[Signed Resolution 13-22](#)

Tristan Gearhart, Chief Planning and Finance Officer, Colorado Springs Utilities (CSU) presented the Resolutions setting the Gas Cost Adjustment (GCA) and Electric Cost Adjustment (ECA) effective February 1, 2022. He provided an overview of the rates decrease, natural gas prices as of December 31, 2021, ECA and GCA projections for January 2022, sample bill impact of the proposed February 2022 rate, sample total monthly bill reference, residential natural gas bill impacts, and how customers can receive assistance.

Councilmember Henjum asked for a comparison of CSU's previous increase to other utility companies. Mr. Gearhart explained Excel Energy had three increases of a total rate increase of sixty-two percent for natural gas which is typical.

Councilmember Henjum requested the results of the CSU audit. Jacquelyn Rowland, City Auditor, stated the rate change was found to be consistent with the tariff, the methodology applied was consistent, and the calculations were deemed accurate, so no concerns were identified.

Councilmember Williams stated they anticipate there will be another decrease in the future as well as a Taxpayer Bill of Rights (TABOR) refund on utility bills.

President Strand stated the sample monthly bill does depend on the size, age, and temperature of the house. Mr. Gearhart stated it also is dependent on the weather.

Citizen Jerima King stated COPE and LEAP assistance are not available to children born in the United States if their parts are undocumented residents.

Citizen Jaymen Johnson asked if the closing of the Martin Drake Power

Station impacted the rate adjustment. Mr. Gearhart explained they reviewed gas prices at several different levels and every analysis proved that by not having the fixed costs associated with the Martin Drake Power Station, the economics showed a reduced cost to CSU customers.

Motion by Councilmember Williams, seconded by Councilmember O'Malley, that the Resolution setting the Gas Cost Adjustment effective February 1, 2022 be adopted. The motion passed by a vote of 9-0-0

Anne Turner, Assistant City Attorney - Litigation/Employment, presented the Ordinance amending Section 112 (Sitting or Lying in Commercial Districts) of Article 2 (Offenses Affecting Public Safety) of Chapter 9 (Public Offenses) of the City Code also known as the Pedestrian Access Act. She gave an overview of the current City Code, definition of public right-of-way, affirmative defenses, map of Old Colorado City (OCC), and a map of downtown.

Commander John Koch, Colorado Springs Police Department (CSPD), identified why the conduct is unsafe, Mercurial Security Solutions, citations issued by CSPD, boundary expansion, new proposed boundary, north boundary, south boundary, background data, citizen generated calls for service, Officer initiated calls by area, proposed implementation, and cost.

Councilmember O'Malley asked why the proposed perimeter does not expand to the outer rim of the City. Commander Koch explained it is due to the hot spots being located primarily in high amounts of development, where there are restrictions to right-of-way, and the resources to effectively police the area.

Councilmember Henjum asked how many people have been arrested or gone to jail for lying on the sidewalk. Chantel Withrow, Interim Prosecution Division Chief, City Attorney's Office, stated they do not have those numbers because it has a staggered penalty offense, and they generally offer alternatives to incarceration. Councilmember Henjum requested this data be tracked going forward.

Councilmember Murray stated he will support this Ordinance, but the City needs to make a commitment to get individuals the help they need and not just through a program which is grant funded.

Citizens Reverend Claire Twomey, Co-Pastor with Vista Grande United

Church of Christ, Hettie McKing, Mike and Shawna Person with Springs Alliance, Betty Fields, Kristy Milligan, CEO Westside Cares, Melissa Hall, Deborah Dodd-Wynn, Shawn Walls, Jonathan Christiansen, spoke in opposition of the proposed Ordinance.

Citizens John Kim, Nick Xenos with the Vanguard School, Steve Mulliken, Jerry White with Bike Colorado Springs spoke in favor of expanding the proposed boundaries identified in the proposed Ordinance and requested a further expansion.

Citizen Jaymen Johnson recommended this item be postponed in order to approach the issue in a different way.

Citizens Susan Edmondson, President and CEO with Downtown Partnership, and Jack Briggs, President of Springs Rescue Mission who gave an overview of the availability of space, services, and resources for individuals experiencing homelessness, spoke in support of the proposed Ordinance.

Councilmember Avila asked what the capacity of the Springs Rescue Mission is. Mr. Briggs stated they have bed space for 450 people, the Day Center Fire Code occupancy rate is listed at a 120 people, and there is also expandable space available if necessary.

Councilmember Murray asked if there is capacity at the Springs Rescue Mission for everyone who would be affected by this Ordinance. Mr. Briggs confirmed they do, but they do not believe the proposed Ordinance would create a flood of people to the facility.

Councilmember Murray stated the only resolution to this discussion would be to encircle the entire City with this proposed Ordinance.

Councilmember Fortune requested a list of programs the City is utilizing to help people experiencing homelessness.

Councilmember Henjum stated she believes everyone's intention is to provide security for pedestrians and business owners, the efficient use of taxpayer dollars, and resources, and the effective and humane treatment of individuals experiencing homelessness, but this Ordinance only addresses the first intention. She stated instead of calling CSPD to address this issue,

the City should expand a service-centered approach such as the Homeless Outreach Team (HOT).

Councilmember Henjum requested this item be postponed and prioritize the HOT being funded with City budget dollars instead of relying on unreliable grant funding.

Councilmember Avila stated she supports the request to postponement because she does not believe there has been enough public process on this item and wants the data regarding how many people have been incarcerated or fined because of the current law.

Councilmember Williams stated he believes the proposed eastern boundary should be examined but does not believe in delaying this effective tool for six months for the rest of the proposed boundary expansion because there is already sufficient space available at the Springs Rescue Mission if needed.

Councilmember Fortune asked about the public process for the current law. Ms. Turner stated the public process began in 2016 when the original Ordinance was presented.

Jeff Greene, Chief of Staff, stated the Administration has been very involved in providing support regarding outreach services, but this item addresses the ability to support the CSPD who work very closely with the individuals affected by the proposed Ordinance and give Police Officers effective tools to help all citizens in the community. He stated he and the Mayor support this item and urged City Council to do the same.

Motion by Councilmember Henjum, seconded by Councilmember Avila, that the Ordinance amending Section 112 of Article 2 of Chapter 9 of the Code of the City of Colorado Springs 2001, as amended, pertaining to commercial districts be postponed for six months. The motion failed by a vote of 3-6-0-0

Aye: 3 - Avila, Henjum, and Murray

No: 6 - Donelson, Helms, Fortune, O'Malley, Strand, and Williams

Councilmember Avila stated this Ordinance criminalizes and tries to hide or push away the poor citizens of the community and there are not enough services being offered to homeless people.

Councilmember Henjum requested the Administration work with City Council to fund the HOT Team through the City budget and service-oriented approaches to assist people experiencing homelessness.

Motion by Councilmember O'Malley, seconded by Councilmember Donelson, that the Ordinance amending Section 112 of Article 2 of Chapter 9 of the Code of the City of Colorado Springs 2001, as amended, pertaining to commercial districts be approved on first reading. The motion passed by a vote of 7-2-0-0

Aye: 7 - Donelson, Helms, Fortune, Murray, O'Malley, Strand, and Williams
