This is David Gola 2315 heathercrest in interest to the proposed at 2420 Victor place there's a proposal for a 8-foot Fence which would cause a eyesore for every homeowner along the heathercrest stretch all of our fences are 6 ft and have Beauty and luster to them adding an 8 foot metal fence along the backside of all of our property lines would take away from the Colorado Beauty I strongly oppose an 8-foot fence along the back property line in reference to variance change AR NV 19-00514 00515 I believe that's the right one please note David Gola and other homeowners on heathercrest are strongly against 8-foot fence as we have had a meeting at my house with Jack the Planner about this there was no mention of an 8-foot fence I've spoke to my neighbors since and we all strongly oppose this you can contact me at 702-639-7722 thank you very much David Gola

Hi Tasha,

We definitely approve of the Applicant's submittals so we appreciate your approval of them. As stated in the support letter attached my 2 brothers and myself have owned several properties, currently 5 on the street so we have a lot of time, 25 years and money invested in the neighborhood.

Thank you for your effort to represent the interests of the immediate neighbors.
