

Securing the Nation

**NATIONAL CYBER**  
**INTELLIGENCE CENTER**

COLORADO SPRINGS CITY COUNCIL  
23 MAY 2016

# **INTENT**

**Collaborate with the private sector and work with local, state, military and federal agencies to support and educate the public and private sector to better protect our private, local, state and national assets.**

**(DRAFT)**

**NCIC**

501 C (3)

PUBLIC-PRIVATE PARTNERSHIP  
BASED IN COLORADO SPRINGS

# OPERATIONAL ELEMENTS

**Cyber Institute:** A dedicated facility for federal agencies, states, cities and local governments to engage with real-time information on the latest trends, security, best practices and educational resources for them – as well as a place for their teams to best manage our critical assets.

**Rapid Response Center (RRC):** A dedicated facility staffed by leading experts, vendors, and partners (public & private) who assist the members of the NCIC in the instance of an attack.

**Cyber Research, Education and Training Center (CRETC):** A dedicated center focused on workforce development. And it will operate the cyber research center. The CRETC will be staffed with a strong, collaborative network to work with leading minds & institutions around the U.S.
