

Comments to the Neighbors

1. As far as traffic goes. I will control it by having staggered drop offs. And I will enforce a 3 minute pick up and drop off rule. My customers do not speed through our neighborhoods.
2. As far as increased noise. We wait until 10am to go outside and we spend an hour outside and sometimes an hour in the afternoons from 2-3pm depending on weather.
3. Years ago I never increased my license.
4. I do follow District 20's calendar all my clients are teachers. But I do also have two children of my own, 9 year old and 14 year old that live here and play outside over the summer.
