MEMO – Historic Resources Survey and Context Plan

To: Historic Preservation Board

From: William Gray, Senior Planner

Date: September 8, 2025

RE: Historic Resources Survey and Context Plan – HPB 2308

The City of Colorado Springs Historic Resources and Survey and Context Plan (“Plan”) was presented to the Historic Preservation Board (HPB) for its formal review and adoption on August 4, 2025.

The HPB provided significant feedback and edits for improvements to the Plan. This included making sure to address the review comments from State Historic Fund. At this point, City Staff and Consultant are approximately 70% of the way done addressing HPB and State Historic Fund comment.

To ensure that the final draft has sufficiently addressed all HPB and State comments it is being recommended that final review and adoption of the Plan is continued to the October 6, 2025, Historic Preservation Board meeting.
