Re: North Gate Boulevard Addition No. 10 Annexation Project Statement

North Gate Boulevard Addition Number 10 annexation is for a small section along the southerly portion of North Gate Boulevard right-of-way located at 125 North Gate Blvd near Struthers Road. This annexation area is comprised of 0.3289 total acres and is contiguous to the city limits along the northerly portion.

North Gate Boulevard in this area is mostly within the City limits with the exception of this small section. The City has received a special warranty deed from the Western Museum of Mining & Industry for this section and now is being submitted with the annexation petition. Since the parcel being annexed is for right-of-way only there will be no requirement to establish a zone.
