand the needs of the community
- Create longitudinal patient medical records
- Providers use records to improve care, communicate care plans, and integrate systems
- Appropriate agencies have access to de-identified population-based data to manage population health

# Colorado's Accountable Care Collaborative

---

- Serves 958,000 Coloradans—155,000 in Pikes Peak Region
- 24% of the total population
- \$29-\$33 million net savings in 2014
- Seven Regions

# ACC Goals

---

- Improve Health
- Pay for Value
- Celebrate Regional Differences
- Integrate Medical, Behavioral, and Social Services at the Local Level

# Working Together for Change

---

- Distributed \$8.5 million to local Medicaid providers
- Established Pay-for-Performance programs
- Innovating in behavioral and medical health care integration
- Supporting providers in medical home & medical neighborhood implementation

CATCH

---

## *Coordinated Access to Community Health*

- Maintaining access to services for uninsured residents
- Adapting the program in response to ACA impacts

# Doing What's Best for Our Community

---

- Bringing our coalition's voice to:
  - RBA, SIM, Governor's Office, CO Network of Health Alliances,  
National Health Policy Forum
- Providing leadership in local and state initiatives
- Fostering collaboration among CHP members
