Interests & Experiences

Why are you interested in serving on a board or commission?

I first moved to Colorado Springs in 1981 with my military family and then moved around a number of years after that before moving back in 2011. I met and married my lovely wife Stephannie here, too. I give you that background to show why I am so passionate about our community and want the best for the place we call home. The Health Foundation is of interest to me because it is about helping create a healthy community, look at health care needs and encourage us to live healthier lives. There is a lot of great things going on in the community, but there is still many areas of need. I would be honored to help the Foundation improve the lives of the people in our community. I work for an organization that promotes the health and welfare of the employees. That is through what I call a mind, body and spirit approach. Healthy isn't just about eating right and exercising. Yes, they are important but there is so much more. I think I could bring another perspective and help build on the great work the team has already done and will continue to do. So in summary why the Health Foundation Board? Because I want to continue to help our community be their best selves and feel this is a great opportunity to do that. Thanks for your consideration.
