Job Title

Which Boards would you like to apply for?

Colorado Springs Health Foundation : Submitted

Interests & Experiences

Why are you interested in serving on a board or commission?

I would like to continue my Board Service on the Colorado Springs Health Foundation. As a native of Colorado Springs, I have a deep-rooted commitment to the success of my community and I am passionate about community health. I graduated from Coronado High School, I hold 2 Bachelor's degrees from Regis University in Denver and I completed my Master of Public Health degree at Boston University. I have served as a grant maker in health for over 15 years. I currently serve as the Regional Community Partner at The Colorado Trust where I work with Coloradans in cities, towns and neighborhoods across the state to encourage and strengthen resident- and community-led funding initiatives. I have over 20 years of community health experience working both nationally and internationally, from the grassroots level to the federal and international health agency level. I have previously worked in chronic disease, infectious disease, violence prevention and health equity at Kaiser Permanente Colorado, the Centers for Disease Control and Prevention, and Multnomah County Health Department. Internationally, I have worked at the Pan American Health Organization in Chile to address gender-equity and at the Chol Chol Foundation providing micro credit loans to the indigenous Mapuche women. I have a passion for improving community health, ameliorating health disparities and addressing the social determinants of health to improve health for all populations. Locally I have served on several boards including: Tri Lakes YMCA, Colorado Springs Diversity Council, The Rocky Mountain Women's Film Institute and the Continuum of Care. I currently serve on the Colorado Springs Health Foundation Board. I have received the following accolades: Girl Scouts of Colorado Woman of Distinction Award, Colorado Springs Business Journal's Rising Star and the Public Health Champion Award from El Paso County Public Health. I am a graduate of the Colorado Springs Leadership Institute, Leadership Pikes Peak and the Community Leadership Program at the Center for Creative Leadership. I was also recently selected to serve on the nominating committee for Transforming Safety, commonly referred to as House Bill 17-1326.
