WHEREAS, Rock Creek Metropolitan District will construct, operate, and maintain a water distribution system that will deliver water to customers; and

WHEREAS, in exchange for regional full water service, Rock Creek Metropolitan District has agreed to pay the Tariff Rates and Fees for regional water service; and

If UTILITIES determines such loss of legal dominion and control over the return flows, UTILITIES shall notify and cooperate with DISTRICT to address such loss to the extent reasonably possible.

DISTRICT acknowledges the Reimbursement Amount will increase if DISTRICT requests and receives approval from UTILITIES for UTILITIES to provide Full Service for properties within DISTRICT's Service Area other than those identified herein or any future extraterritorial customers of DISTRICT pursuant to the terms hereof. After completion of any actions it takes to correct a breach or prevent further breaches from occurring, UTILITIES shall issue an itemized invoice to DISTRICT for payment of the costs UTILITIES incurred in taking the actions. In the event DISTRICT fails to make full payment on an invoice by the date set forth in the invoice, which shall not be less than thirty (30) days, UTILITIES may file a claim against DISTRICT's Financial Assurance. DISTRICT acknowledges and agrees to UTILITIES' right to make a claim against the Reimbursement Amount to pay off any amounts due to UTILITIES for service provided under this Agreement that are past due by more than ninety (90) days.
 - (iii) **Consequential Damages.** Any action by DISTRICT or its Customers that results in violations of any of UTILITIES' water service-related permits may subject DISTRICT to consequential damages for breach of contract including, but not limited to, any amounts the City or UTILITIES may be required to pay for violation of the conditions of UTILITIES' COPS permit where the discharge of DISTRICT or its Customer caused or contributed to the violation.
- b. **UTILITIES Right to Suspend Service.** DISTRICT acknowledges and consents to UTILITIES' right to suspend Full Service or terminate this Agreement without liability or obligation to DISTRICT or any other person or entity:

 - (ii) Due to DISTRICT's breach of a material term or condition of this Agreement, if DISTRICT has not taken substantial steps to cure the breach within a reasonably sufficient time frame that allows DISTRICT to cure the material breach after receiving written notice of such breach from UTILITIES; or

(i) **Disconnection Damages.** It is agreed that the damage to UTILITIES if DISTRICT disconnects from UTILITIES' Water System will not be less than the reproduction costs of any of UTILITIES' facilities, including UTILITIES owned Improvements that were not paid for or constructed by DISTRICT, which are rendered useless by such disconnection, and which must be replaced for UTILITIES to provide water service to UTILITIES' other customers.

e. **Effect of Termination.** Upon termination, UTILITIES shall have no further obligation to provide Full Service to DISTRICT and DISTRICT's Water Distribution System shall be disconnected from UTILITIES' Water System. Upon termination of this Agreement, UTILITIES shall determine the connection facilities between DISTRICT's Water Distribution System and UTILITIES' Water System that must be removed at DISTRICT's sole expense. 3. **Legal Compliance.** DISTRICT shall be solely responsible for obtaining and complying with all administrative or judicial approvals necessary to accomplish the provision of water service and water conveyance by UTILITIES to DISTRICT under this Agreement. UTILITIES will cooperate as reasonably requested by the DISTRICT in any application or proceedings to obtain such approvals.

DISTRICT is responsible for obtaining all approvals and/or permits necessary for the implementation of this Agreement. UTILITIES will cooperate with DISTRICT to obtain any necessary approvals and/or permits. If any required approval and/or permit is not obtained by DISTRICT, either party may terminate this Agreement. A copy of such approval or permit shall be provided to UTILITIES by DISTRICT.

The Improvements shall be located on property owned by DISTRICT or in rights-of-way or easements dedicated to DISTRICT.
