1. PURPOSE AND SCOPE OF THIS DISTRICT

A. Requirement for this Operating Plan.

The Business Improvement District Act, specifically Section 31-25-1211, C.R.S., requires that the Barnes & Powers North Business Improvement District (the "District") file an operating plan and budget with the City Clerk no later than September 30 of each year.

Under the statute, the City is to approve the operating plan and budget within 30 days of the submittal of all required information.

The District operates under the authorities and powers allowed under the Business Improvement District Act, Section 31-25-1201, *et seq.*, C.R.S., as amended, as further described and limited by this Operating Plan.

B. What Must Be Included in the Operating Plan?

Pursuant to the provisions of the Business Improvement District Act, Section 31-25-1201, *et seq.*, C.R.S., as amended, this Operating Plan specifically identifies: (1) the composition of the Board of Directors; (2) the services and improvements to be provided by the District; (3) the taxes, fees, and assessments to be imposed by the District; (4) the estimated principal amount of the bonds to be issued by the District; and (5) such other information as the City may require.

The District's original 2004 and subsequent Operating Plans, previously approved by the City, are incorporated herein by reference, and shall remain in full force and effect except as specifically or necessarily modified hereby.

C. Purposes.

As may be further articulated in prior years' Operating Plans, the ongoing and/or contemplated purposes of this District for 2024 include financing, acquisition, construction, completion, installation, replacement and/or operation and maintenance of all of the services and public improvements allowed under Colorado law for business improvement districts. Specific improvements and services provided by the District include parking facilities, roadways, lighting, driveways, public utilities and landscaping consistent with prior years' activities.

D. Ownership of Property or Major Assets.

The District owns certain parking, water, and sanitary storm/sewer improvements.

E. Contracts and Agreements.

Pursuant to an Intergovernmental Agreement with Barnes & Powers South Business Improvement District, dated November 30, 2011, the intergovernmental

revenue represents transfers from Barnes & Powers South Business Improvement District to provide joint funding for the overall administrative and operating costs for the two Districts and payment of capital infrastructure.

2. ORGANIZATION AND COMPOSITION OF THE BOARD OF DIRECTORS

A. Organization.

The Barnes & Powers North Business Improvement District was organized by the City of Colorado Springs, Colorado by Ordinance No. 04-49 on April 27, 2004.

B. Governance.

The District is governed by an elected board of directors.

C. Current Board.

The persons who currently serve as the Board of Directors are:

Timothy Seibert, President Christopher S. Jenkins, Vice-President David D. Jenkins, Secretary Delroy L. Johnson, Assistant Secretary Vacancy

Director and other pertinent contact information are provided in **EXHIBIT A**.

D. Term Limits.

The District's election in May 2012 included a ballot question to eliminate term limits pursuant to Article 18, Section 11 of the Colorado Constitution. The question passed.

E. Advisory Board.

The Board of Directors may appoint one or more advisory boards to assist the Board of Directors on such matters as the Board of Directors desires assistance. The Board of Directors shall, upon the appointment of an advisory board, set forth its duties, duration, and membership. The Board of Directors may provide rules of procedure for the advisory board or may delegate to the advisory board the authority to provide such rules. No advisory boards have yet been appointed to date.

3. BOUNDARIES, INCLUSIONS AND EXCLUSIONS

The District map is depicted in **EXHIBIT C**. The District does not anticipate inclusion or exclusion requests in the coming year.

4. PUBLIC IMPROVEMENTS

The District will be primarily concerned with the provision of Public Improvements and services within the boundaries of the District; however, there may be instances to provide

improvements or services outside of the boundaries of the District. The District shall have the authority to provide these improvements and services, but the revenue-raising powers of the District to recoup the costs of extraterritorial improvements and services shall be as limited by state law.

The public improvements that the District anticipates it will construct, install or cause to be constructed and installed, include those public improvements the costs of which may, in accordance with the Business Improvement District Act, Section 31-25-1201, *et seq.*, C.R.S., lawfully be paid for by the District, including, without limitation, water services, safety protection devices, sanitation services, marketing, streetscape improvements, street improvements, curbs, gutters, culverts, drainage facilities, sidewalks, parking facilities, paving, lighting, grading, landscaping and storm and wastewater management facilities and associated land acquisition and remediation.

5. ADMINISTRATION, OPERATIONS, SERVICES, PROPERTY OWNERSHIP AND MAINTENANCE

The District shall provide for ownership, operation, and maintenance of District facilities as activities of the District itself or by contract with other units of government or the private sector. The District does not have any employees.

6. FINANCIAL PLAN AND BUDGET

A. 2024 Budget.

The 2024 Budget for the District is attached as **EXHIBIT B**.

B. Authorized Indebtedness.

At an election held on May 4, 2004, the voters approved general obligation indebtedness of \$2,600,000 for street improvements, \$2,600,000 for parking facilities, and \$6,500,000 for refinancing of District debt. The voters also approved an annual increase in taxes of \$15,000 at a mill levy rate not to exceed one mill for general operation and maintenance. The election also authorized the District to retain all revenues without regard to the limitations contained in Article X, Section 20 of the Colorado constitution. On November 1, 2005, the District's electors authorized additional indebtedness of \$450,000 for water and \$150,000 for sanitary sewer. As set forth in the District's 2007 Operating Plan, the City has limited the amount of debt to be issued to a total of \$4,950,000. This maximum debt authorization amount shall not be exceeded without express prior approval by the City. No additional debt authorizations are contemplated in 2024.

C. Maximum Debt and Operating Mill Levies.

The mill levy limitations in the original Operating Plan remain unchanged. The Maximum Debt Mill Levy is fifty (50) mills. The Maximum Operating Mill Levy is one (1) mill. The mill levy caps set forth in this paragraph may be subject to upward or downward adjustments addressing any Mill Levy Adjustment or any

abatement occurring after, but not before January 1, 2004. Such upward or downward adjustments are to be determined by the Board of Directors in good faith (such determination to be binding and final) so that to the extent possible, the actual tax revenue generated by the mill levy, as adjusted for changes occurring after January 1, 2004, are neither diminished nor enhanced as a result of such changes.

D. District Revenues.

See 2024 Budget attached hereto as **EXHIBIT B**.

E. Existing Debt Obligations.

The District issued its \$4,000,000 Limited Tax General Obligation Bonds, Series 2007 ("Series 2007 Bonds") to acquire capital improvements that the developer built, as contemplated in the 2007 Operating Plan. The City approved the Series 2007 Bonds by Resolution No. 84-07. Following the issuance of its Series 2007 Bonds, the District has \$950,000 in remaining debt authorization.

F. Future Debt Obligations.

The District does not intend to issue Debt in 2024.

G. Developer Funding Agreements.

The District and Barnes & Powers North, LLC entered into a Facilities Funding and Reimbursement Agreement, effective February 22, 2017. At the end of 2023, it is anticipated that the District will have an outstanding developer advance obligation in the amount of \$119,657 in principal and \$72,707 in interest. Interest accrues at a rate of 7% for operating advances and 8% for capital expenses.

Any Developer Funding Agreements entered into by the District after January 1, 2023 shall be limited to a term of no greater than twenty (20) years, from the time of the first such agreement, after which time any remaining balances must be either converted to Debt or shall no longer be considered an obligation of the District. The Interest Rate on any new Developer Funding Agreements entered into after January 1, 2023 shall not exceed the Index Rate plus 400 basis points, and interest shall only accrue on the principal balance.

H. Other Financial Obligations.

The District entered into a lease agreement on April 28, 2014 with Barnes and Powers North No. 1, LLC to lease certain property for the purpose of public parking, traffic and pedestrian circulation areas, landscaping, utilities, signage, drainage, sidewalks, pedestrian ways, public art, shelters, bus stops, ramps and curbs, and other similar facilities for public events, festivals, recreation, concerts, and other public uses and services. The agreement does not represent a multi-fiscal year obligation and renews annually at the option of the District and subject to appropriation in the District's annual budget.

I. City Charter Limitations.

In accordance with 7-100 of the City Charter, the District shall not issue any Debt instrument for any purpose other than construction of capital improvements with a public purpose necessary for development. As set forth in 7-100 of the City Charter, the total Debt of any proposed District shall not exceed 10 percent of the total assessed valuation of the taxable property within the District unless approved by at least a two-thirds vote of the entire City Council.

J. Limited-Default Provisions.

Limited tax general obligation bonds issued by the District shall be structured and/or credit enhancements provided such that the bonds cannot default as long as the District is imposing the required maximum allowed mill levy.

K. Privately Placed Debt and Related Party Privately Placed Debt.

Prior to the issuance of any Privately Placed Debt for capital related costs, the District shall obtain the certification of an External Financial Advisor regarding the fairness and feasibility of the interest rate and the structure of the Debt. The Interest Rate for Related Party Privately Placed Debt shall not exceed the Index Rate more than 400 basis points. Related Party Privately Placed Debt shall not be issued with an optional call date of greater than five (5) years from the date of issuance.

L. End User Debt Service Fee Limitation.

The District shall not impose an End User Debt Service Fee for the purpose of servicing District Debt without prior approval of City Council.

- **M. Debt Not an Obligation of the City.** The debt of the District will not constitute a Debt or obligation of the City in any manner. The faith and credit of the City will not be pledged for the repayment of the debt of the District. This will be clearly stated on all offering circulars, prospectus, or disclosure statements associated with any securities issued by the District.
- **N.** Land Development Entitlements. The District shall not issue Debt, enter into any other Long Term Financial Obligation or certify a Debt Mill Levy unless a Land Development Entitlement has been approved for the Property.

7. MUNICIPAL OVERSIGHT OF DISTRICT ACTIVITIES

A. Audit.

The District agrees to submit an annual audit to the City Finance Department no later than March 1st of each year which is performed by an independent certified public accounting firm. Even if the State of Colorado grants an audit exemption, the District must submit an annual audit as specified above.

B. *SID Formation*.

The District affirms that it will provide an Amended Operating Plan and seek prior approval of City Council prior to formation of any Special Improvement District or Authority within its boundaries in the future.

C. City Authorization Prior to Debt Issuance.

In accordance with the City's Special District Policy, and notwithstanding any statements of intent in the Budget and Operating Plan, the District shall request and obtain approval from the City Council prior to issuance of any Debt in accordance with the financing plan for the District as previously approved. The standards for City approval shall generally be consistency with the City's Special District Policy, as it may be amended, along with the most recently approved operating plan and budget and any requirements or limitations contained therein to the extent that they are consistent with the financing plans for the District.

D. Public Improvement Fees.

The District will not utilize any revenues from a new, increased or expanded public improvement fee ("PIF") unless specifically authorized in this or a subsequent operating plan and budget, or separately approved by City Council. The imposition of a PIF and any provisions for adjustment of a PIF that have been previously approved by City Council shall not be subject to this restriction.

E. Condemnation.

The Colorado Revised Statutes do not authorize BIDs to use powers of eminent domain. The exercise of eminent domain authority by any City-authorized district is also specifically prohibited without express prior City Council approval.

F. Concealed Carry Prohibition.

The District shall not adopt or enact an ordinance, resolution, rule or other regulation that prohibits or restricts an authorized permittee from carrying a concealed handgun in a building or specific area under the direct control or management of the District as provided in C.R.S. § 18-12-214.

G. Eligible Expenses or Costs for Reimbursement.

In addition to any limits or prohibitions contained in Colorado Revised Statutes, the District shall not issue debt for or otherwise fund any costs or expenses not allowed for by the Special District Policy.

H. Intergovernmental Agreements.

Services Provided

The District was organized to provide the financing, acquisition, construction, completion, installation, replacement and/or operation and maintenance of all of the services and public improvements allowed under Colorado law for business improvement districts. Specific improvements and services provided by the District include parking facilities, roadways, lighting, driveways, public utilities and landscaping. The District's service area is located entirely within the City of Colorado Springs, El Paso County, Colorado.

The District was organized by Ordinance of the City of Colorado Springs on April 27, 2004.

At an election held on May 4, 2004, the voters approved general obligation indebtedness of \$2,600,000 for street improvements, \$2,600,000 for parking facilities, and \$6,500,000 for refinancing of District debt. On November 1, 2005, the District's electors authorized additional indebtedness of \$450,000 for water and \$150,000 for sanitary sewer. The voters also approved an annual increase in taxes of \$15,000, at a mill levy rate not to exceed one mill for general operations and maintenance. The election also allows the District to retain all revenues without regard to the limitations contained in Article X, Section 20 of the Colorado constitution. Pursuant to the District's operating plan filed annually with the City, the maximum debt service mill levy the District can impose is 50.000 mills. As set forth in the District's 2007 operating plan, the City has limited the amount of debt to be issued to a total of \$4,950,000 in the authorized voted categories, without future approval by the City.

The District has no employees and all administrative functions are contracted

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those difference may be material.

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

The budget assumes that the District's share will be equal to approximately 10% of the property taxes collected.

Debt Service

Principal and interest payments are provided based on the debt amortization schedule from the Series 2007 bonds (discussed under Debt and Leases).

Debt and Leases

On June 27, 2007, the District issued \$4,000,000 in General Obligation Bonds. The Bonds are due December 1, 2036, and bear an interest rate of 6.5% paid annually on December 1. At the option of the District on any date, the Bonds are subject to redemption prior to maturity without redemption premium. The proceeds from the Bonds were used to reimburse the Developer for capital infrastructure costs and to pay bond issuance costs. The District's current debt service schedule is attached.

On December 31, 2006, the District entered into a Reimbursement Agreement to repay advances made by the Developer for capital infrastructure costs and operations and maintenance (O&M) costs. The District agreed to repay the Developer for such advances plus accrued interest at the rate of 7% on the first day of the following year in which the advances were made.

On March 30, 2011, the District entered into the Amendment to the Reimbursement Agreement to recognize advances, and accrued interest, made to the District prior to 2006. Such advances were originally recorded in the District's records as a contribution.

On February 22, 2017, the District entered into the Facilities Funding and Reimbursement Agreement. Under the terms of this agreement, the District agrees to reimburse the Developer for all verified capital costs, together with interest of 8% from the date of the expenditure.
