

### **7.3.606: REVIEW CRITERIA FOR PUD DEVELOPMENT PLAN:**

A PUD development plan for land within a PUD zone shall be approved if it substantially conforms to the approved PUD concept plan and the PUD development plan review criteria listed below. An application for a development plan shall be submitted in accord with requirements outlined in article 5, parts 2 and 5 of this chapter. Unless otherwise specified by a development agreement, the project shall be vested by the PUD development plan in accord with section [7.9.101](#) and subsection [7.5.504C2](#) of this chapter.

A. Consistency With City Plans: Is the proposed development consistent with the Comprehensive Plan or any City approved master plan that applies to the site?

B. Consistency With Zoning Code: Is the proposed development consistent with the intent and purposes of this Zoning Code?

C. Compatibility Of The Site Design With The Surrounding Area:

1. Does the circulation plan minimize traffic impact on the adjacent neighborhood?
2. Do the design elements reduce the impact of the project's density/intensity?
3. Is placement of buildings compatible with the surrounding area?
4. Are landscaping and fences/walls provided to buffer adjoining properties from undesirable negative influences that may be created by the proposed development?
5. Are residential units buffered from arterial traffic by the provision of adequate setbacks, grade separation, walls, landscaping and building orientation?

D. Traffic Circulation:

1. Is the circulation system designed to be safe and functional and encourage both on and off site connectivity?
2. Will the streets and drives provide logical, safe and convenient vehicular access to the facilities within the project?
3. Will adequately sized parking areas be located to provide safe and convenient access, avoid excessive parking ratios and avoid expanses of pavement?
4. Are access and movement of handicapped persons and parking of vehicles for the handicapped appropriately accommodated in the project design?

5. As appropriate, are provisions for transit incorporated?

E. Overburdening Of Public Facilities: Will the proposed development overburden the capacities of existing and planned streets, utilities, parks, and other public facilities?

F. Privacy: Is privacy provided, where appropriate, for residential units by means of staggered setbacks, courtyards, private patios, grade separation, landscaping, building orientation or other means?

G. Pedestrian Circulation:

1. Are pedestrian facilities provided, particularly those giving access to open space and recreation facilities?
2. Will pedestrian walkways be functionally separated from vehicularways and located in areas that are not used by motor vehicles?

H. Landscaping:

1. Does the landscape design comply with the City's landscape code and the City's landscape policy manual?
2. The use of native vegetation or drought resistant species including grasses is encouraged. The City's landscape policy manual or the Community Development Department's landscape architect can be consulted for assistance.

I. Open Space:

1. Residential Area:
  - a. Open Space: The provision of adequate open space shall be required to provide light, air and privacy; to buffer adjacent properties; and to provide active and passive recreation opportunities. All residential units shall include well designed private outdoor living space featuring adequate light, air and privacy where appropriate. Common open space may be used to reduce the park dedication requirements if the open space provides enough area and recreational facilities to reduce the residents' need for neighborhood parks. Recreational facilities shall reflect the needs of the type of residents and proximity to public facilities.
  - b. Natural Features: Significant and unique natural features, such as trees, drainage channels, slopes, and rock outcroppings, should be preserved and incorporated into the design of the open space. The

Parks and Recreation Advisory Board shall have the discretion to grant park land credit for open space within a PUD development that preserves significant natural features and meets all other criteria for granting park land credit.

2. Nonresidential And Mixed Use; Natural Features: The significant natural features of the site, such as trees, drainage channels, slopes, rock outcroppings, etc., should be preserved and are to be incorporated into the design of the open space.

J. Mobile Home Parks: Does a proposed mobile home park meet the minimum standards set forth in the mobile home park development standards table in subsection [7.3.104B](#) of this article? (Ord. 03-110; Ord. 03-190; Ord. 09-70; Ord. 09-80; Ord. 12-68)
