TO WHOM IT MAY CONCERN:

Acumen is a local environmental firm located about a block or two away from Iron Mountain. Acumen shares similar goals of Iron Mountain in the quest to keep neighborhoods clean, safe, and environmentally friendly. Acumen has teamed up with Iron Mountain on a number of occasions to meet the needs of local commercial and residential property owners in the development and re-development of neighborhoods.

Acumen is in support of a new transfer station at the Iron Mountain facility and is excited at the potential expansion. Acumen conducts business throughout Colorado and will continue to rely heavily upon Iron Mountain to render services.

If there are further questions or Acumen can provide additional support to Iron Mountain, please let us know.
