Melissa Brown, , Energy Regulatory and Compliance Manager, Colorado Springs Utilities (CSU), presented the Ordinances adding new language to Article 10 of Chapter 12 (Utilities) of the City Code pertaining to the Colorado Springs Underground Damage Prevention Safety Program (CSUDPSP) and adding new language to Article 1 of Chapter 12 (Utilities) of the City Code pertaining to Underground Excavation Regulations. She stated the scope and impact are regarding adding stop work authority to third party excavators and it would be in accordance to stopping unsafe dig practices in accordance with dig laws and code that are already existing. She gave an example of a third-party excavator who is digging in an area without locates.

Councilmember Donelson requested additional information regarding locates. Ms. Brown stated locates, by law, are required when doing any excavation or digging and identify utility infrastructure that is located underground as well as telecom cable and things of that nature.

Ms. Brown provided a brief background, the reason behind the changes, total damages, audit results, and requested change to reduce damages.

Councilmember Donelson asked Ms. Brown to define third party excavator. Ms. Brown stated the third-party excavator is a contractor that is not working on behalf of CSU that is hired by other businesses in the community that are performing excavation work. Renee Congdon, City Attorney's Office, stated CSU already has the authority to issue a stop work order against a property owner so this does not change that provision, and this is more in line with if a fiber company is excavating on private property which was not at the request of the property owner.

Motion by Councilmember Leinweber, seconded by Councilmember Talarico, that the Ordinance adding language to Article 10 (Underground Damage Prevention Safety Program) of Chapter 12 (Utilities) of the Code of the City of Colorado Springs 2001, as amended, pertaining to underground excavation regulations, to further the Programs' ability to prevent underground damages be approved on first reading. Presenter:

Dave Donelson, Councilmember District 1

Attachments: [Resolution Protecting the Security and Quality of Life of the Citizens of COS 2-6-24](#)
[Signed Resolution No. 16-24.pdf](#)

Councilmember Donelson presented the Resolution protecting the security and quality of life of the citizens of Colorado Springs and affirms it will not become a Sanctuary City, valuing its safety and quality of life.

Councilmember Henjum asked for the definition of the term “Sanctuary City”. Ben Bolinger, Legislative Counsel, City Attorney’s Office, stated he does not believe there is a legal definition of “Sanctuary City”.

Councilmember Henjum asked that given that there is no legal definition, what is the impact of City Council passing this Resolution. Mr. Bolinger stated he does not believe this Resolution has any legal impact, and it is a political statement.

Councilmember Henjum asked if El Paso County is working with the City and the Pikes Peak Regional Office of Emergency Management (PPROEM) to prepare for any contingencies. Jamie Fabos, Chief of Staff, stated the Administration invited them to a planning meeting but they declined.

Councilmember Henjum asked if the City Council has the power to compel the County to work with the City through PPROEM. Ms. Fabos stated PPROEM is a joint agency and both the City, and/or the County has the authority to act independently or together.

Councilmember Henjum asked how this recent news has impacted the City. Ms. Fabos stated they are aware that with a humanitarian crisis happening approximately sixty miles north of the City, there is a very real possibility for impacts and it would be vastly irresponsible for the City not to prepare for that so they are working with PPROEM to look at any hypothetical situation that could reasonably be anticipated, assess resources, and figure out how to would respond if it were to happen.

Councilmember Henjum requested the status of individuals in the City who have immigration status as an asylee and if there is an immigration crisis in Colorado Springs. Ms. Fabos stated there is not an immigration crisis in Colorado Springs right now, but there is certainly one in Denver, CO and they have been in touch with people throughout the state so they can

continue to monitor what is happening. She stated they are aware of twenty-one families having come through Colorado Springs and as of Friday, February 9, 2024, they were aware of nine remaining families receiving shelter and are not aware of any large buses or charter transport. She stated the one group arrival they heard about two weeks ago is believed to have been sent by a Denver area nonprofit and they checked with the City of Denver and Department of Health and Services (DHS) and they did not have any knowledge or coordination with that.

Councilmember Henjum asked if the City is spending any money on this crisis. Mr. Bolinger stated the after the budgets are passed, they are administered by the Mayor's Office. Ms. Fabos stated after City money is awarded to support non-profit partners, it is up to them to serve their missions.

Councilmember Henjum asked about the legal status of people who are crossing the border. Ms. Fabos stated they have been told by the State level Office of Emergency Management that the majority of the people they are seeing have gone through Customs and Border Patrol and have received an Alien Identification (AI) number which they are issued pending a hearing seeking asylum status but one of the issues is that these hearings are being pushed out one to three years from now because of the immense backlog.

Councilmember Donelson asked if there is any more recent information. Ms. Fabos stated the information they received was as of last Friday, February 9, 2024. Councilmember Donelson asked if they are seeking any additional information. Ms. Fabos stated the PPROEM has been having regular calls with the City and State for the past six months.

Councilmember Donelson asked if Denver, CO is now housing illegal immigrants in hotels here in Colorado Springs because the hotels in Denver are full. Ms. Fabos stated they have told the City that they have not considered using hotels in this area.

Councilmember Donelson stated The Gazette ran a front-page article that stated there were 1,200 illegal immigrants/undocumented persons being treated in our hospitals locally in 2023. Ms. Fabos stated they spoke with the CEO of Memorial Central who clarified that information came from the State and the criteria they used was someone who did not have or did not

know their Social Security number which does not necessarily tie to immigration status.

Councilmember Donelson requested the Administration be more proactive in finding out how many immigrants are in the City. Ms. Fabos stated the local nonprofits do not ask for immigration status, the City cannot compel them to ask, and nor would the City be interested in interfering with the mission of a nonprofit.

Councilmember Donelson asked if the City intends to spend taxpayer money on illegal immigrants. Ms. Fabos stated the City is not a sheltering organization, they would work with its nonprofit partners who have those resources, and if there was a fire, the Colorado Springs Fire Department (CSFD) would respond and if there was a situation unsafe in the City, the Colorado Springs Police Department (CSPD) would respond.

Citizens Paulette Hubbard, Phyllis Dunn, Nyx Archuleta-Henderson, Karin White, Reverend Lee Ann Bryce, Kate Beall, Gloria Martinez, Anna Wermuth, Susan Bolduc, John Lynch, Brianne Smith, Barbara Bowen, Katherine Czukas, Woody Longmire, Nadya Benitez, Jennifer Cecil, Samantha Christiansen ceded their time to Jerima King, Electra Johnson, Vicky Witte, Siena Mann, Genevieve Richard, Marah Fitsinger, Molly Avion, Patricia Reitwiesner, Abigail Tenney, Karyna Lemus, Brown Bryce, Thea Roland, Arlene Bjugstad, Luke Letscher, Maryah Lauer, David Behr, Matthew Jones, Charles Johnson, Jonathan Christiansen, Steve Clement, Susan Permit, Pablo Capistrano, and Jackie Othan spoke in opposition of the proposed Resolution.

Citizen Michael Cole spoke about making the Department of Justice (DOJ) responsible for illegal immigrants.

Citizens Kiven Waid, Julianne Wilson, Mary Ann Robertson, Jean Hamilton, Chenoa Flick, Skippy Poland, and Candy Boyer spoke in favor of the proposed Resolution.

Citizen Alvin Sexton spoke about how immigration law is controlled by the Federal Government and the City needs to focus on preparing for a crisis.

Councilmember Henjum stated she does not support this Resolution because she feels it is unnecessary, has no legal authority and adds

nothing to what the Mayor has already affirmed about Colorado Springs status as a non-sanctuary city and his intention to continue planning to meet whatever challenges may come.

Councilmember Talarico stated her constituents believe this is gross misuse of the City Council platform, she read a statement from one of her constituents, and stated she will be voting no because she believes this Resolution is operating from fear which is not a good place to operate from.

Councilmember Avila spoke about her father's military service to the United States, her family's experience with discrimination, and stated the proposed Resolution is a distraction and a political ploy and she will not be supporting it.

Councilmember Donelson stated City Council often adopts Resolutions in order to make a statement and express their views on a topic, this Resolution was proposed because he and some of his colleagues are concerned about the chaos at the border with eight million people crossing the border within the past three years, the City does not have the budget to support being a Sanctuary City, Denver, CO is suffering greatly right now, their medical system is under a lot of stress with \$136 million deficit, Colorado Springs local medical system is under stress, and he is proud to be voting yes on it today.

Motion by Councilmember O'Malley, seconded by President Pro Tem Crow-Iverson, that the Resolution protecting the security and quality of life of the citizens of Colorado Springs be adopted. The motion passed by a vote of 6-3-0-0
