Good morning Daniel,

I received the notice of public hearing for this apartment complex project and I wanted to voice my concerns for the project. We back to bridle pass and walk frequently and we have almost been hit several times by individuals exceeding 60 mph on a residential street who run the stop sign at duryea and bridle pass and also prairie schooner and bridle pass. We are concerned about the safety of our children as even more individuals will be using our neighborhood streets on a regular basis. While there is not much we can do to stop development, we ask that there be a way to either restrict traffic coming off bridle pass to the apartments by closing the entrance and requiring entrance off powers or to add speed bumps at intervals along the whole stretch of bridle pass. Thank you for your time.
