Councilmember Knight asked if there are residency requirements for the board members. Ms. Congdon stated there are not specific residency requirements and reviewed the membership roster. Councilmember Knight expressed concern about the commission receiving public property on behalf of the City if they are not citizens of the City and about defining a quorum as consisting of less than the majority of the group setting an undesirable precedence for boards and commissions appointed by Council.

Councilmember Knight requested language be included in the documents to protect the City from art work considered undesirable or offensive to the public. Ms. Congdon stated giving the museum sexton control of the selected artwork allows the City to maintain control of the artwork accepted and displayed.

Mr. Strand stated they will reconsider the quorum requirements prior to the next meeting. He believes the commission will be conservative in the selection of artwork donations.

Council President Bennett requested a requirement be added that the majority of the committee members reside within the City limits and the remainder live within El Paso County. Ms. Congdon asked if this would be an immediate change. Mr. Bennett stated this change can be phased in as new board members are appointed.

Danielle Lack, Human Resources Manager, presented the proposed update to the City's Policies and Procedures Manual, highlighting the policy changes.

Councilmember Knight stated he has requested additional information on the impact of the definition of 'hours worked' to exclude vacation time as it relates to the calculation of overtime. He would like to see figures on the financial impact of this change to the City, civilian staff and sworn staff. He also expressed concern about the City making a change to the FLSA cycle for Sworn Fire Department employees. He suggested Council hold those two items in abeyance until further investigation is

completed and the results of that investigation are provided to Council.

Tracy Lessig with the City Attorney's Office stated the position of the City Attorney's Office is to accept the changes by motion or reject the proposed changes, allowing the Mayor to resubmit the same proposal or make changes. She is requesting this item not be split based on the requirements of the City Charter.

Mr. Greene stated staff is willing to withdraw the FLSA piece and return to Council with changes, if merited, after the investigation into this is complete. He requested Council approve the overtime portion of the proposal.

Mike Sullivan, Human Resources Director, stated they are willing to withdraw this item only as it relates to changing the FLSA period from 27 to 18 and 27 to 9 and would like to keep the overtime consideration in the proposal. Mr. Sullivan stated they will return to Council before December 15, 2016 with additional info on the FLSA.

Councilmember King asked if the overtime calculation change applies to sworn and civilian employees and if the City has a quota for hiring minorities. Mr. Sullivan stated the overtime calculation applies to all non-exempt employees, both civilian and sworn. The City is not required to participate in an Affirmative Action Plan, so there are no quotas to be met.

Councilmember Murray asked how much money is involved in the implementation of the overtime calculation changes based on the 2016 figures. Mr. Sullivan stated this could save the City about \$500,000.

Councilmember Murray asked if any City employees work mandatory overtime. Mr. Sullivan stated there is mandatory overtime in both the sworn and civilian environments.
