Presented by Mary Murray who provided financial details to the Drainage Board. Bob Irwin requested the status of any constructed reimbursable facilities that haven't come to Drainage Board for reimbursement yet. Mary thinks there may be some options, Steve thinks figuring out what hasn't been requested would take some time and maybe some legal opinions.

b) Request on behalf of Nor'Wood Development to close the Wolf Ranch portion of the Cottonwood Creek Drainage Basin – (City)

ACTION REQUESTED: This action is a request to close the Wolf Ranch portion of the Cottonwood Creek Drainage Basin. The closing of the Wolf Ranch Development would exempt the developer from paying the per acre drainage fee, erase the developer's credits within the Wolf Ranch portion of Cottonwood Creek and eliminate the opportunity for reimbursement for construction of any facilities. Wolf Ranch would still be required to pay the Bridge Fee and Surcharge Fee associated with the Cottonwood Creek Drainage Basin.

Motion was made by *Jonathan Moore* to move on the Request on behalf of Nor'Wood Development to close the Wolf Ranch portion of the Cottonwood Creek Drainage Basin. Motioned seconded by Darin Moffett.
