- Old Broadmoor Neighborhood Association
- Apartment Association of the Pikes Peak Region
- Council of Neighbors and Organizations (CONO)
- El Paso County Community Services
- Cheyenne Mountain Zoo
- Humane Society of the Pikes Peak Region
- Colorado Parks and Wildlife

Mission

- Reduce human/bear conflict by restricting access to waste, foster a better understanding of black bears for citizens, and significantly reduce the number of bears euthanized in Colorado Springs due to human/bear interaction.

Photo: Steve Uffman, BearWise

Goals

- Increase public safety
- Reduce property damage
- Provide public education & awareness
- Seek funding for grants, education and marketing
- Reduce euthanasia of black bears in El Paso County
- Reduce waste pollution

Strategies for humans and bears to coexist

- Activate PLAN COS (Colorado Springs Comprehensive plan) and become stewards of our environment
- Interface wildlife and urban boundaries
- Modify waste habits to reduce human/bear conflicts

Bear resistant waste container at Cheyenne Mountain Zoo

Public Education Action in 2018

- Distribute educational materials via newspapers, magazines, handouts, libraries, HOA's & associations
- Host interactive booths at community events
- Utilize CPW bear aware volunteers
- Provide articles and photos for traditional news articles
- Message on social media sites and blogs

Continued Public Education

- Volunteers post BEAR AWARE signs in neighborhoods with significant bear activity
- Citizens may request signs through blog site
- springsbeartaskforce.blogspot.com

Why take action?

- Excessive waste leads to high bear activity
- Bears become habituated
- CPW study to reduce conflict
- Reducing conflict requires ALL residents and businesses to participate

5-Year-Old Girl Attacked, Dragged By Black Bear In Colorado

GRAND JUNCTION, CO -- A 5-year-old girl is recovering Sunday after she was attacked and dragged by a black bear in Grand Junction. Colorado Parks and Wildlife officials said the incident happened overnight in East Orchard Mesa, above the Colorado River

Colorado Springs

Gateway to the Rocky Mountains

- Colorado Springs is the Gateway to the Rocky Mountains, and its natural beauty, nature and wildlife must be preserved. As well, we must protect our residents, tourists, and visitors. With strategic effort and planning, we can protect people and wildlife
