**PEAK CENTER ADDITION NO. 1
ANNEXATION AGREEMENT**

THIS ANNEXATION AGREEMENT "Agreement", dated this 26 day of Jan., 2021 is between the City of Colorado Springs, a home rule city and Colorado municipal corporation ("City"), and Peaks Recovery Centers, LLC, a Colorado limited liability company ("Owner" or "Property Owner").

I.
INTRODUCTION

The Owner owns all of the real property located in El Paso County, Colorado, identified and described on the legal description attached as Exhibit A (the Property).

The growth of the Colorado Springs metropolitan area makes it likely that the Property will experience development in the future. The Owner will be required to expend substantial amounts of funds for the installation of infrastructure needed to service the Property and, therefore, desires to clarify Owner's obligations for installation of or payment for any off-site infrastructure or improvements and with regard to the City's agreements with respect to provision of services to the Property and cost recoveries available to Owner. Subject to the terms and conditions set forth in this Agreement, both the City and Owner wish to annex the Property into the City to ensure its orderly development. In consideration of the mutual covenants contained in this Agreement, the receipt and sufficiency of which are acknowledged by each of the parties, the City and Owner agree as follows.

II.
ANNEXATION

The Owner has petitioned the City for annexation of the Property as set forth in Exhibit A. The annexation will become effective upon final approval by the City Council and the recording of this annexation agreement, the annexation plat, the Peak Center Addition No. 1 Annexation special warranty deed and irrevocable consent to the appropriation, withdrawal, and use of groundwater as forth in Exhibit B and the annexation ordinance with the El Paso County Clerk and Recorder.

All references to the Property or to the Owner's Property are to the Property described in Exhibit A except as otherwise indicated.

III.
LAND USE

As provided in City Code, the Manager of the City Planning and Development Department has waived the requirement of submission of a land use master plan for this annexation because it meets the criteria in City Code Section 7.5.403B. The Peaks Recovery Concept Plan for the Property, City file number CPC CP 20-00033 (the "Concept Plan") has been proposed and submitted to the City for approval concurrently with this Agreement.

**CITY LAND DEVELOPMENT
HOLD FOR PICK UP**

IV.
ZONING

A. Zoning. The Planning and Community Development Department of the City agrees to recommend that the initial zone for the Owner's Property shall be OC/SS, (Office Complex with Streamside Overlay) upon annexation. While zoned OC (Office Complex) a development plan shall be required for any future development on the Property. Due to the proximity of the Property to the United States Air Force Academy (USAFA) the Owner acknowledges the Property shall also be established with an Avigation Easement over the entire Property. Owner acknowledges and understands that the City Council determines what an appropriate zone is for the Property, and this recommendation does not bind the Planning Commission or City Council to adopt the recommended zone for the Property.

B. Change of Zoning. Any future change of zone request shall conform to the Concept Plan, as approved or as amended by the City in the future. Rezoning in accord with the zones reflected on the Concept Plan will occur prior to actual development of the site.

C. Subdivision. Prior to, or in connection with the City's review and approval of a development plan, the Owner will submit to the City for approval a replat of the Property (the "Subdivision Plat") in accordance with the City Code.

V.

UTILITY SERVICES

A. Colorado Springs Utilities' (UTILITIES) Services: UTILITIES's water, non-potable water, wastewater, electric, streetlight, and natural gas services ("Utility Service" or together as "Utility Services") are available to eligible customers upon connection to UTILITIES's facilities or utility systems on a "first-come, first-served" basis, provided that (among other things) the City and UTILITIES determine that the applicant meets all applicable requirements of the City's Code of Ordinances ("City Code"), UTILITIES Tariffs, Utilities Rules and Regulations ("URRs"), and Line Extension and Service Standards ("Standards")for each application for Utility Service. In addition, the availability of Utility Services is contingent upon the terms detailed herein and the dedication or conveyance of real and personal property, public rights-of-way, private rights-of-way, or easements that UTILITIES determines are required for the extension of any proposed Utility Service from UTILITIES's utility system facilities that currently exist or that may exist at the time of the proposed extension or connection.

Owner shall ensure that the connections and/or extensions of Utility Services to the Property are in accordance with this Agreement and with the requirements of City Code and UTILITIES's Tariffs, URRs, and Standards, and Pikes Peak Regional Building Department codes in effect at the time of Utility Service connection and/or extension. Owner acknowledges responsibility for the costs of any extensions or utility system improvements that are necessary to provide Utility Services to the Property or to ensure timely development of integrated utility systems serving the Property and areas outside the Property as determined by UTILITIES.

Owner acknowledge that UTILITIES' connection requirements shall include Owner's payment of all applicable development charges, recovery-agreement charges, advance recovery-agreement charges, aid-to-construction

charges and other fees or charges applicable to the requested Utility Service. Because recovery agreement charges, advance recovery-agreement charges, and aid-to-construction charges may vary over time and by location, Owner is responsible for contacting UTILITIES's Customer Contract Administration at (719) 668-8111 to ascertain which fees or charges apply to the Property in advance of development of the Property.

B. Dedications and Easements: Notwithstanding anything contained in Article XI. of this Agreement to the contrary, Owner, at Owner's sole cost and expense, shall dedicate by plat and/or convey by recorded document, all property (real and personal) and easements that UTILITIES determines are required for any utility-system facilities necessary to serve the Property or to ensure development of an integrated utility system. UTILITIES shall determine the location and size of all property necessary to be dedicated or otherwise conveyed.

Owner shall provide UTILITIES all written, executed conveyances (including the Deed) prior to or at the time of platting or prior to the development of the Property as determined by UTILITIES.

Further, all dedications and conveyances of real property must comply with the City Code, the City Charter, and UTILITIES Tariffs, URRs, and Standards, and shall be subject to UTILITIES's environmental review. Neither the City nor UTILITIES has any obligation to accept any real property interests. All easements by separate instrument shall be conveyed using UTILITIES's then-current Permanent Easement Agreement form without modification unless approved by UTILITIES.

If Owner, with prior written approval by UTILITIES, relocate, require relocation, or alter any existing utility facilities within the Property, then the relocation or alteration of these facilities shall be at the Owner's sole cost and expense. If UTILITIES determines that Owner's relocation or alteration requires new or updated easements, then Owner shall convey those easements prior to relocating or altering the existing utility facilities using UTILITIES's then-current Permanent Easement Agreement form without modification unless approved by UTILITIES. UTILITIES will only relocate existing gas or electric facilities during time frames and in a manner that UTILITIES determines will minimize outages and loss of service.

C. Extension of Utility Facilities by UTILITIES:

1. Natural Gas and Electric Facilities: Subject to the provisions of this Article, City Code, and UTILITIES Tariffs, URRs, and Standards, UTILITIES will extend electric and gas service to the Property if UTILITIES, in its sole discretion, determines there will be no adverse effect to any Utility Service or utility easement. Owner shall cooperate with UTILITIES to ensure that any extension of gas or electric facilities to serve the Property will be in accordance with City Code and UTILITIES Tariffs, URRs, and Standards. UTILITIES, in its sole discretion, may require Owner to enter into a Revenue Guarantee Contract for the extension of any electric service or facilities, including any necessary electric transmission or substation facilities. If any portion of the Property is located outside UTILITIES's electric service territory prior to annexation, then upon annexation:

1. Owner shall be solely responsible for providing the just compensation for electric distribution facilities and service rights specified in C.R.S. §§ 40-9.5-204 plus all costs and fees, including but not limited to, attorneys' fees that UTILITIES incurs as a result of or associated with the acquisition of such electric service territory; and plus all costs and fees, including but not limited to, attorneys' fees that UTILITIES incurs as a result of or associated with the acquisition of such electric service territory; and. Owner shall pay within 30 days of Owner's receipt of an invoice for the following:
 - a. The former electric service provider the just compensation specified in C.R.S. §§ 40-9.5-204 (1) (a) and 40-9.5-204 (1) (b).
 - b. UTILITIES the just compensation specified in C.R.S. §§ 40-9.5-204 (1) (c) and 40-9.5-204 (1) (d).
2. Owner shall be solely responsible for all costs: (a) to remove any existing electric distribution facilities within the Property that were previously installed by the then-current electric service

provider ("Existing Facilities"); and (b) to convert any overhead electric lines to underground service lines ("Conversion") as determined by UTILITIES.

3. If the former electric service provider removes the Existing Facilities, then Owners shall pay the former electric service provider directly for the removal of any Existing Facilities, if requested.
4. Owner shall also pay for any Conversion required by UTILITIES as a result of such annexation concurrent with the execution of a contract between the Owner and UTILITIES that specifies the terms of Conversion.

2. Water and Wastewater Facilities: In accordance with City Code, UTILITIES shall be responsible for the construction of centralized water and wastewater treatment facilities needed to serve the Property. In the event UTILITIES or other developers design and construct other water or wastewater system improvements UTILITIES determines are needed to ensure an integrated water or wastewater system is available to serve the Property, Owner shall be required to pay cost recovery for the engineering, materials, and installation costs incurred by UTILITIES or the other developer in its design, construction, upgrade, or improvement of any water pump stations, water suction storage facilities, water transmission and distribution pipelines, or other water system facilities and appurtenances and any wastewater pump stations, wastewater pipeline facilities, or other wastewater collection facilities and appurtenances.

D. Water and Wastewater System Extensions by Owner: Owner must extend, design, and construct all potable and non-potable water system facilities and appurtenances, and all wastewater collection system facilities, wastewater pump stations, and any water or wastewater service lines to and within the Property at Owner's sole cost and expense in accordance with City Code and UTILITIES's Tariffs, URRs, and Standards in effect at the time either (i) UTILITIES requires connection of the Property to water and/or wastewater service(s) pursuant to the terms of this Agreement and/or under its authority pursuant to City Code, or (ii) at the time of each specific request for water and/or wastewater service(s) made by the Owner. Consistent with City Code § 7.7.1102 (B), Owner shall complete the design and installation, and obtain preliminary acceptance of such utility facilities, prior to UTILITIES's approval of Owner's water and wastewater service requests. Notwithstanding the above requirements, UTILITIES may enter into cost-sharing agreements with Owner for water and wastewater system expansions based on a determination of benefit to UTILITIES, in UTILITIES's sole discretion

E. Limitation of Applicability: The provisions of this Agreement set forth the requirements of the City and UTILITIES in effect at the time of the annexation of the Property. These provisions shall not be construed as a limitation upon the authority of the City or UTILITIES to adopt different ordinances, rules, regulations, resolutions, policies or codes which change any of the provisions set forth in this Agreement so long as these provisions apply to the City generally and are in accord with the then-current tariffs, rates, regulations and policies of UTILITIES. City Code, UTILITIES's Tariffs, URRs and Standards shall govern the use of all Utilities Services.

F. Southeastern Colorado Water Conservancy District: Notice is hereby provided that upon annexation, and as a condition of receiving water service from UTILITIES, the Property must be included in the boundaries of the Southeastern Colorado Water Conservancy District ("District") pursuant to C.R.S. § 37-45-136 (3.6) as may be amended, and the rules and procedures of the District. Further, notice is hereby provided that, after inclusion of the Property into the boundaries of the District, the Property shall be subject to a property tax mill levy or other payment in lieu of taxes for the purposes of meeting the financial obligations of the District. The Owner acknowledges that water service for the Property will not be made available by UTILITIES until the Property is formally included within the boundaries of the District. District inclusion requires consent by the Bureau of Reclamation ("Reclamation"). The Owner shall be responsible for taking all actions necessary for

inclusion of the Property into the boundaries of the District, including but not limited to, any action required to obtain Reclamation's consent to include the Property into the District.

VII.
WATER RIGHTS

As provided in the Deed, which is attached to this Agreement as Exhibit B, and hereby incorporated by reference, Owner will grant to the City, all right, title and interest to any and all groundwater underlying or appurtenant to and used upon the Property, and any and all other water rights appurtenant to the Property (collectively referred to as "the Water Rights"), together with the sole and exclusive right to use the Water Rights and all rights of ingress and egress required by the City to appropriate, withdraw and use the Water Rights. The Deed conveying the Water Rights shall be executed by the Owner concurrently with this Agreement and shall be made effective upon the date of the City Council's final approval of the annexation of the Property. The Deed shall be recorded concurrent with the recording of the Agreement, Annexation Plat, and annexation ordinance at the El Paso County Clerk and Recorder's office.

Furthermore, pursuant to C.R.S. § 37-90-137(4), as now in effect or hereafter amended, on behalf of Owner and all successors in title, Owner irrevocably consents to the appropriation, withdrawal and use by the City of all groundwater underlying or appurtenant to and used upon the Property.

In the event the City chooses to use or further develop the Water Rights that have been conveyed, Owner agree to provide any and all easements required by the City prior to the construction and operation of any City well or water rights related infrastructure on the Property. Wells constructed by the City outside the Property may withdraw groundwater under Owner's Property without additional consent from Owner.

Upon annexation of the Property, any wells or groundwater developed by Owner prior to annexation will become subject to UTILITIES's applicable Tariffs, URRs, Standards, and rates as amended in the future. Owner's uses of groundwater shall be subject to approval by the City and UTILITIES, and shall be consistent with City Code, UTILITIES's Tariffs, URRs, Standards, and the City's resolutions and policies for the use of groundwater now in effect or as amended in the future.

Notwithstanding the forgoing, subject to approval of City Council, the Owner shall be permitted to continue using the existing wells on the Property as long as the use of the groundwater withdrawn therefrom is consistent with the terms specified in Colorado Division of Water Resources Well Permit Nos. 179482 and 53329-A ("Well Permits") and may continue until such time as any circumstance(s) arises that causes the well(s) to no longer serve the Property in substantially the same manner as it would be served by UTILITIES's water supply system. Such circumstances include, but are not limited to: non-compliance with the terms of the Well Permits, an increase in water demands, a proposed change in use of the Property, the addition of a fire suppression system(s), and/or additional development on the Property, such as renovations, remodeling, or construction of new buildings or facilities that involve new or modified water service connections.

At such time, the Owner shall: (1) disconnect the wells and connect to UTILITIES's water supply system in accordance with City Code and UTILITIES's Water Line Extension and Service Standards; (2) plug and abandon the wells in accordance with all applicable regulations; and (3) provide notice of such plugging and abandonment to UTILITIES. If after connection to UTILITIES's water supply system, the Owner desires to continue use of the wells exclusively for non-potable irrigation purposes in accordance with the conditions of approval of the Well Permits, then the Owner shall provide UTILITIES with prior written notification of such non-potable irrigation use, and provisions (2) and (3) of this section shall not apply to any wells being used for non-potable irrigation, provided however, that the Owner makes such modifications to the wells as necessary to comply with UTILITIES's cross-connection requirements and receives UTILITIES's written confirmation that such non-potable use complies with UTILITIES's cross-connection requirements and is consistent with the

conditions of approval of the Well Permits. No commingling of the wells and UTILITIES's potable water supply will be permitted. City Council approval of the annexation ordinance consenting to the terms of this paragraph is a condition precedent to Owner's continued use of the wells for any purpose.

VIII.

FIRE PROTECTION

The Owner understands and acknowledges that the Property is located within the boundaries of the Donald Wescott Fire Protection District (the "Fire District") and may be excluded from the boundaries of the Fire District under the provisions applicable to special districts, Article 1 of Title 32 C.R.S., in conformance with contractual agreements, and as otherwise provided by law. Upon request by the City, the person who owns the Property at the time of the City's request agrees to apply to the Fire District for exclusion of the Property from the Fire District. The Owner understands and acknowledges that the Owner, its heirs, assigns and successors in title are responsible for seeking any exclusion from the Fire District and that the City has no obligation to seek exclusion of any portion of the Property from the Fire District.

IX.

FIRE PROTECTION FEE

The Owner agrees to pay a fee of \$1,894.00 per gross acre of the entire annexed area as their share of the capital cost of a new fire station and the initial apparatus purchase required to service this annexation as well as adjacent areas of future annexation. The Fire Protection Fee will be due prior to recordation of the annexation plat and this agreement. The City agrees as future annexations occur within the service area of the proposed fire station the owners of future annexations will be required to pay a per-acre fee to the City for the capital improvements to the fire station.

If the referendum challenge to the annexation results in the disconnection of the Property from the City, then this Agreement and all its provisions shall be null and void and of no further effect. If the referendum challenge fails, then Owner and City shall continue to be bound by all terms and provisions of this Agreement.

XX.
SEVERABILITY
