8. Items Called Off Consent Calendar

- 4B.C.** [24-230](#) Request for approval of settlement amount in a claim arising from the use of force on October 9, 2022.

Presenter:

Wynetta Massey, City Attorney/Chief Legal Officer

Attachments: [24-230 CityCouncilSummary](#)

Councilmember Donelson stated he pulled this item off the Consent Calendar because he and other citizens are getting tired of the City paying \$2 million settlements like this where Police Officers are required to use physical force to make individuals comply to their reasonable requests. He stated these cases should be decided by the courts and he believes by the

City paying these, it encourages more lawsuits to be brought against the City.

Motion by Councilmember Leinweber, seconded by Councilmember Talarico, that the request for approval of the \$2,100,000.00 settlement amount for the claim arising from a October 9, 2022 police contact be approved. The motion passed by a vote of 7-1-1-0

[Signed Ordinance No. 24-32.pdf](#)

Shantel Withrow, Division Chief - Prosecution, City Attorney's Office, presented the Ordinances amending City Code pertaining to Automated Vehicle Identification Systems (AVIS). She stated Senate Bill 24195 has passed and is pending signature from the Governor but nothing about that would impact the Ordinances.

Councilmember Henjum asked why it is important to start using these AVIS speed cameras. Adrian Vasquez, Chief, Colorado Springs Police Department (CSPD), stated it is to bring the City in alignment with the state law that has already been approved and they need as much traffic safety help as they can get in the school zones, residential areas, construction zones, and municipal parks.

Councilmember Henjum asked how many fatal crashes there have been this year. Chief Vasquez stated there have been eighteen and speed is often a contributing factor to dangerous driving and crashes.

Councilmember Donelson requested the data regarding the effectiveness of preventing crashes for the Photo Red Light cameras. Chief Vasquez stated he already sent that information to City Council, but he believes twelve of the intersections showed a reduction in crashes.

Councilmember Donelson stated he will be voting against this because it is a money penalty, there will no points against the driver's license, out-of-state drivers will not be penalized, and only two deaths were a result of speed as a factor so he does not believe it will have a significant impact on reducing deaths and crashes. Chief Vasquez stated many citizens are concerned with speeding issues in these areas and this system should not be evaluated only on the number of deaths. Ms. Withrow stated this system is only one part of a large strategy to improve traffic safety.

President Pro Tem Crow-Iverson stated she supports this program but is concerned there is not a way to track the fiscal impact of this system and would like to see reports throughout the year to see if the City is making or losing money on it.

President Helms stated even with its limitations, he supports this program.

Councilmember Avila stated this is a great program to start a behavior change, most of the complaints she receives from her constituents are regarding speeding, and she supports it.

Councilmember Leinweber stated there are cameras everywhere to capture people committing crimes, they need to change the behavior of speeding, and this is the best option the City has at this time.

Motion by Councilmember Henjum, seconded by Councilmember Talarico, that the Ordinance No. 24-32 Amending Section 201 (General Penalty) of Part 2 (General Penalty) of Article 1 (Administration) of Chapter 1 (Administration, Personnel and Finance) of the Code of the City of Colorado Springs 2001, as amended, Pertaining to Automated Vehicle Identification Systems be finally passed.
