No advisory boards have yet been appointed to date.

3. BOUNDARIES, INCLUSIONS AND EXCLUSIONS

The District map is depicted in **EXHIBIT C**. The District does not anticipate inclusion or exclusion requests in the coming year.

4. PUBLIC IMPROVEMENTS

The District will be primarily concerned with the provision of public improvements and

services within the boundaries of the District; however, there may be instances to provide improvements or services outside of the boundaries of the District. The District shall have the authority to provide these improvements and services, but the revenue-raising powers of the District to recoup the costs of extraterritorial improvements and services shall be as limited by state law.

The Public Improvements that the District anticipates it will construct, install or cause to be constructed and installed, include those Public Improvements the costs of which may, in accordance with the Business Improvement District Act, Section 31-25-1201, *et seq.*, C.R.S., lawfully be paid for by the District, including, without limitation, water services, safety protection devices, sanitation services, marketing, streetscape improvements, street improvements, curbs, gutters, culverts, drainage facilities, sidewalks, parking facilities, paving, lighting, grading, landscaping and storm and wastewater management facilities and associated land acquisition and remediation.

5. ADMINISTRATION, OPERATIONS, SERVICES AND MAINTENANCE

The District provides for ownership, operation, and maintenance of District facilities as activities of the District itself or by contract with other units of government or the private sector.

6. FINANCIAL PLAN AND BUDGET

A. 2025 Budget. The 2025 Budget for the District is attached as **EXHIBIT B**.

B. Authorized Indebtedness. At an election held on November 4, 2008, the District's electors authorized the issuance of indebtedness in an amount not to exceed \$5,000,000 for water, \$20,000,000 for streets, \$5,000,000 for sanitation, \$5,000,000 for park and recreation, and \$20,000,000 for refunding of debt. The voters also approved an annual increase in taxes of \$150,000 annually, at a mill levy rate not to exceed one mill for operations and maintenance. The election also allows the District to retain all revenues without regard to the limitations contained in Article X, Section 20 of the Colorado constitution. As set forth in the District's 2009 Operating Plan, the City has limited the amount of debt to be issued to a total of \$20,000,000 in the authorized voted categories. This maximum debt authorization amount shall not be exceeded without express prior approval by the City.

C. Maximum Debt and Operating Mill Levies. The mill levy limitations in the original Operating Plan remain unchanged. The Maximum Debt Mill Levy is fifty (50) mills. The Maximum Operating Mill Levy is one (1) mill. The mill levy caps set forth in this paragraph may be subject to upward or downward adjustments addressing any Mill Levy Adjustment or any abatement occurring after, but not before January 1, 2008. Such upward or downward adjustments are to be determined by the Board of Directors in good faith (such determination to be binding and final) so that to the extent possible, the actual tax revenue generated by the mill levy, as adjusted for changes occurring after January 1, 2008, are neither diminished nor enhanced as a result of such changes.

The Series 2011 Bonds were issued pursuant to an authorizing resolution originally adopted by the Board of Directors of the District at a meeting held on August 25, 2010, and re-adopted at a meeting of the Board of Directors of the District held on December 1, 2010, as supplemented by a Sale Certificate executed and delivered by the President of the District. The Series 2015 PIF Bonds were issued pursuant to an authorizing resolution originally adopted by the Board of Directors of the District at a meeting held on December 3, 2014, and Certification of Resolution adopted on December 3, 2014, as supplemented by a Sale Certificate executed and delivered by the President of the District. As required by the District's 2015 Operating Plan, the issuance of the Series 2015 PIF Bonds was approved by Resolution 35-15 of the City Council.

In 2022, the District issued its Series 2022 Public Improvement Fee Revenue Bond in the principal amount of \$6,700,000 with an interest rate of 6.5% and its Series 2022 Limited Tax General Obligation Bond in the principal amount of \$3,941,000 with an interest rate of 6.5%, which issuances were approved by Resolution No. 160-22 of the City Council.

The District and Barnes & First & Main, LLC entered into a Facilities Funding and Reimbursement Agreement, effective February 22, 2017. Simple interest accrues at a rate of 8% per annum from the date of expenditure through the date of repayment. It is anticipated that at the end of 2024 the District will have a total outstanding developer advance in the amount of \$9,978,415.

Any Developer Funding Agreements entered into by the District after January 1, 2023 shall be limited to a term of no greater than twenty (20) years, from the time of the first such agreement, after which time any remaining balances must be either converted to Debt or shall no longer be considered an obligation of the District. The Interest Rate on any new Developer Funding Agreements entered into after January 1, 2023 shall not exceed the Index Rate plus 400 basis points, and interest shall only accrue on the principal balance.

H. *Other Financial Obligations.* The District entered into an Intergovernmental Agreement in 2014 with First and Main Business Improvement District. The intergovernmental revenue represents transfers from First and Main Business Improvement District to provide funding for the overall administrative and operating costs for both Districts.

I. *City Charter Limitations.* In accordance with 7-100 of the City Charter, the District shall not issue any Debt instrument for any purpose other than construction of capital improvements with a public purpose necessary for development. The faith and credit of the City will not be pledged for the repayment of the debt of the District. This will be clearly stated on all offering circulars, prospectus, or disclosure statements associated with any securities issued by the District.

N. *Land Development Entitlements.* The District shall not issue Debt, enter into any other Long Term Financial Obligation or certify a Debt Mill Levy unless a Land Development Entitlement has been approved for the Property.

7. MUNICIPAL OVERSIGHT OF DISTRICT ACTIVITIES

**FIRST & MAIN BUSINESS IMPROVEMENT DISTRICT NO. 2
2025 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Services Provided

The District was organized by Ordinance of the City of Colorado Springs on September 23, 2008, to provide the financing, acquisition, construction, completion, installation, replacement and/or operation and maintenance of all of the services and public improvements allowed under Colorado law for business improvement districts. Specific improvements and services provided by the District include water, sanitation, street, storm, park and recreation, and the operation and maintenance of the District. The District's service area is located entirely within the City of Colorado Springs, El Paso County, Colorado.

On November 4, 2008, the District's electors authorized the issuance of indebtedness in an amount not to exceed \$5,000,000 for water, \$20,000,000 for streets, \$5,000,000 for sanitation, \$5,000,000 for park and recreation, and \$20,000,000 for refunding of debt. The voters also approved an annual increase in taxes of \$150,000 annually, at a mill levy rate not to exceed one mill for operations and maintenance. The election also allows the District to retain all revenues without regard to the limitations contained within Article X, Section 20 of the Colorado constitution. As set forth in the District's 2009 operating plan, the City has limited the amount of debt to be issued to a total of \$20,000,000 in the authorized voted categories, without further approval by the City.

The District has no employees and all administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those difference may be material.

Revenues (continued)

Property Taxes (continued)

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.
