There was no Utilities Business.

## **10. Unfinished Business**

- 10.A.** [21-319](#) Ordinance No. 21-68 ordering that the question of organization of the Colorado Springs Briargate General Improvement District 2021 and approving a mill levy be submitted to the electors of the proposed district at the coordinated election conducted by mail ballot to be held on Tuesday, November 2, 2021; providing for the form of the ballot title and text; providing for certain matters with respect to the election; and providing the effective date of this ordinance

Presenter:

Council Member Randy Helms, District 2

Eric Becker, Special Improvement Maintenance District Administrator

**Attachments:** [BriargateGID\\_ORD-2021-07-29 \(002\)](#)  
[2020042B-DESCRIPTION PG 2 Final](#)  
[2020042B-DESCRIPTION PG 1 Final](#)  
[2020042B-PLAN Final](#)

Eric Becker, Special Improvement Maintenance District (SIMD) Administrator, presented the Ordinance ordering that the question of organization of the Colorado Springs Briargate General Improvement District (GID) 2021 and approving a mill levy be submitted to the electors of the proposed district at the November 2, 2021 coordinated election.

Marc Smith, Deputy City Attorney, stated the ballot language was amended to include the following two bullet points “And with the intent of the voters that monies derived from the tax increase serve as an alternative to and replacement for the Briargate Special Improvement Maintenance District mill levy so that the properties currently paying the Briargate mill levy will not see an overall increase in taxes; and any future increase in the proposed district’s mill levy will require future voter approval”.

Councilmember Helms stated if approved, this ballot measure would eliminate the tax inequity in the Briargate area.

Tom Hayden, President of the Briargate Citizens Committee, stated he is an advocate for the formation of Briargate GID and supports the amended ballot language.

Councilmember Williams stated he supports the amended ballot language.

Mr. Smith read the proposed ballot question into the record which states “Shall Colorado Springs Briargate General Improvement District 2021 taxes be increased \$1,462,683 annually beginning January 1, 2022, and by whatever amounts are raised thereafter, by the imposition of a mill levy imposed on all taxable property located within the District of not more than 4.409 mills, solely for the purpose of funding the district’s operations, maintenance, and other reasonable expenses, as may be determined by the District Board Of Directors; and shall the District be permitted to collect, retain and spend all revenues derived therefrom as a voter-approved revenue change and exception to any constitutional, statutory and City Charter revenue and spending limitations which may otherwise apply:

- and with the intent of the voters that monies derived from the tax increase serve as an alternative to and replacement for the Briargate Special Improvement Maintenance District mill levy so that the properties currently paying the Briargate Special Improvement Maintenance District mill levy will not see an overall increase in taxes; and
- any future increase in the proposed district’s mill levy will require future voter approval”

Citizen Jaymen Johnson stated he believes there is confusion regarding taxation for citizens who live in a metropolitan district.

**Motion by Councilmember Helms, seconded by Councilmember O’Malley, that the Ordinance ordering that the question of organization of the Colorado Springs Briargate General Improvement District 2021 and approving a mill levy be submitted to the electors of the proposed district at the coordinated election conducted by mail ballot to be held on Tuesday, November 2, 2021; providing for the form of the ballot title and text; providing for certain matters with respect to the election; and providing the effective date of this Ordinance be approved on first reading. The motion passed by a vote of 9-0-0-0**

**Aye:** 9 - Avila, Donelson, Helms, Henjum, Murray, O’Malley, Skorman, Strand, and Williams

## **11. New Business**

### **11.B. [21-426](#)**

A Resolution Submitting to the Registered Qualified Electors of the City of Colorado Springs, Colorado, at the Coordinated Election Conducted by Mail Ballot to be Held on Tuesday, November 2, 2021, the Question of Increasing to 0.2% (Two Tenths Of A Cent) and Extending the Sales and Use Tax for the Trails, Open Space and Parks Program ("TOPS") for 20 Years and Modifying the Program for the Purpose of Reallocating the Expenditure Categories, and Allowing Revenue to be Used on all City Parks, Trails and Open Spaces, Providing for the Form of the Ballot Title

and Text, Providing for Certain Matters with Respect to the Election, and Providing the Effective Date of this Resolution

Presenter:

Richard Skorman, President Pro-Tem City Council District 3

Karen Palus, Director, Parks, Recreation and Cultural Services  
Department

Britt Haley, Design, Development and TOPS Program Manager, Parks,  
Recreation and Cultural Service Department

**Attachments:** [TOPS Extension Ballot QuestionRES FINAL](#)  
[TOPS Program Ballot Question City Council 8102021 c](#)  
[Citizen and Organization - Letters Concerning TOPS Ballot](#)  
[Signed Resolution 110-21](#)

President Pro Tem Skorman, provided an overview of the proposed Resolution submitting to the registered qualified electors of the City the ballot question increasing to 0.2 percent and extending the sales and use tax for the Trails, Open Space and Parks Program (TOPS) for twenty years and modifying the program for the purpose of reallocating the expenditure categories, and allowing revenue to be used on all City Parks, Trails and Open Spaces for City Council consideration for a referral to the November 2, 2021 Coordinated Election. He stated there is some controversy regarding whether the open space category should be a Resolution in order to ensure seventy-five percent of that category is spent for open space acquisition and development.

Karan Palus Director, Parks, Recreation and Cultural Services Department, gave an overview of the TOPS program, public meetings, stakeholder input, President's Park Sustainability Commission input, potential trail projects, potential open space projects, potential park projects, ballot question elements, proposed ballot question, Alternative 1, Alternative 2, and next steps.

Mayor Suthers stated TOPS has been an incredible success with the acquisition of open space, the Parks, Recreation and Cultural Services Department has not had difficulty with the acquisition of open space or park land, but it has had problems with the development and maintenance of park land and he supports a 0.2 percent tax increase if a high level of flexibility is maintained to deal with those problems. He stated acquisition is very important, but because this is a twenty-year proposition, the City needs to maintain maximum flexibility with Alternative 1 and thinks the no

more than twenty-five percent to be used for maintenance clause is cumbersome and unnecessary. Mayor Suthers stated he supports the elements of the ballot language which includes forty percent for park acquisition, development, and maintenance, thirty percent for trails acquisition, development, and maintenance, and thirty percent for open space acquisition, development, and maintenance.

Councilmember Williams stated intent language does not bind the City to an annual amount to spend on open space, and asked if the City accumulates the money and does not acquire open space, can any amount be spent on maintenance. Mr. Smith stated he is not sure how an Auditor would interpret this clause because the language is so open ended.

Councilmember Murray stated he feels the City owes the citizens the specifics of what will be done with the money and disagrees with having flexibility with it.

President Pro Tem Skorman asked if open space category funds could be held over year after year. Ms. Palus stated they do typically try to stay within the category amounts, but they do have the ability if there was something that needed to go above and beyond to balance it by the end of the life of the tax.

President Pro Tem Skorman stated he believes Alternative 2 is referring to open space. Mr. Smith stated that could be in the eye of the beholder.

Councilmember O'Malley requested a commitment to reduce irrigating so much turf and using non-potable water when they can. Ms. Palus stated they are working toward those practices such as John Venezia Community Park which is mostly artificial turf and has very little irrigated turf.

Councilmember Henjum requested a long-term land management policy be developed which addresses issues around conservation.

Cory Sutela, Director of Medicine Wheel Trail Advocates, and Citizen Bruce Hamilton spoke in favor of the proposed ballot measure with the change proposed in Alternative 2.

Bob Falcone, Chair of the TOPS Working Committee, Glenn Carlson, President of the Trails and Open Space Coalition, and Scott Hente, Vice

President of the Trails and Open Space Coalition, Lee Derr, President of the Board of Directors Rocky Mountain Field Institute, spoke in favor of the original language of the proposed ballot measure.

David Siegel, Chair, Parks, Recreation and Cultural Services Advisory Board (Parks Board), personally spoke in favor of the ballot measure with the percentages put forth, but not the removal of the word “maintenance” for open space, however the majority of the Parks Board recommends removing the word “maintenance” from the ballot language for the open space category.

President Pro Tem Skorman and Councilmember Henjum asked for the reasoning behind wanting the word “maintenance” removed from the open space acquisition category. Mr. Siegel stated it was to ensure acquisition is the primary use of TOPS funding for the open space category. Mr. Sutela stated over the years, they have seen more and more funding going toward stewardship and maintenance and the acquisition power of the TOPS program has been eroded.

Councilmember Williams asked if there have been instances where the TOPS Working Committee has made recommendations for expenditures which have not been approved by City Council. Mr. Falcone stated he does not believe so. President Pro Tem Skorman stated the Stratton Open Space was recommended by the TOPS Working Committee to be the first TOPS acquisition, but it was not first on the list for the Parks Board or City Council.

Citizen Jaymen Johnson stated he supports flexibility, additional maintenance, and retention of land.

Councilmember Henjum asked what the qualifications of open space are which would make it eligible for acquisition. Mr. Falcone stated it needs to be usable, developable, attractive, and visitable land that people enjoy.

Councilmember Murray asked if the funds for acquisition of open space should be separate from parks and trails and put in a silo. Mr. Falcone stated the concern is if the money is siloed and there is no property available for purchase, they would lose the flexibility to be able to use some of that money for maintenance within the open space category.

Citizen Kathy Meinig stated land is just going to get more expensive and believes the money should be banked for future acquisitions.

Councilmember Williams stated this is a twenty-year commitment, there is an extensive process for checks and balances, he supports flexibility, but also wants to express the intent of City Council to continue to acquire open space so his preference is Alternative 1.

Councilmember Donelson stated he supports maintaining maximum flexibility for using funds where the City needs them at the moment and his decision will be between Alternative 1 or the original ballot language.

President Pro Tem Skorman stated flexibility is ideal, but the City would have to give something up in the process because a future City Council can change it. He stated he believes Alternative 2 is a good reasonable compromise which puts up guard rails, provides transparency to the voters as to the intent of City Council, and up to twenty-five percent can still be spent on stewardship/maintenance. President Pro Tem Skorman stated he prefers this option because the open space master plan may be revised to where smaller open spaces could be acquired, the cost of land is continuing to rise, previous City Councils have gone against the voter's intent during times of recession, and obtaining open space is the best bang for the buck as far as maintaining it goes.

Councilmember Helms stated he supports Alternative 1.

Councilmember Murray stated he recommends Alternative 2 because the key is to ensure the public knows this funding is going in the direction as promised by this City Council.

Councilmember Henjum structure and flexibility go together and believes Alternative 2 provides a balance and does not take away the flexibility that is needed.

Councilmember Williams stated it does not make sense to develop a park and not maintain it and there is specificity and flexibility provided in Alternative 1.

**Motion by Councilmember Williams, seconded by Councilmember Donelson, that the Resolution submitting to the registered qualified electors of the City of**

Colorado Springs, Colorado, at the Coordinated Election conducted by mail ballot to be held on Tuesday, November 2, 2021, the question of increasing to 0.2% (two tenths of a cent) and extending the sales and use tax for the Trails, Open Space and Parks Program ("TOPS") for 20 years and modifying the program for the purpose of reallocating the expenditure categories, and allowing revenue to be used on all City parks, trails and open spaces, providing for the form of the ballot title and text, providing for certain matters with respect to the election, and providing the effective date of this Resolution as amended to include the language of Alternative 1 to the ballot question and add Section 5 to the Resolution to specify the intent of City Council that seventy-five percent of the funding will go toward acquisition and development be adopted.

Motion to amend by President Pro Tem Skorman, seconded by Councilmember Murray, to amend Councilmember Williams' motion to approve the proposed ballot question with the addition of Alternative 1 verbiage and the addition of Alternative 2 verbiage to clarify that thirty percent acquisition, development, and maintenance of all open space lands regardless of how acquired with no more than twenty-five percent of this open space category to be used for maintenance be adopted. The motion failed by a vote of 4-5-0-0

**Aye:** 4 - Avila, Henjum, Murray, and Skorman

**No:** 5 - Donelson, Helms, O'Malley, Strand, and Williams

City Council then voted on the underlying main motion by Councilmember Williams, seconded by Councilmember Donelson, that the Resolution submitting to the registered qualified electors of the City of Colorado Springs, Colorado, at the Coordinated Election conducted by mail ballot to be held on Tuesday, November 2, 2021, the question of increasing to 0.2% (two tenths of a cent) and extending the sales and use tax for the Trails, Open Space and Parks Program ("TOPS") for 20 years and modifying the program for the purpose of reallocating the expenditure categories, and allowing revenue to be used on all City parks, trails and open spaces, providing for the form of the ballot title and text, providing for certain matters with respect to the election, and providing the effective date of this Resolution as amended to include the language of Alternative 1 to the ballot question and add Section 5 to the Resolution to specify the intent of City Council that seventy-five percent of the funding will go toward acquisition and development be adopted. The motion passed by a vote of 9-0-0-0

**Aye:** 9 - Avila, Donelson, Helms, Henjum, Murray, O'Malley, Skorman, Strand, and Williams

## **12. Public Hearing**

There was no Public Hearing.

## **13. Added Item Agenda**

There were no items added to the Agenda.

## **14. Executive Session**

There was no Executive Session.

**15. Adjourn**

There being no further business to come before City Council, Council adjourned.

Sarah B. Johnson, City Clerk
