RE: Colorado Springs Health Foundation Trustee Reappointments

Mayor Suthers,

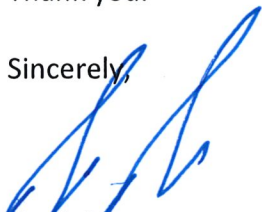

I write regarding the reappointment of three current trustees: Martha Barton, Mary Coleman, and myself. Martha completes her second three-year term on 12/31/22. Mary Coleman and I complete our first terms on 12/31/22. Each of us would be honored to serve another term.

This morning the Foundation Board voted unanimously to recommend that each of us be considered for nomination to another term (Note: The three trustees of interest recused ourselves for this discussion and vote). The Board recognizes that it is within your authority to nominate Foundation trustees to City Council, yet we wanted you to know the Board's full confidence in the governance and leadership capabilities of Martha, Mary and myself.

Please let us know if you have any questions or require any additional information as you consider the nominating process.

Thank you.

Sincerely,

Jim Johnson  
Board Chair
