Ethan Shafer, Urban Planner II, City Planning Department, presented the Ordinance vacating a portion of public right-of-way known as Holly Avenue and First Street consisting of approximately 2.13 acres located northwest of the intersection at First Street and Lake Avenue. He provided an overview of the vicinity map, applications, project summary, site plan, plat notes, timeline of review, stakeholder involvement, agency review, PlanCOS compliance, application review criteria, and City Council optional motions. Mr. Shafer stated due to some minor changes to the plat language and Section 2 of the Ordinance after the first reading, this Ordinance will require a third reading.

Chris Lieber, Principal, NES, representing the applicant, identified the site location, application request, purpose, Use Variance - City Code Section

7.5.527.E, site history, 2004 Memorandum, neighborhood concerns, and neighborhood protections.

Councilmember Donelson asked if the World Figure Skating Museum is in support of this project. Mr. Lieber confirmed they received written confirmation of support from the World Figure Skating Museum.

Councilmember Donelson asked what guarantees the citizens have that the physical barrier would not be removed at a future date. Mr. Leinweber stated that the note specifically prohibits any future access points and the 2004 Memorandum identifies the barrier and the commitment.

Councilmember Leinweber asked if a gate could be added to 1st Street to control the entry into this area. Mr. Lieber stated The Broadmoor originally used "No Parking" signs to control access, but it was determined that a vacation of the right-of-way was the best option and there are no plans to install a gate at this time.

Councilmember Rainey asked if the attendees/guests of the hotel or events at The Broadmoor will still be able to park in that area. Mr. Leinweber confirmed they would.

Councilmember Henjum asked how the parking will be managed. Jack Damioli, President and Chief Executive Officer, The Broadmoor, stated this vacation request came about as a result of a City violation notice due to the "No Parking" signs on 1st Street.

Councilmember Henjum asked how they will handle vehicles which are parked improperly. Mr. Damioli stated they would notice them to give them ample opportunity to move their vehicle and during large events, such as the Space Symposium, they would have people directing traffic for parking.

There were no public comments in support of the project.

Citizen Roger Matthews spoke about his concerns with how people will park during large events.

Motion by Councilmember Bailey, seconded by Councilmember Leinweber, that the Ordinance No. 25-68 vacating a portion of public right-of-way known as Holly Avenue and First Street consisting of approximately 2.13 acres located northwest of the intersection at First

Street and Lake Avenue be approved on first reading. The motion passed by a vote of 9-0-0-0

- 9.B.** [25-377](#) An Ordinance Amending Ordinance No. 25-31, Section 5 (Appointing Natalie Lovell As City Auditor And Prescribing Her Duties, Compensation, and Tenure In Office, And Superseding And Repealing All Prior Ordinances Inconsistent With The Provisions Of This Ordinance), And Removing The Requirement Of Certification As A Colorado Certified Public Accountant For The Position Of City Auditor.

Presenter:

Myra Romero, Chief Human Resources and Risk Officer
Lynette Crow-Iverson, City Council President

Attachments: [25-377 Amended City Auditor Ordinance \(Lovell\)](#)

Myra Romero, Chief Human Resources and Risk Officer, presented the Ordinance removing the requirement of certification as a Colorado Certified Public Accountant (CPA) for the position of City Auditor.

Councilmember Leinweber asked when the CPA requirement was put into place. Ms. Romero stated 2014.

Councilmember Leinweber asked if the role of City Auditor and the office have changed and grown over time. Ms. Romero confirmed they have and the City Auditor would not be completing audits themselves, they would be overseeing the staff or third party individuals who would be completing the audits.

Councilmember Bailey stated the qualifications for a specific job should be codified in a job description with the ability for the hiring authority to change and alter position descriptions and requirements. Ms. Romero stated they make recommendations based on looking at the benchmarks and what other organizations are doing to be in line with the industry.

Councilmember Bailey stated he supports the recommendation that there is no need for a CPA certification for this position.

Councilmember Donelson asked if the recommendation to remove the CPA certification requirement brought forward by Natalie Lovell, City Auditor. Ms. Romero stated it was brought to her by the City Auditor on behalf of City Council leadership.

Councilmember Henjum provided an overview of the requirements for role of City Auditor as defined by the Association of Local Government Auditors

(ALGA), Institute of Internal Auditors, and the Government Accountability Office and made a motion to amend the Ordinance to require that the City Auditor obtain a Certified Internal Auditor (CIA) certificate within two years of their hire date and remove the CPA requirement.

Councilmember Donelson stated he was told by another Councilmember that Ms. Lovell told him that she had previously taken and failed the CPA certification exam which she had not revealed to City Council and the Human Resources Department when she was advocating to have the CPA certification requirement removed. He stated this brings her integrity into question, she was hired based on the condition that she would acquire her CPA certification within two years, he does not support her request to remove the CPA certification requirement and made a motion to table this item and give this item to an impartial selected committee for evaluation.

Councilmember Rainey stated he shares the same concerns as Councilmember Donelson and does not believe they should remove a requirement at the dias without doing due diligence on behalf of the City that is haphazard and that it should be tabled until City Council is sure of the direction they should take.

Councilmember Rainey asked if the amended Ordinance is passed if it would required another reading. Ben Bolinger, Legislative Counsel, City Attorney's Office, confirmed it would because it is a substantive amendment to the original Ordinance.

Councilmember Bailey stated the implication that City Council has not performed its due diligence and needs more time seems to be a tactic used only when a vote or decision does not go the way that they agree with. He stated City Council has had the information for quite some time, they voted two weeks ago to move forward with the original Ordinance, adding a different certification is a Human Resource and hiring manager issue, and he supports the job Ms. Lovell has been doing since she was hired. Councilmember Bailey stated he finds it disturbing that a person's character is being questioned by society and anonymous individuals sending in emails and letters.

Councilmember Henjum stated by Councilmember Donelson identifying that Ms. Lovell previously failed the CPA exam, he is assigning intention to a behavior. She stated Ms. Lovell took the CPA in 2011, she missed passing by two questions, and because it happened so long ago, it may not have occurred to her to bring it up, they should not assume she is withholding information, and it was her recommendation for her to obtain a CIA.

Councilmember Leinweber stated he believes good leadership stands up to look at if the requirements are right for a position, his was also evaluated by the Human Resources Department, he voted to hire Ms. Lovell because of the leadership needed for the Auditor's Office, and eighty percent of the job is compliance issues, not CPA matters.

Ms. Lovell stated she did sit for the CPA exam sometime between 2011 to 2012 timeframe right before shifting her career to project management, she was not trying to hide that fact, she was focused on what was relevant today, and in lieu of the CPA, she has offered to acquire the CIA. She stated she does not walk away from challenges, she reassesses when it is the right business decision, and puts focus on the greatest impact of doing her job as City Auditor.

Motion by Councilmember Henjum, seconded by Councilmember Leinweber, to amend the Ordinance No. 25-69 amending Ordinance No. 25-31, Section 5 (Appointing Natalie Lovell as City Auditor and prescribing her duties, compensation, and tenure in office, and superseding and repealing all prior Ordinances inconsistent with the provisions of this Ordinance), removing the requirement of certification as a Colorado Certified Public Accountant for the position of City Auditor and add a requirement that the City Auditor acquire the Certified Internal Auditor (CIA) credential within two years of their original appointment date. The motion passed by a vote of 5-4-0-0

Aye: 5 - Crow-Iverson, Gold, Henjum, Leinweber, and Risley

No: 4 - Bailey, Donelson, Rainey Jr., and Williams
