Councilmember Knight stated he is concerned that the proposed Flying Horse concept plan is changing currently zoned commercial property to primarily residential zoned property and that there is no financial impact analysis associated with it.

Daniel Sexton, Senior Planner, Planning and Community Development, explained that an applicant seeking to change zoning is able to do so through either a concept plan or a development plan and a concept plan amendment does not remove previously approved commercial use, but does allow the addition of residential use. He stated the proposed zone change does not warrant another traffic study to be conducted.

Councilmember Knight stated a zone change from commercial to residential should require a master plan amendment with a financial analysis. Jeff Greene, Chief of Staff, stated staff is working on the appropriate methodology within City Code in regards to financial impact analysis, but the applicant should not get caught in the process.

Doug Stimple, Principal with The Classic Companies, representing the master developer of Flying Horse, stated most commercial zones have an allowable element of residential in it and the fiscal impact for the 7.5 acres would be minimal in the context of a 1,500 acre master plan and because of the non-taxable development that could occur under the current zoning.

Councilmember Pico commented that even without a financial analysis, this plan would be a net positive for the City.

Councilmember Murray stated he sees this development as more commercial property than residential and requested staff clarify how this will impact the community.

Marc Smith, Corporate Division Chief, Office of the City Attorney, identified the review criteria for these particular applications.

Citizen Tom Noonan asked if there will be bus service to this area. President Skorman stated this area does not have the concentration of people to warrant bus service at this time. Councilmember Avila commented that Transit should be part of the infrastructure from the beginning of the development.

Motion by Councilmember Pico, seconded by Councilmember Strand, that the Ordinance changing the zoning of 8.73 acres from (PUD) Planned Unit Development to (PUD) Planned Unit Development: commercial and residential, 12 dwelling units per acre, maximum 90,000 square feet for nonresidential uses, maximum building height of 45 feet and 35 feet east of the Silversmith Road and Silver Rose Lane intersection, based upon the findings that the change of zone request complies with the three (3) review criteria for granting a zone change as set forth in City Code Section 7.5.603(B) and the development of a PUD zone as set forth in City Code Section 7.3.603. Presenter:

Jill Gaebler, City Council President Pro-Tem
Sarah B. Johnson, City Clerk

President Pro Tem Gaebler identified the changes to the Ordinance pertaining to campaign finance which include removing the language “a detailed listing” and the “paid for by” requirement for smaller sized signs.

Sarah B. Johnson, City Clerk, explained the “paid for by” disclosure would be expanded to include newspaper, magazine, outdoor advertising facility, any sign requiring a Large Sign Revocable Permit per the planning department, direct mailing, handbill, internet-based advertising, or broadcast through radio, television or other technologies.

Citizen Sarah Jack requested more of a public process for the item and spoke in opposition of the proposed Ordinance. Councilmember Tom Strand asked for clarification for what would constitute more of a public process. Ms. Jack stated there should be a task force formed to address these changes.

Citizen Deb Walker, Executive Director of Citizens Project, spoke in favor of the proposed Ordinance and requested additional improvements to City Code in regards to transparency and election laws.

President Skorman stated this Ordinance just clarifies what is already required. Ms. Johnson clarified the disclaimer section of the Ordinance is new.

Councilmember Pico stated the Ordinance does not address the sources of funds and believes he feels it is being rushed.

Councilmember Avila commented that all the expenses should be itemized.

Motion by Councilmember Murray, seconded by Councilmember Knight, that the Ordinance, as amended with the removal of the language in P7, “a detailed listing of,” amending Section 203 (Candidate and Committee Funds Reporting and Disclosures; Conduits) of Part 2 (Fair Campaign Practices; Candidate and Committee Funds and Disclosures) of Article 2 (Campaign Disclosures) of Chapter 5 (Elections) of the Code of the City of Colorado Springs 2001, as amended, pertaining to campaign finance be approved on first reading. Mike Schultz, Principal Planner, Planning and Community Development, presented the major amendment to the High Chaparral Master Plan proposing a change of use from commercial to residential. He presented a map of the site location, zoning, and current conditions. Mr. Schultz provided a brief background of the stakeholder process and gave an overview of the Chaparral Pointe master plan amendment, development plan, fiscal impact analysis, and staff recommendation.

Councilmember Pico asked if the single access road at Integrity Center Point will be upgraded by the developer. Mr. Schultz confirmed the developer will upgrade the frontage road.

Councilmember Knight asked why the development plan is conditional on the developer improving Integrity Center Point road, but the zoning change and change of use are not. Mr. Schultz stated it is because the development plan would still be under review of staff even after it is approved by City Council.

Andrea Barlow, from NES, representing the applicant, gave an overview proposed requests for a 4.8 acre change from commercial to residential, rezone of 12.153 acres, and a Planned Unit Development (PUD) plan for a mix of single-family detached and single-family attached residential. She presented maps of the existing and proposed master plan, rezone, and development plan. She gave an overview of the project details, its

consistency with the City's comprehensive plan, the neighborhood outreach, and off-site drainage.

Councilmember Geislinger requested the price index for the houses. Mike Fenton, Century Communities, stated they are attempting to keep the housing costs below \$300,000 per unit. Councilmember Strand asked how much the lots cost. Mr. Fenton stated \$64,000 per lot.

Councilmember Knight asked if the 5.6 dwelling units per acre was an average of the 12 acres. Ms. Barlow confirmed it was and explained the difference between the gross density and net density.

Councilmember Murray asked if there could be a vehicle access point onto Powers Boulevard. Ms. Barlow stated the City does not have authority over it because it is Colorado Department of Transportation (CDOT) right of way.

Citizens Lynn and Harry Freis, property owners, spoke in favor of the project.

Citizens Matthew Joseph Furlines, Georgia Devours, Cynthia Furlines, Laura Mason, and John Scandura spoke in opposition of the project.

Mr. Schultz addressed the pedestrian safety concerns and the density concerns of the area.

Councilmember Pico commented he is concerned about the traffic volume on Barnes Road.

Councilmember Murray and Councilmember Geislinger stated the City needs to be diligent in addressing the issues presented from citizens resulting from this new plan.

Motion by Councilmember Strand, seconded by Councilmember Geislinger, that the Major Amendment of the High Chaparral Master Plan, changing the land use designation from commercial to residential (3.5 to 7.99 DU's/Acre) based upon the findings that the amendment request meets the review criteria for granting a master plan as set forth in City Code Section 7.5.408 be approved. The motion passed by a vote of 8-0-1-0
