OPERATING PLAN FOR THE
CREEKWALK MARKETPLACE BUSINESS IMPROVEMENT DISTRICT

1. PURPOSE AND SCOPE OF THIS DISTRICT

A. Requirement for this Operating Plan. The Business Improvement District Act, specifically Section 31-25-1211, C.R.S., requires that the Creekwalk Marketplace Business Improvement District (the “District”) file an operating plan and budget with the City Clerk no later than September 30 of each year.

Under the statute, the City is to approve the operating plan and budget within 30 days of the submittal of all required information.

The District operates under the authorities and powers allowed under the Business Improvement District Act, Section 31-25-1201, *et seq.*, Colorado Revised Statutes, as amended, as further described and limited by this Operating Plan.

B. What Must Be Included in the Operating Plan? Pursuant to the provisions of the Business Improvement District Act, Section 31-25-1201, *et seq.*, C.R.S., as amended, this Operating Plan specifically identifies: (1) the composition of the Board of Directors; (2) the services and improvements to be provided by the District; (3) the taxes, fees, and assessments to be imposed by the District; (4) the estimated principal amount of the bonds to be issued by the District; and (5) such other information as the City may require.

The District’s original 2016 Operating Plan and subsequent Operating Plans, previously approved by the City are incorporated herein by reference, and shall remain in full force and effect except as specifically or necessarily modified hereby.

C. Purposes. As may be further articulated in prior years’ Operating Plans, the ongoing and/or contemplated purposes of this District for 2025 include financing, acquisition, construction, completion, installation, replacement and/or operation and maintenance of all of the services and public improvements allowed under Colorado law for business improvement districts.

D. Ownership of Property or Major Assets. The District will own public improvements as constructed if such improvements are not otherwise dedicated to other public entities for operation and maintenance, including certain street, parking, roads, water, sanitation, storm sewer, and landscaping improvements. The District also owns Tract A South Nevada Creekwalk Filing No. 1 and Tract A, South Nevada Creekwalk Filing No. 2. Both of the foregoing tracts are operated and maintained for the purposes of streets, parking, roads, storm sewer, and landscaping.

E. Contracts and Agreements. It is anticipated that the District may enter into various agreements as required to facilitate the funding, construction, operation and maintenance of public improvements including agreements with the urban renewal entity overlapping the boundaries of the District. The District is party to that certain Cooperation Agreement with the Colorado Springs Urban Renewal Authority, dated June 3, 2019, which sets forth the parties’ intent to cooperate as

to the provision and financing of certain public improvements. The District is also party to that certain Intergovernmental Agreement for Street Maintenance with the City of Colorado Springs, dated June 6, 2019, which sets forth the District’s responsibility to operate and maintain certain streets and rights of way within the District. The District may also enter into agreements with other districts encompassing adjacent developments in order to cooperate on infrastructure projects.

2. ORGANIZATION AND COMPOSITION OF THE BOARD OF DIRECTORS

A. Organization. The Creekwalk Marketplace Business Improvement District was organized by the City of Colorado Springs, Colorado, by Ordinance No. 16-18 on February 23, 2016.

B. Governance. The District is governed by an elected board of directors.

C. Current Board. The persons who currently serve as the Board of Directors are:

- 1) Danny Mientka
- 2) Rebecca Mientka
- 3) Deirdre Aden-Smith
- 4) Melissa Harrison
- 5) Kelly Nelson

Director and other pertinent contact information is provided in **EXHIBIT A**.

D. Term Limits. The District’s election on May 3, 2016 included a ballot question to eliminate term limits pursuant to Article 18, Section 11 of the Colorado Constitution. The question passed.

E. Advisory Board. The Board of Directors may appoint one or more advisory boards to assist the Board of Directors on such matters as the Board of Directors desires assistance. The Board of Directors shall, upon the appointment of an advisory board, set forth its duties, duration, and membership. The Board of Directors may provide rules of procedure for the advisory board or may delegate to the advisory board the authority to provide such rules. No advisory boards have yet been appointed.

3. BOUNDARIES, INCLUSIONS AND EXCLUSION

The current District boundary map is depicted in **EXHIBIT C**. In addition to prior inclusions, an additional inclusion was approved on August 22, 2023 pursuant to Ordinance No. 23-44. A Petition for Inclusion and a Petition for Exclusion were submitted to the City in 2024. It is anticipated that such petitions will be considered by the City Council at public hearings to be held in October of 2024.

4. PUBLIC IMPROVEMENTS

The District will be primarily concerned with the provision of Public Improvements and services within the boundaries of the District; however, there may be instances to provide improvements

or services outside of the boundaries of the District as part of the urban renewal project. The District shall have the authority to provide these improvements and services, but the revenue-raising powers of the District to recoup the costs of extraterritorial improvements and services shall be as limited by state law.

The public improvements that the District anticipates it will construct, install or cause to be constructed and installed, include those public improvements the costs of which may, in accordance with the Business Improvement District Act, Section 31-25-1201, *et seq.*, C.R.S., lawfully be paid for by the District, including, without limitation, water services, safety protection devices, sanitation services, marketing, streetscape improvements, street improvements, curbs, gutters, culverts, drainage facilities, sidewalks, parking facilities, paving, lighting, grading, landscaping and storm and wastewater management facilities and associated land acquisition and remediation.

5. ADMINISTRATION, OPERATIONS, SERVICES, PROPERTY OWNERSHIP AND MAINTENANCE

The District shall provide for ownership, operation, and maintenance of District facilities as activities of the District itself or by contract with other units of government or the private sector. The District does not have any employees.

6. FINANCIAL PLAN AND BUDGET

A. 2025 Budget. The 2025 Budget for the District is attached as **EXHIBIT B**.

B. Authorized Indebtedness. The District held an election on May 3, 2016 for the purpose of authorizing debt, taxes, revenue limits, spending limits, special assessments, and such other matters as may be necessary or convenient for the implementation of Art. X., Sec. 20 of the Colorado Constitution, and the Operating Plan. The electors of the District approved a cumulative total of \$650,000,000 in debt authorization. The maximum debt authorization for the District shall be \$65,000,000. This maximum debt authorization amount shall not be exceeded without express prior approval by the City.

C. Maximum Debt and Operating Mill Levies. The mill levy limitations in the original Operating Plan remain unchanged. The Maximum Debt Mill Levy is fifty (50) mills. The Maximum Operating Mill Levy is ten (10) mills. The mill levy caps set forth in this paragraph may be subject to upward or downward adjustments addressing any Mill Levy Adjustment or any abatement occurring after, but not before January 1, 2006. Such upward or downward adjustments are to be determined by the Board of Directors in good faith (such determination to be binding and final) so that to the extent possible, the actual tax revenue generated by the mill levy, as adjusted for changes occurring after January 1, 2006, are neither diminished nor enhanced as a result of such changes.

D. District Revenues. The District receives revenues derived from property taxes, urban renewal funds, and developer advances. The District also receives public improvement fees to support public improvement construction and existing bonds. See 2025 budget attached as **EXHIBIT B**.

E. Existing Debt Obligations. On July 31, 2019, the District issued its \$24,230,000 Limited Tax Supported and Special Revenue Senior Bonds Series 2019A and \$2,500,000 Limited Tax Supported and Special Revenue Subordinate Bonds Series 2019B (together, the “2019 Bonds”) for the purpose of constructing capital improvements with a public purpose necessary for development. The City Council approved this issuance by Resolution No. 51-19 as required by the 2019 Operating Plan.

On December 23, 2021, the District issued its Series 2021A Limited Tax Supported and Special Revenue Senior Bonds in the principal amount of \$11,040,000 and its Series 2021B Limited Tax Supported and Special Revenue Subordinate Bonds in the principal amount of \$2,500,000.

Following the issuance of the Bonds in 2019 and 2021, the District has \$24,730,000 in remaining debt authorization.

F. Future Debt Obligations. At the end of 2024, the District anticipates refunding existing bonds and also issuing additional bonds in compliance with City Council approval.

G. Developer Funding Agreements. The District has received developer advances to fund its operations and capital projects. Developer advances are recorded as revenue for budget purposes with an obligation for future repayment when the District is financially able to reimburse the Developer from bond proceeds and other legally available revenue.

The District and SNA Development, LLC (the “Developer”) entered into a Facilities Funding and Reimbursement Agreement dated as of June 1, 2016. Simple interest will accrue at a rate of 6% per annum. At the end of 2024, it is anticipated that the District will have an outstanding developer advance obligation in the amount of \$3,010,569 in principal and \$1,305,598 in interest.

The District and Developer also entered into an Operations Reimbursement Agreement dated March 14, 2018. Reimbursements for advances made by the Developer to the District in each year shall include interest compounded annually on the outstanding amount due from the District to the Developer at the annual rate of 8%. At the end of 2024, it is anticipated that the District will have an outstanding developer advance obligation in the amount of \$1,032,768 in principal and \$275,847 in interest.

Any Developer Funding Agreements entered into by this District after January 1, 2023 shall be limited to a term of no greater than twenty (20) years, from the time of the first such agreement, after which time any remaining balances must be either converted to Debt or shall no longer be considered an obligation of the District. The Interest Rate on any new Developer Funding Agreements entered into after January 1, 2023 shall not exceed the Index Rate plus 400 basis points, and interest shall only accrue on the principal balance.

H. Other Financial Obligations. The District may enter into agreements including reimbursement or similar agreements and leases; as well as agreements for ongoing services such as legal, administration, compliance, budget, audit, etc.

I. City Charter Limitations. In accordance with 7-100 of the City Charter, the District shall not issue any Debt instrument for any purpose other than construction of capital improvements with a public purpose necessary for development. As set forth in 7-100 of the City Charter, the total Debt of any proposed District shall not exceed 10 percent of the total assessed valuation of the taxable property within the District unless approved by at least a two-thirds vote of the entire City Council.

J. Limited Default Provisions. Limited tax general obligation bonds issued by the District shall be structured and/or credit enhancements provided such that the bonds cannot default as long as the District is imposing the required maximum allowed mill levy.

K. Privately Placed Debt and Related Party Privately Placed Debt. Prior to the issuance of any Privately Placed Debt for capital related costs, the District shall obtain the certification of an External Financial Advisor regarding the fairness and feasibility of the interest rate and the structure of the Debt. The Interest Rate for Related Party Privately Placed Debt shall not exceed the Index Rate by more than 400 basis points. Related Party Privately Placed Debt shall not be issued with an optional call date of greater than five (5) years from the date of issuance.

L. End User Fee Limitation. The District shall not impose an End User Fee for the purpose of servicing District Debt without prior approval of City Council.

M. Debt Not and Obligation of the City. The debt of the District will not constitute a Debt or obligation of the City in any manner. The faith and credit of the City will not be pledged for the repayment of the debt of the District. This will be clearly stated on all offering circulars, prospectus, or disclosure statements associated with any securities issued by the District.

N. Land Development Entitlements. The District shall not issue Debt, enter into any other Long Term Financial Obligation or certify a Debt Mill Levy unless a Land Development Entitlement has been approved for the Property.

7. MUNICIPAL OVERSIGHT OF DISTRICT ACTIVITIES

A. Audit. The District agrees to submit an annual audit to the City Finance Department no later than March 31st of each year which is performed by an independent certified public accounting firm. Notwithstanding the foregoing, the District may submit a completed audit exemption application to the City Finance Department in lieu of an annual audit if the District qualifies for an audit exemption.

B. SID Formation. The District affirms that it will provide an Amended Operating Plan and seek prior approval of City Council prior to formation of any Special Improvement District or Authority within its boundaries in the future.

C. City Authorization Prior to Debt Issuance. In accordance with the City's Special District Policy, and notwithstanding any statements of intent in the Budget and Operating Plan, this District shall request and obtain approval of City Council prior to issuance of any Debt in accordance with the financing plan for the District as previously approved. The standards for City approval shall generally be consistent with the City's Special District Policy, as it may be amended, along with the most recently approved operating plan and budget and any requirements or

limitations contained therein to the extent that they are consistent with the financing plans for the District.

D. Public Improvement Fees. The District utilizes public improvement fees (“PIF”) to provide necessary funding revenues for the improvements to be financed by the District. In addition to the PIF the District currently receives, the District may also utilize revenues from a new, increased or expanded PIF specifically authorized in this Operating Plan and Budget.

E. Condemnation. The Colorado Revised Statutes do not authorize BIDs to use powers of eminent domain. The exercise of eminent domain authority by any City-authorized district is also specifically prohibited without express prior City Council approval.

F. Concealed Carry Prohibition. The District shall not adopt or enact an ordinance, resolution, rule or other regulation that prohibits or restricts an authorized permittee from carrying a concealed handgun in a building or specific area under the direct control or management of the District as provided in C.R.S. § 18-12-214.

G. Eligible Expenses or Costs for Reimbursement. In addition to any limits or prohibitions contained in Colorado Revised Statutes, the District shall not issue debt for or otherwise fund any costs or expenses not allowed for by the Special District Policy.

H. Intergovernmental Agreements. As noted previously, the District is party to that certain Cooperation Agreement with the Colorado Springs Urban Renewal Authority, dated June 3, 2019, which sets forth the parties’ intent to cooperate as to the provision and financing of certain public improvements. The District is also party to that certain Intergovernmental Agreement for Street Maintenance with the City of Colorado Springs, dated June 6, 2019, which sets forth the District’s responsibility to operate and maintain certain streets and rights of way within the District. The District may also enter into agreements with other districts encompassing adjacent developments in order to cooperate on infrastructure projects.

I. Overlapping Districts. Certain property included into the District in 2021 (El Paso County Parcel Identification No. 6430209003) may overlap with the Cheyenne Creek Park and Water Metropolitan District, which imposed a mill levy of .500 in tax levy year 2023. The purpose of the Cheyenne Creek Park and Water Metropolitan District is to maintain a consistent flow of water in the Cheyenne Creek from April through October.

**CREEKWALK MARKETPLACE BUSINESS IMPROVEMENT DISTRICT
2025 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Services Provided

The District was organized to provide the financing, acquisition, construction, completion, installation, replacement and/or operation and maintenance of all of the services and public improvements allowed under Colorado law for business improvement districts. Specific improvements and services provided by the District include water services, traffic and safety protection, sanitation services, street improvements, parks and recreation, transportation, television relay and translation, mosquito control, security, fire protection and emergency medical. The District's service area is located entirely within the City of Colorado Springs, El Paso County, Colorado.

The District was organized by Ordinance of the City of Colorado Springs on February 23, 2016.

At an election held on May 3, 2016, the voters approved general indebtedness of \$600,000,000 at a maximum interest rate of 18% for each of the following improvements and services: streets, water supply, sanitary sewer, traffic and safety controls, parks and recreation, transportation, television relay and translation, mosquito control, security, fire protection and emergency medical. The election authorized indebtedness of \$50,000,000 each for operations and maintenance, reimbursement agreements, and debt refunding. The voters also approved an annual increase in taxes of up to \$5,000,000 at a mill levy rate without limitation or with such limitations as may be determined by the board for the purpose of the District's operations, maintenance, and other expenses and an annual increase in taxes of up to \$25,000,000 at a mill levy rate without limitation or with such limitations as may be determined by the board for the purpose of the District's capital expenditures. The election also allows the District to retain all revenues without regard to the limitations contained in Article X, Section 20 of the Colorado Constitution.

Pursuant to the District's Operating Plan filed annually with the City, the maximum debt mill levy is 50 mills, and the maximum operating mill levy for the payment of administrative, operations and maintenance expenses is 10 mills. The maximum debt authorization for the District is \$50,000,000.

The District has no employees and all administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting, in accordance with requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District. The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

No assurance is provided. See summary of significant assumptions.

SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Revenues (Continued)

Property Taxes (Continued)

Pursuant to the Service Plan, the District is required to adjust its maximum Required Mill Levy for changes in the ratio of actual to assessed value of property within the District. As of December 31, 2025, the adjusted maximum mill levy for debt service is 52.881 mills. Required Mill Levy means an ad valorem mill levy imposed upon all taxable property of the District each year in a amount sufficient to pay the principal, premium if any, and interest on the Bonds as the same become due and payable, and to make up any deficiencies in the Reserve Fund.

The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

For property tax collection year 2025, SB22-238 and SB23B-001, SB 24-233, and HB24B-1001 set the assessment rates and actual value reductions as follows:

Category	Rate		Category	Rate	Actual Value Reduction	Amount
Single-Family Residential	6.70%		Agricultural Land	26.40%	Single-Family Residential	\$55,000
Multi-Family Residential	6.70%		Renewable Energy Land	26.40%	Multi-Family Residential	\$55,000
Commercial	27.90%		Vacant Land	27.90%	Commercial	\$30,000

Lodging	27.90%		State Assessed	27.90%	Lodging	\$30,000
			Oil & Gas Production	87.50%		

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District’s share will be equal to approximately 10% of the property taxes collected.

Developer Advance

The District is in the development stage. As such, the operating and administrative expenditures will be mainly funded by the Developer. A major portion of the capital expenditures are also expected to be funded by the Developer. Developer advances are recorded as revenue for budget purposes with an obligation for future repayment when the District is financially able to reimburse the Developer from bond proceeds and other legally available revenue.
