The Board of Directors shall, upon the appointment of an advisory board, set forth its duties, duration, and membership. The Board of Directors may provide rules of procedure for the advisory board or may delegate to the advisory board the authority to provide such rules. No advisory boards have yet been appointed.

3. BOUNDARIES, INCLUSIONS AND EXCLUSIONS

The District currently includes approximately 22.36 acres, with boundaries as depicted in **Exhibit C**. The District does not anticipate any inclusions or exclusions in 2023.

4. PUBLIC IMPROVEMENTS

The District will primarily be concerned with the provision of public improvements and services within the boundaries of the District; however, there may be instances to provide improvements or services outside of the boundaries of the District as part of the project. The District shall have the authority to provide these improvements and services, but the revenue-raising powers of the District to recoup the costs of extraterritorial improvements and services shall be as limited by state law.

The public improvements that the District anticipates it will construct, install or cause to be constructed and installed, include those public improvements the costs of which may, in accordance with the Business Improvement District Act, Section 31-25-1201, *et seq.*, C.R.S., lawfully be paid for by the District, including, without limitation, water services, safety protection

devices, sanitation services, street improvements, curbs, gutters, culverts, drainage facilities, sidewalks, parking facilities, paving, lighting, grading, landscaping, parks and recreation, storm and wastewater management facilities and associated land acquisition and remediation.

5. ADMINISTRATION, OPERATIONS, SERVICES, PROPERTY OWNERSHIP, AND MAINTENANCE

The District shall provide for the ownership, operation, and maintenance of District facilities as activities of the District itself or by contract with other units of government or the private sector. The District does not currently own any property.

The District does not anticipate having any employees and contracts for all services.

6. FINANCIAL PLAN AND BUDGET

A. 2023 Budget. The 2023 Budget for the District is attached as **Exhibit B**.

B. Authorized Indebtedness. The District held an election on November 5, 2019 for the purpose of authorizing debt, taxes, revenue limits, spending limits, special assessments, and such other matters as may be necessary or convenient for the implementation of Art. X, Sec. 20 of the Colorado Constitution, and the Operating Plan. As authorized by the City Council in the District's 2019-2020 Operating Plan, the initial maximum debt authorization for the District shall be \$10,000,000. This maximum debt authorization amount shall not be exceeded without express prior approval by the City.

C. Maximum Debt and Operating Mill Levies. The Maximum Operating Mill Levy is ten (10) mills, the revenue from which will support the District's operations and maintenance obligations. The mill levy cap set forth in this paragraph may be subject to upward or downward adjustments addressing any Mill Levy Adjustment or any abatement occurring after, but not before January 1, 2006. Such upward or downward adjustments are to be determined by the Board in good faith (such determination to be binding and final) so that to the extent possible, the actual tax revenue generated by the mill levy, as adjusted for changes occurring after January 1, 2006, are neither diminished nor enhanced as a result of such changes.

D. District Revenues. See the 2023 Budget for the District attached as **Exhibit B**.

E. Existing Debt Obligations. The District has no current debt.

F. Future Debt Obligations. The District anticipates issuing bonds in 2023 in the amount of approximately \$10,000,000 for the purpose of financing Public Improvements, as further described in **Exhibit E**. A portion of the revenues the District receives from the public improvement fees are anticipated to be pledged to the repayment of such debt.

G. Developer Funding Agreements. The District entered into a Facilities Funding and Acquisition Agreement (8% interest rate) with MW Colorado Springs, LLC on January 1, 2022 and a Reimbursement Agreement (8% interest rate) with Thompson Investments, LLC on

December 10, 2019. It is anticipated that at the end of 2023, the District will have total developer advances of \$806,460, including principal and interest.

Developer Funding Agreements entered into by this District after January 1, 2023 shall be limited to a term of no greater than twenty (20) years, from the time of the first such agreement, after which time any remaining balances must be either converted to Debt or shall no longer be considered an obligation of the District. The Interest Rate on any Agreements initially entered into, or with additional costs added to after January 1, 2023, shall not exceed the Index Rate plus 400 basis points, and interest shall only accrue on the principal balance.

H. Other Financial Obligations. The District may enter into agreements including reimbursement or similar agreements and leases, as well as agreements for ongoing services such as legal, administration, compliance, budget, audit, etc.

I. City Charter Limitations. In accordance with 7-100 of the City Charter, the District shall not issue any Debt instrument for any purpose other than construction of capital improvements with a public purpose necessary for development. As set forth in 7-100 of the City Charter, the total Debt of any proposed District shall not exceed 10 percent of the total assessed valuation of the taxable property within the District unless approved by at least a two-thirds vote of the entire City Council.

The information in **Exhibit E** is provided to support issuance of Debt consistent with this Charter limitation by City Council resolution with at least two-thirds vote of the entire City Council approving this Operating Plan without the need for separate City Council authorization.

J. Limited-Default Provisions. Limited tax general obligation bonds issued by the District shall be structured and/or credit enhancements provided such that the bonds cannot default as long as the District is imposing the required maximum allowed mill levy.

K. Privately Placed Debt and Related Party Privately Placed Debt. Prior to the issuance of any privately placed debt for capital related costs, the District shall obtain the certification of an External Financial Advisor regarding the fairness and feasibility of the interest rate and the structure of the Debt. The Interest Rate for Related Party Privately Placed Debt shall not exceed the Index Rate more than 400 basis points. Related Party Privately Placed Debt shall not be issued with an optional call date of greater than five (5) years from the date of issuance.

L. End User Fee Limitation. The District shall not impose an End User Fee for the purpose of servicing District Debt without prior approval of the City Council.

M. Debt Not an Obligation of the City. The debt of the District will not constitute a debt or obligation of the City in any manner. The faith and credit of the City will not be pledged for the repayment of the debt of the District. This will be clearly stated on all offering circulars, prospectus, or disclosure statements associated with any securities issued by the District.

N. Land Development Entitlements. The District shall not issue Debt, enter into any other Long Term Financial Obligation, or certify a Debt Mill Levy unless a Land Development Entitlement has been approved for the Property.

7. MUNICIPAL OVERSIGHT OF DISTRICT ACTIVITIES

A. Audit. The District agrees to submit an annual audit to the City Finance Department no later than March 1st of each year which is performed by an independent certified public accounting firm. Even if the State of Colorado grants an audit exemption, the District must submit an annual audit as specified above.

B. SID Formation. The District affirms that it will provide an Amended Operating Plan and seek prior approval of City Council prior to formation of any Special Improvement District or Authority within its boundaries in the future.

C. City Authorization Prior to Debt Issuance. In accordance with the City's Special District Policy, and notwithstanding any statements of intent in the Budget and Operating Plan, this District shall request and obtain approval of City Council prior to issuance of any debt in accordance with the financing plan for the District as previously approved. The standards for City approval shall generally be consistency with the City's Special District Policy as it may be amended along with the most recently approved operating plan and budget and any requirements or limitations contained therein to the extent that they are consistent with the financing plans for the District.

D. Public Improvement Fees. This District will utilize revenues from a new, increased or expanded public improvement fee.

E. Condemnation. The Colorado Revised Statutes do not authorize BIDs to use powers of eminent domain. The exercise of eminent domain authority by any City-authorized district is also specifically prohibited without express prior City Council approval.

F. Concealed Carry Prohibition. The District shall not adopt or enact an ordinance, resolution, rule or other regulation that prohibits or restricts an authorized permittee from carrying concealed handgun in a building or specific area under the direct control or management of the District as provided in C.R.S. § 18-12-214.

G. Eligible Expenses or Costs for Reimbursement. In addition to any limits or prohibitions contained in the Colorado Revised Statutes, the District shall not issue debt for or otherwise fund any costs or expenses not allowed for by the Special District Policy.

H. Intergovernmental Agreements. The District is not party to any intergovernmental agreements.

I. Overlapping Districts. The boundaries of Woodmen Heights Metropolitan District No. 3 overlap the District's boundaries. Woodmen Heights Metropolitan District No. 3 currently imposes 34.6 mills.

8. 2023 ACTIVITIES, PROJECTS AND CHANGES

A. Activities. It is anticipated that the District will continue to be engaged in early development activities in 2023 and will perform services such as landscaping and snow removal. **MW RETAIL BUSINESS IMPROVEMENT DISTRICT
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Services Provided

The District was organized to provide the financing, acquisition, construction, completion, installation, replacement and/or operation and maintenance of all of the services and public improvements allowed under Colorado law for business improvement districts. Specific improvements and services provided by the District include parking facilities, roadways, lighting, driveways, public utilities and landscaping. The District's service area is located entirely within the City of Colorado Springs, El Paso County, Colorado.

The District was organized by Ordinance of the City of Colorado Springs on September 24, 2019.

At an election held on November 5, 2019, the voters approved general indebtedness of \$20,000,000 at a maximum interest rate of 18% for each of the following improvements and services: streets, water, sanitary sewer, traffic and safety control, park and recreation, business recruitment, transportation, security services, and fire protection. The voters also authorized indebtedness of \$20,000,000 for revenue debt, special assessment debt, operations and maintenance and reimbursement agreements and \$40,000,000 for debt refunding.

The District has no employees and all administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenues

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District. The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 10% of the property taxes collected.
