Hello President Strand -

The Mountain Shadows Community Association and other concerned citizens, are formally requesting to postpone the hearing for the 2424 GOTG rezoning application from 3/14 until March 28th.

This is due in a large part in needing time to fulfill the requirement that the planning department has not properly required the applicant to provide a visual analysis of what the project will look like, according to City Code 7.3.504.F.2. Height shall be determined at the time of Zoning and based on visual analysis
.....

At your earliest convenience, we look forward to hearing your approval for a full 60 minutes to present the community's opposition.

Sincerely,
Bill Wysong
MSCA President
