Most Persuasive (City)

Access for Everyone:

All children have the resources they need to thrive.

- ✓ Shouldn't be a luxury for a few
- ✓ Cost is high at \$1,700/month
- √ Need investment so it's affordable

Young Adults and Smart Investment are closely related and have similar impact to each other with Early Life proving to be more persuasive of the two.

Young Adults: It wasn't particularly "popular," but for some it was what caused them to change their minds—that young adults are waiting longer to have children.

Smart Investment: Return on investment between \$7 and \$13 for community.

- ✓ Stronger workforce
- ✓ Higher graduation rates
- ✓ Lower healthcare costs
