CITIZEN PARTICIPATION PLAN

INTRODUCTION

The Citizen Participation Plan (“the Plan”) sets forth the City’s policies and procedures by which it encourages local citizens to participate and comment on various housing and community development activities funded through federally funded programs. The programs include the Community Development Block Grant Program (CDBG), the HOME Investment Partnerships Program (HOME), and the Emergency Solutions Grant Program (ESG).

The primary purpose of these programs is to improve communities by providing decent housing; a suitable living environment; and growing economic opportunities. All activities principally benefit low- and moderate-income people. An area is defined as a predominantly low- and moderate-income when, at a minimum, 51% of the residents of the census tract have income that do not exceed 80% of the area median income (AMI) as approved by the federal government.

The Plan was prepared in accordance with Section 104(a) of the Housing and Community Development Act of 1974, as amended. The 24 CFR 91.105 federal regulations outline the “citizen participation” requirements. This document has been established in order for the City of Colorado Springs to be in conformance with the requirements of the regulations.

The Citizen Participation Plan relates to several stages of action mentioned in law or regulation. In general, these stages or events include:

- Identification of housing and community development needs;
- Preparation of the draft use of funds for the upcoming year, known as the proposed Annual Action Plan; or the development of the new five-year Consolidated Plan;
- Formal approval by City Council of a final Annual Action Plan, or new five-year Consolidated Plan;
- Occasional necessary changes to the use of budgeted funds in an Annual Action Plan; or change to the priorities established in the five-year Consolidated Plan. If the necessary changes meet the substantial change definition, a formal Substantial Amendment will be published for citizen input and acted upon by City Council; and
- Annual Performance Evaluation Report to HUD at program year completion drafted for public review and comment.

ENCOURAGING PUBLIC PARTICIPATION

The Plan provides for and encourages citizens to participate in the development of the Consolidated Plan and Annual Action Plan, any substantial amendments to the Consolidated or Annual Action Plans, and the performance report. The City strives to exceed the minimum requirements set forth in regulation by consulting with stakeholders throughout the planning process as well as hosting required public hearings. Citizen Participation activities are documented in the Annual Action Plan. In summary, this Plan;

- Provides for and encourages citizen participation with particular emphasis on participation by persons who are residents of slum and blighted areas, and/or in low- and moderate-income neighborhoods or targeted revitalization areas as defined by the City;
- Provides for and encourages citizen participation by people with disabilities, including providing a copy of the Plan in a format accessible to people with disabilities, upon request;
- Provides for and encourages citizen participation by all City citizens, including minorities and non-English speaking persons, and identifies how the needs of non-English speaking residents will be met in the case of public hearings where non-English speaking residents can be reasonably expected to participate;
- Provides citizens with reasonable and timely notification and access to local meetings, information, and records relating to the City's proposed and actual use of federal Community Development Block Grant, HOME Investment Partnerships funds and Emergency Solutions Grant funds;
- Provides for technical assistance to groups and organizations representing persons of low- and moderate-income that request such assistance in developing proposals with the level and type of assistance to be determined by the City;
- Provides for public hearings to obtain citizen views and respond to proposals.
- The public hearings shall be held after adequate notice, at times and locations convenient to potential or actual beneficiaries, and with accommodations for people with disabilities. The process includes at least one public hearing for the identification of needs and one public meeting to review proposed activities;
- Provides for digital platforms for citizens to use to read and respond to proposals and drafts. Digital copies of proposals, virtual meetings, and other online engagement tools shall be shared with adequate notice at times convenient to potential or actual beneficiaries;
- Provides for review of the programs' annual performance;

- Provides for a timely written response to written complaints and grievances where applicable;
- Staff will consult via direct mailings and other contact with local and regional organizations, assisted housing providers, public housing agencies, social service agencies, and advocacy groups, as well as their beneficiaries, to encourage further participation.

PUBLIC HEARINGS

The City's Housing and Homelessness Response Department will, at a minimum, convene two public hearings to be conducted at a minimum of two different stages of the program year 24 CFR 91.105 (e)(ii).

First Public Hearing

The first public hearing will be held prior to the development of the five-year Consolidated Plan and/or Annual Action Plan for the purpose of soliciting public comment on the affordable housing and community development needs in the City, and to provide citizens important program information as part of the planning process for the coming program year or years. At the first public hearing the following information will be made available:

- Accomplishments of the previous program year;
- Discussion of housing and community development needs;
- The estimated amount of HUD entitlement grant, program income, and other funds that are reasonably expected to be available during the program year;
- The estimated amount of those funds to be used for activities that will benefit low- and moderate-income persons;
- A description of CDBG, HOME and ESG activities likely to result in displacement, plans for minimizing such displacement, and the type and level of assistance that will be made available to persons displaced.
- The development of proposed activities and range of eligible activities that may be undertaken with CDBG, HOME and ESG funds;

Second Public Hearing

The second public hearing will be conducted during the 30-day comment period to gather comments on the proposed plan and to respond to proposals and questions not discussed in the first public hearing. Together, the hearings at minimum must address housing and community development needs, development of proposed activities, proposed strategies and actions for affirmatively furthering fair housing, and a review of program performance 24 CFR 91.105 (e).

If non-English speaking or hard of hearing residents request assistance to participate in a public hearing, the City will make arrangements to have an interpreter present given reasonable advanced notice. Instructions for making such request will be outlined in the public notice. See the ACCESSIBILITY section for more details.

In addition, the City may hold additional public meetings in various neighborhoods throughout Colorado Springs, and with local and regional organizations, assisted housing providers, public housing agencies, social service agencies, and advocacy groups for the same purpose.

PUBLIC COMMENT PERIODS

A period of no less than thirty (30) calendar days will be made available for public review and comment for the Consolidated Plan, Annual Action Plan, and the Citizen Participation Plan and any Substantial Amendments to these aforementioned plans. The City shall make the Consolidated Annual Performance and Evaluation Report available for public comment for a minimum of fifteen (15) calendar days prior to finalization by City staff. The Analysis of Impediments to Fair Housing Choice does not require a public comment period.

These meetings will be open to the public and advertised with full and timely notice through local channels such as email, direct mail, social media, newsletters, and posted on the City's website at www.coloradosprings.gov/communitydevelopment, but are not required to meet the Public Notice requirements for publication in a newspaper of general circulation.

ACCESSIBILITY

Limited English Proficiency

The City of Colorado Springs follows its Title VI Language Access Plan. The plan provides for oral and written language access services to persons with Limited English Proficiency (LEP) to communicate effectively with staff and receive meaningful access to and an equal opportunity to participate fully in the activities or other programs administered by the City of Colorado Springs.

The City provides language access services at no charge to individuals with Limited English Proficiency (LEP) who wish to utilize programs, services, or activities offered by the City. These services may include interpreters and translation of documents. Language access assistance can be requested by contacting the City's Office of Accessibility at (719) 385-5175, via Relay Colorado (Deaf and Hard of Hearing Citizens): call 7-1-1, by email at TitleVICompliance@coloradosprings.gov, or online at <https://coloradosprings.gov/TitleVILanguageAccess>.

In keeping with the City's Title VI Language Access Plan, the Housing and Homelessness Response Department (HHR) maintains a department-specific Language Access Plan (LAP) to provide language assistance services for community members seeking access to HHR's programs and services. This is adopted in compliance with 24 CFR Part 1, Nondiscrimination in Federally-Assisted Programs of the Department of Housing and Urban Development, Effectuation of Title VI of the Civil Rights Act of 1964.

Current Census data indicates that Spanish is the most commonly spoken language other than English in the Colorado Springs area. To ensure access to planning efforts, HHR publishes Public Notices in both English and Spanish. Other vital documents are available in translation upon request or as identified in the Language Access Plan.

As part of an ongoing commitment to bridging gaps in communication with LEP persons, HHR will carry out the following activities:

1. Update Census language data as it becomes available;

2. Regularly review perceived LEP needs with eligible and potentially eligible citizens in our community;
3. As opportunities arise, coordinate programs with community agencies serving LEP persons;
4. Document language assistance requests.

Accommodations for Residents with Disabilities

To ensure that individuals with disabilities have reasonable opportunities for involvement in Housing and Homelessness Response activities, the City will take the following steps:

1. Post all communications through a variety of accessible formats – email, web postings, fliers, meetings, formal hearings, etc.
2. Hold all formal Public Hearings in accessible locations and venues with auxiliary hearing aids and services for the hearing impaired. When requested, the City will provide sign language interpreters.

PLAN APPROVAL

The draft five-year Consolidated Plan and/or Annual Action Plan will be presented to City Council for approval before it is submitted to HUD.

PERFORMANCE REPORTS

The City of Colorado Springs will prepare a performance report for submission to HUD on an annual basis which is due within ninety (90) days of the close of the program year. Before the Consolidated Annual Performance and Evaluation Report (CAPER) is submitted to HUD, it will be made available for public review during a comment period of no less than 15 days 24 CFR 91.105 (d). Citizens will be notified of the CAPER's availability through notification in a newspaper of general circulation. The notification will be published on the day the CAPER comment period begins. Comments will be considered from individuals and/or organizations received in writing. A summary of the written comments and a summary of those not accepted and the reasons therefore, will be included in the final CAPER document submitted to HUD.

CONSOLIDATED PLAN AND ANNUAL ACTION PLAN AMENDMENTS

The final Consolidated Plan and/or Annual Action Plan will be amended any time there is a change in one of the priorities presented on the HUD required Priority Table; a change in the use of money to an activity not mentioned in the final Consolidated Plan and/or Annual Action Plan; or a change in the purpose, location, scope, or beneficiaries of an activity.

Substantial Amendments

Substantial amendment means changes made in terms of purpose, scope, location, or beneficiaries as set forth in 24 C.F.R. § 91.505. Any substantial amendment must be approved by City Council at a public hearing. It will then be submitted to HUD for informational purposes. In addition, public notice of any substantial change will be published in a newspaper of general circulation and citizens will be given 30 days to comment on the change(s). A summary of the written comments and a summary of those not accepted and the reasons therefore, will be included in the final document submitted to HUD. The following changes are considered substantial amendments:

1. Changes in funding by at least 20% of the amount allocated to the City's entitlement grant programs.
2. Changes in projects proposed, beneficiaries or persons served.
3. The proposed amendment deletes a project described in the Consolidated Plan.
4. The proposed amendment adds a project not described in the Consolidation Plan.

Eligible projects are allowable uses of the three federal funds (CDBG, ESG, and HOME) covered by the Citizen Participation Plan as defined in the Code of Federal Regulations Title 24 Part 570.201 of the Department of Housing and Urban Development.

Non-substantial Amendments

The HUD Programs Manager will approve any proposed amendment to the approved Consolidated Plan or Annual Action Plan that does not meet the above definition of a substantial amendment. No public notifications, public hearings, and public body approvals are required. A record of the transaction will be included in the budget file. Any change that comes about as a result of a disaster declared by either the Mayor or the Governor shall be included and notice of the change will be given to the public. However, in this case, the 30-day comment period is not applicable.

CITIZEN PARTICIPATION PLAN AMENDMENT PROCESS

Substantial amendments to the Citizen Participation Plan shall be made only after the public has been notified of the City's intent to amend the Plan as per 24 CFR 91.105 (a)(3). The public notice of the City's intent to substantially amend the Plan shall be published no less than

fifteen (15) days prior to a 30-day public comment and review period. The City may publish its intent to substantially amend along with the proposed dates for the 30-day public comment and review period in a single public notice.

The Final Rule provides equitable levels of service to people with disabilities. Local governments are responsible for:

The level and type of necessary assistance will be determined by the City. If necessary, assistance will be provided by specialists selected by the City.

All written correspondence requesting technical assistance should be addressed to the Housing and Homelessness Response Department. All requests should specify the name of the group or organization, a contact person, the nature of technical assistance requested, immediate problems and the reason for the request.

RESIDENTIAL ANTI-DISPLACEMENT & RELOCATION ASSISTANCE PLAN

Adapted from Appendix 34 HUD URA Handbook 1378 CHG-11

This Residential Anti-displacement and Relocation Assistance Plan (RARAP) is adopted by the City of Colorado Springs, Colorado, Housing and Homelessness Response Department (HHR), in accordance with the Housing and Community Development Act of 1974, as amended; and HUD regulations at 24 CFR 42.325 and is applicable to CDBG and/or HOME-assisted projects.

Minimize Displacement

Consistent with the goals and objectives of activities assisted under the Act, HHR will take the following steps to minimize the direct and indirect displacement of persons from their homes:

- ☐ Provide technical assistance to subrecipients in order to ensure compliance with URA and Section 104(d) requirements.
- ☐ Require subrecipients to stage rehabilitation of apartment units to allow tenants to remain in the building/complex during and after the rehabilitation, working with empty units first.
- ☐ Require subrecipients to arrange for facilities to house persons who must be relocated temporarily during rehabilitation.
- ☐ Where feasible, give priority to rehabilitation of housing, as opposed to demolition, to avoid displacement.
- ☐ If feasible, demolish or convert only dwelling units that are not occupied or vacant occupiable dwelling units, especially those units which are “lower-income dwelling units” (as defined in 24 CFR 42.305), or structures that have not been used for residential purposes.

Relocation Assistance to Displaced Persons

HHR or its subrecipients will provide relocation assistance for lower-income tenants who, in connection with an activity assisted under the CDBG and/or HOME programs, move permanently or move personal property from real property as a direct result of the demolition of any dwelling unit or the conversion of a lower-income dwelling unit in accordance with the requirements of 24 CFR 42.350. A displaced person who is not a lower-income tenant, will be provided relocation assistance in accordance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at

One-for-One Replacement of Lower-Income Dwelling Units

HHR or its subrecipients will replace all occupied and vacant occupiable lower-income dwelling units demolished or converted to a use other than lower-income housing in connection with a project assisted with funds provided under the CDBG and/or HOME programs in accordance with 24 CFR 42.375.

Before entering into a contract committing HHR to provide funds for a project that will directly result in demolition or conversion of lower-income dwelling units, HHR will make public by publishing in a newspaper of general circulation, and submitting an affidavit of publication to the HUD Field Office, the following information in writing:

1. A description of the proposed assisted project;
2. The address, number of bedrooms, and location on a map of lower-income dwelling units that will be demolished or converted to a use other than as lower-income dwelling units as a result of an assisted project;
3. A time schedule for the commencement and completion of the demolition or conversion;
4. To the extent known, the address, number of lower-income dwelling units by size (number of bedrooms) and location on a map of the replacement lower-income housing that has been or will be provided;
5. The source of funding and a time schedule for the provision of the replacement dwelling units;
6. The basis for concluding that each replacement dwelling unit is designated to remain a lower-income dwelling unit for at least 10 years from the date of initial occupancy; and
7. Information demonstrating that any proposed replacement of lower-income dwelling units with smaller dwelling units (e.g., a 2-bedroom unit with two 1-bedroom units), or any proposed replacement of efficiency or single-room occupancy (SRO) units with units of a different size, is appropriate and consistent with the housing needs and priorities identified in the Housing and Homelessness Response Department's HUD-approved Consolidated Plan and 24 CFR 42.375(b).

To the extent that the specific location of the replacement dwelling units and other data in items 4 through 7 are not available at the time of the general submission, HHR will identify the general location of such dwelling units on a map and complete the disclosure and submission requirements as soon as the specific data is available.

Replacement not Required Based on Unit Availability

Under 24 CFR 42.375(d), HHR may submit a request to HUD for a determination that the one-for-one replacement requirement does not apply based on objective data that there is an adequate supply of vacant lower-income dwelling units in standard condition available on a non-discriminatory basis within the area.

Contacts

HHR and its subrecipients are responsible for tracking the replacement of lower income dwelling units and ensuring that they are provided within the required period.

HHR and its subrecipients are responsible for providing relocation payments and other relocation assistance to any lower-income person displaced by the demolition of any dwelling unit or the conversion of lower-income dwelling units to another use.

HHR can be contacted at the following number: 719-385-5912. Citizens who are deaf and hard of hearing may dial 711 or 800-659-3656 Relay Colorado (Voice) or 800-659-2656 (TTY). HHR may refer displaced persons to the outside agencies directly responsible for individual projects.
