WHEREAS, home fire escape plans should be developed by all members of the household and that practicing a home fire escape plan twice a year ensures that everyone in the household knows what to do in a real fire situation;

WHEREAS, any fire escape plan includes always knowing of two exits from every room or building; a path to the outside from each exit; smoke alarms in all required locations; and a meeting place outside where everyone will meet upon exiting; and

WHEREAS, Colorado Springs first responders are dedicated to reducing the occurrence of home fires and home fire injuries through prevention and protection education; and
