- **B.** What Must Be Included in the Operating Plan? Pursuant to the provisions of the Business Improvement District Act, Section 31-25-1201, et seq., C.R.S., as amended, this Operating Plan specifically identifies: (1) the composition of the Board of Directors; (2) the services and improvements to be provided by the District; (3) the taxes, fees, and assessments to be imposed by the District; (4) the estimated principal amount of the bonds to be issued by the District; and (5) such other information as the City may require.

Purposes.** As may be further articulated in prior Operating Plans, the ongoing and/or contemplated purposes of the District for 2026 include financing, acquisition, construction, completion, installation, replacement, and/or operation and maintenance of all of the services and public improvements allowed under Colorado law for business improvement districts.

On December 16, 2021, the District and AIPA Colorado Investments, LLC entered into a Reimbursement Agreement (Operations) and Facilities Funding and Acquisition Agreement. AIPA Colorado Investments, LLC anticipates conveying property located within the District to Gold Hill Development LLC, who will complete development of that property. The District and Gold Hill Development LLC entered into an Infrastructure Acquisition and Reimbursement Agreement and Funding and Reimbursement Agreement on September 23, 2024.

At the end of 2025, it is anticipated that the District will have an outstanding developer advance obligation to Gold Hill Development, LLC in the approximate amount of \$220,282 in principal and \$6,395 in interest. For developer agreements entered prior to January 1, 2023, interest accrues at a rate of 7% for operating advances and 8% for capital expenses. For developer agreements entered on or after January 1, 2023, interest accrues annually at a rate not to exceed the Index Rate plus 400 basis points.

On November 15, 2023, the District and the Colorado Springs Urban Renewal Authority entered into an Urban Renewal Agreement for Development of the Gold Hill Mesa Commercial Urban Renewal Area. On December 4, 2023, the District and Gold Hill North Metropolitan District Nos. 1 & 2 entered into an Intergovernmental District Facilities and Construction Service Agreement.

- **B.** Governance. The District is governed by an elected board of directors.
- *C. Current Board*. The persons who currently serve as the Board of Directors are:
- 1) Barry Brinton
- 2) John Olson
- 3) Luanne Ducett
- 4) Stephanie Edwards
- 5) Vacancy

Director and other pertinent contact information is provided in Exhibit A.

- **D.** Term Limits. The District's election on November 2, 2021 included a ballot question to eliminate term limits pursuant to Article 18, Section 11 of the Colorado Constitution. The question passed.
- **E.** Advisory Board. The Board of Directors may appoint one or more advisory boards to assist the Board of Directors on such matters as the Board of Directors desires assistance. The Board of Directors shall, upon the appointment of an advisory board, set forth its duties, duration, and membership. The Board of Directors may provide rules of procedure for the advisory board or may delegate to the advisory board the authority to provide such rules. No advisory boards have yet been appointed.

3. BOUNDARIES, INCLUSIONS AND EXCLUSIONS

The District completed boundary adjustments in late 2024 and early 2025. The District's boundary is approximately 50.648 acres with boundaries as depicted in Exhibit D. In the coming years, the District anticipates inclusion requests as development within the District occurs.

4. PUBLIC IMPROVEMENTS

The District will primarily be concerned with the provision of public improvements and services within the boundaries of the District, however, there may be instances to provide improvements or services outside of the boundaries of the District as part of the project. The District shall have the authority to provide these improvements and services, but the revenue-raising powers of the District to recoup the costs of existential improvements and services shall be as limited by state law.

The District anticipates it will construct, install or cause to be constructed and installed, include those Public Improvements the costs of which may, in accordance with the Business Improvement District Act, Section 31-25-1201, et seq., C.R.S., lawfully be paid for by the District, including, without limitation, water services, safety protection devices, sanitation services, street improvements, curbs, gutters, culverts, drainage facilities, sidewalks, parking facilities, paving, lighting, grading, landscaping and storm and wastewater management facilities and associated land acquisition, mitigation, and remediation (the "Public Improvements").

5. ADMINISTRATION, OPERATIONS, SERVICES, PROPERTY OWNERSHIP AND MAINTENANCE

The District shall provide for ownership, operation, and maintenance of District facilities as activities of the District itself or by contract with other units of government or the private sector. The District does not anticipate having any employees.

6. FINANCIAL PLAN AND BUDGET

A. 2026 Budget. The 2026 Budget for the District is attached as Exhibit B.

B. Authorized Indebtedness. The District held an election on November 2, 2021 for the purpose of authorizing debt, taxes, revenue limits, spending limits, special assessments, and such other matters as may be necessary or convenient for the implementation of Art. X, Sec. 20 of the Colorado Constitution and the Operating Plan. The initial maximum debt authorization for the District shall be \$90,000,000. The District shall not issue debt in excess of the initial maximum debt authorization amount without the City's express prior approval. The initial maximum debt authorization will provide the District with sufficient debt capacity to finance the proposed Public Improvements for the entire project. The total amount of the cost of the proposed Public Improvements for the project will be allocated between the District and the Gold Hill North Metropolitan District Nos. 1 & 2 as appropriate and as development occurs.

C. Maximum Debt and Operating Mill Levies. The District taxing ability shall be constrained to a mill levy limitation of up to 50 mills for debt service and up to 10 mills for general operations and administrative expenses due to the on-going operations and maintenance the District will undertake within its boundaries; provided, the mill levy caps set forth in this paragraph may be subject to upward or downward adjustments addressing any Mill Levy Adjustment or any abatement occurring after, but not before January 1, 2006. Such upward or downward adjustments

are to be determined by the Board of Directors in good faith (such determination to be binding and final) so that to the extent possible, the actual tax revenue generated by the mill levy, as adjusted for changes occurring after January 1, 2006, are neither diminished nor enhanced as a result of such changes.

- **D. District Revenues.** The District anticipates developer funding for initial revenue sources and thereafter revenues derived from property taxes. The District also anticipates relying on public improvement fees to support public improvement construction and bonds for that purpose. See 2026 Budget attached hereto as **EXHIBIT B**.
- *E. Existing Debt Obligations*. On December 19, 2024, the District issued Series 2024A Limited Tax General Obligation and Special Revenue Bonds ("Series 2024A Bonds") in the amount of \$22,100,000 and 2024B Subordinate Limited Tax General Obligation and Revenue Bonds ("Series 2024B Bonds") in the amount of \$2,345,000. The Series 2024A Bonds will bear interest at a rate of 5.600%, and the Series 2024B Bonds will bear interest at the rate of 8.000% per annum. As of the date of this report, the Series 2024A Bonds has accrued interest in the amount of \$41,253, and the Series 2024B Bonds has accrued interest in the amount of \$6,253. The Series 2024A Bonds mature on December 1, 2054 and the Series 2024B Bonds mature on December 15, 2054.
- F. Future Debt Obligations. The District does not anticipate issuing Debt in 2026.
- G. Developer Funding Agreements. As noted above, on December 16, 2021, the District and AIPA Colorado Investments, LLC entered into a Reimbursement Agreement (Operations) and Facilities Funding and Acquisition Agreement. AIPA Colorado Investments, LLC anticipates conveying property located within the District to Gold Hill Development LLC, who will complete development of that property. The District and Gold Hill Development LLC entered into an Infrastructure Acquisition and Reimbursement Agreement and Funding and Reimbursement Agreement on September 23, 2024. The District may also enter into agreements with other districts encompassing adjacent developments in order to cooperate on infrastructure projects. At the end of 2025, it is anticipated that the District will have an outstanding developer advance obligation to AIPA Colorado Investments, LLC in the approximate amount of \$162,164 in principal and \$44,061 in interest. At the end of 2025, it is anticipated that the District will have an outstanding developer advance obligation to Gold Hill Development, LLC in the approximate amount of \$220,282 in principal and \$6,395 in interest. For developer agreements entered prior to January 1, 2023, interest accrues at a rate of 7% for operating advances and 8% for capital expenses. For developer agreements entered on or after January 1, 2023, interest accrues annually at a rate not to exceed the Index Rate plus 400 basis points.

Any Developer Funding Agreements entered into by the District after January 1, 2023 shall be limited to a term of no greater than twenty (20) years, from the time of the first such agreement, after which time any remaining balances must be either converted to Debt or shall no longer be considered an obligation of the District. The Interest Rate on any new Developer Funding Agreements entered into after January 1, 2023 shall not exceed the Index Rate plus 400 basis points, and interest shall only accrue on the principal balance.

- *H. Other Financial Obligations*. The District may enter into agreements, including reimbursement or similar agreements and leases, as well as agreements for ongoing services such as legal, administration, compliance, budget, audit, etc.
- *I. City Charter Limitations*. In accordance with 7-100 of the City Charter, the District shall not issue any Debt instrument for any purpose other than construction of capital improvements with a public purpose necessary for development. As set forth in 7-100 of the City Charter, the total Debt of any proposed District shall not exceed 10 percent of the total assessed valuation of the taxable property within the District unless approved by at least a two-thirds vote of the entire City Council.
- *J. Limited-Default Provisions*. Limited tax general obligation bonds issued by the District shall be structured and/or credit enhancements provided such that the bonds cannot default as long as the District is imposing the required maximum allowed mill levy.
- K. Privately Placed Debt and Related Party Privately Placed Debt. Prior to the issuance of any Privately Placed Debt for capital related costs, the District shall obtain the certification of an External Financial Advisor regarding the fairness and feasibility of the interest rate and the structure of the Debt. The Interest Rate for Related Party Privately Placed Debt shall not exceed the Index Rate by more than 400 basis points. Related Party Privately Placed Debt shall not be issued with an optional call date of greater than five (5) years from the date of issuance.
- *L. End User Fee Limitation.* The District shall not impose an End User Fee for the purpose of servicing District Debt without prior approval of City Council.
- M. Debt Not an Obligation of the City. The debt of the District will not constitute a Debt or obligation of the City in any manner. The faith and credit of the City will not be pledged for the repayment of the debt of the District. This will be clearly stated on all offering circulars, prospectus, or disclosure statements associated with any securities issued by the District.
- *N. Land Development Entitlements.* The District shall not issue Debt, enter into any other Long Term Financial Obligation or certify a Debt Mill Levy unless a Land Development Entitlement has been approved for the Property.

7. MUNICIPAL OVERSIGHT OF DISTRICT ACTIVITIES

- **A.** Audit. Even if the State of Colorado grants an audit exemption, the District must submit an annual audit as specified above.

Services Provided

The District was organized to provide the financing, acquisition, construction, completion, installation, replacement and/or operation and maintenance of all of the services and public improvements allowed under Colorado law for business improvement districts. Specific improvements and services provided by the District include water services, traffic and safety protection, sanitation services, street improvements, parks and recreation, transportation, television relay and translation, mosquito control, security, fire protection and emergency medical. The District's service area is located entirely within the City of Colorado Springs, El Paso County, Colorado.

The District was organized by Ordinance of the City of Colorado Springs on August 21, 2021. Pursuant to the District's Operating Plan filed annually with the City, the maximum debt mill levy is 50 mills, and the maximum operating mill levy of 10 mills for the payment of administrative, operations and maintenance expenses. The maximum debt authorization for the District is \$90,000,000.

The District has no employees and all administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting, in accordance with requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenues

Developer Advance

The District is in the development stage. As such, the operating and administrative expenditures will be mainly funded by the Developer. Developer advances are recorded as revenue for budget purposes with an obligation for future repayment when the District is financially able to reimburse the Developer from bond proceeds and other legally available revenue.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

Revenues – (Continued)

Property Taxes – (Continued)

For property tax collection year 2026, HB24B-1001 set the assessment rates as follows:

Category	Rate	Category Rate
Single-Family Residential	6.25%	Agricultural Land 27.00%
Multi-Family Residential	6.25%	Renewable Energy Land 27.00%
Commercial	27.00%	Vacant Land 27.00%
Industrial	27.00%	Personal Property 27.00%
Lodging	27.00%	State Assessed 27.00%
		Oil & Gas Production 87.50%

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 9.50% of the total property taxes collected.

Public Improvement Fees

The District intends to charge public improvement fees (PIF). The nature of the PIF is that of a fee imposed under private contract and not through the exercise of any governmental taxing authority. The PIF is applied to the sale of goods, in addition to all sales and use taxes that may be imposed and is collected by the retailers in the District and remitted to the District.

Intergovernmental Revenue

Property taxes generated from the mills levied by Gold Hill North Metropolitan District No. 1 and No. 2 for operations and maintenance, net of fees, are expected to be transferred to the District, which pays all administrative expenditures of Gold Hill North Metropolitan District No. 1 and No. 2.

Property taxes generated from the mills levied by Gold Hill North Metropolitan District No. 1 for debt service net of fees, are expected to be transferred to the District, which will be pledged to bonds issued in 2024.

Expenditures

Administrative and Operating Expenditures

Operating and administrative expenditures include the estimated services necessary to maintain the District's administrative viability such as legal, management, accounting, insurance and meeting expense.

Capital Outlay

The District anticipates infrastructure improvements as noted in the Capital Projects Fund.

Debt Service

Principal and interest payments are provided based on the debt amortization schedule from the Series 2024A & 2024B Bonds. (Discussed under Debt and Leases).

Debt and Leases

On December 19, 2024 the District issued Limited Tax General Obligation and Special Revenue Bonds (Series 2024A Senior Bonds) for the purpose of: (a) paying the Project Costs, (b) funding capitalized interest on the 2024A Senior Bonds, (c) funding the Initial Deposit to the Surplus Fund, and (d) paying other costs in connection with the issuance of the 2024A Senior Bonds and the 2024B Subordinate Bonds. The 2024A Senior Bonds will bear interest at a rate of 5.600% payable annually on December 1, beginning on December 1, 2025. Annual mandatory sinking fund principal payments are due annually on December 1, beginning on December 1, 2030. The 2024A Senior Bonds mature on December 1, 2054.

On December 19, 2024 the District issued Subordinate Limited Tax General Obligation and Special Revenue Bonds (Series 2024B Subordinate Bonds) for the purpose of paying additional Project Costs. The 2024B Subordinate Bonds are structured as cash flow bonds meaning that there are no scheduled payments of principal prior to the final maturity date. Rather, principal on the 2024B Subordinate Bonds is payable annually on each December 15, commencing December 15, 2025, from, and to the extent of available Subordinate Pledged Revenue (defined below). The 2024B Subordinate Bonds mature on December 15, 2054. The 2024B Subordinate Bonds will bear interest at the rate of 8.000% per annum payable annually on each December 15, but only from and to the extent of available Subordinate Pledged Revenue, beginning on December 15, 2025. To the extent principal of any 2024B Subordinate Bond is not paid when due, such principal shall remain outstanding until the earlier of its payment or December 15, 2064 (the "2024B Termination Date"). In the event interest on any 2024B Subordinate Bond is not paid when due, such interest is to compound annually on each December 15, at the rate then borne by the 2024B Subordinate Bond until the earlier of its payment or the Subordinate Termination Date. All of the 2024B Subordinate Bonds and interest thereon shall be deemed to be paid, satisfied, and discharged on the Subordinate Termination Date, regardless of the amount of principal and interest paid prior to such date.

Reserves

Debt Service Surplus Fund Reserve

The 2024A Senior Bonds are additionally secured by the Surplus Fund. Except for the Initial Deposit of \$1,968,000, the Surplus Fund will not be funded from proceeds of the 2024A Senor Bonds but shall be funded solely by Pledged Revenue that is not needed to pay debt service on the 2024A Senior Bonds in any year, up to the Maximum Surplus Amount of \$4,420,000. The forecast expects the Surplus Fund to be drawn upon each year in 2028 through 2029 to meet annual debt service requirements of the 2024A Senior Bonds.

Emergency Reserve

The District has provided for an emergency reserve fund equal to at least 3% of fiscal year spending as defined under TABOR.

This information is an integral part of the accompanying budget.
