Appeal to City Council
RE: AR PUD 19-00162-A1MJ22E
1765 Silversmith Rd. Apartments

I am reaching out to appeal the approval of the plan for Flying Horse No. 22 at 1765 Silversmith Rd.

The impact of the new project places building 7 structure within 30 yards of my master bedroom and bath. This proposed project violates the intent and purpose of Colorado Springs zoning code and will destroy the sanctity of our beloved neighborhood.

7.2.102: INTENT AND PURPOSE OF ZONING CODE:

This Zoning Code is designed to ensure the most appropriate use of land throughout the City; to ensure a logical growth of the various physical elements of the City; to lessen congestion in the streets and to facilitate the adequate provision of transportation; to secure safety from fire, panic, and other dangers; to provide adequate light and air; to improve housing standards; to conserve property values; to facilitate adequate provision of utilities, schools, parks and other public infrastructure services; to protect against flood conditions and poor geologic and topographic conditions; and in general to promote health, safety and general welfare. The regulations within this Zoning Code have been made with reasonable consideration to the character of each zone district and its peculiar suitability for particular uses and with a view to encouraging the most appropriate use of land throughout the City.

It is the intent and purpose of this Zoning Code to protect property values, to preserve neighborhoods and to protect private property from adjacent nuisances such as noise, excessive traffic, incompatibility of uses, inappropriate design of buildings, and visual obstructions. (1968 Code; Ord. 80-131; Ord. 81-149; Ord. 91-30; Ord. 94-107; Ord. 01-42)

The proposed project is in violation of the City of Colorado Springs zoning code nature, as copied above.

- My property value will be significantly injured with the building of apartments adjacent to my property.
- My views will be significantly injured with the construction of a three story structure adjacent to my property. There will be a significant visual obstruction with the proposed and the current plan.
- My property will be subject to adjacent nuisances including noise, light and excessive traffic.
- My neighborhood will not be preserved, but violated with the introduction of a massive structure directly across the street.
- There are no other structures that are more than two stories above grade. The proposed plan puts three story balconies hovering over my property directly across the street from my home - looking down in to my bedroom, my shower, and my back yard. I would lose all privacy.
- The current plan for a retirement home does not place a structure directly adjacent to my home or property. The new plan violates the adjacency items of the code.

Thank you for your consideration.
