[04-14-2026 CC March 2026 Rate Case Presentation](#)

Chris Bidlack, Senior Attorney, Colorado Springs Utilities (CSU) Division, presented the 2026 CSU Rate Case Hearing agenda and read the Colorado Springs Utilities rate setting standards and the quasi-judicial role of City Council. Mr. Bidlack polled Council concerning whether any members had received any ex parte communications. There were no ex parte communications disclosed.

Scott Shirola, Pricing and Rates Manager, CSU, gave an overview of the 2026 rate case Resolution setting natural gas rates within the service areas of CSU. He provided an overview of the procedural compliance, timeline, 2025 rate case filing, Distribution Integrity Management Program (DIMP) Acceleration background, DIMP Acceleration Plan, cost recovery, Natural Gas Integrity Federal Compliance Charge, sample bill impacts,

Front Range bill comparison, customer outreach, and customer assistance.

Natalie Lovell, City Auditor, stated they had no concerns around the methodology, or the accuracy of the rate case.

Councilmember Henjum requested that the reason for this rate increase be explained in this public hearing given that they voted for a decrease related to gas in their last City Council meeting and that the differences can be confusing. Travas Deal, Chief Executive Officer, stated gas distribution is a commodity which has volatility to cause unsafe conditions and Federal Emergency Management Agency (FEMA) regulation is requiring them to replace the bare steel pipes which corrodes underground with plastic.

Mr. Bidlack polled City Council regarding whether Utilities should establish the Natural Gas Integrity Federal Compliance Charge in the Natural Gas rate Schedule to recover accelerated Distribution Integrity Management Program costs as proposed. Consensus of Council agreed to the issue for decision.
