

ORDINANCE NO. 18-70

AN ORDINANCE CREATING SECTION 111 (CAMPING WITHIN PUBLIC STREAM / PUBLIC STREAM RIPARIAN ZONE PROHIBITED) OF PART 1 (GENERAL OFFENSES) OF ARTICLE 6 (OFFENSES AFFECTING PROPERTY) OF CHAPTER 9 (PUBLIC OFFENSES) OF THE CODE OF THE CITY OF COLORADO SPRINGS 2001, AS AMENDED, PERTAINING TO CAMPING WITHIN PUBLIC STREAM RIPARIAN ZONE, AND PROVIDING PENALTIES FOR THE VIOLATION THEREOF

WHEREAS, the City Council of Colorado Springs, Colorado (the "City Council") desires to protect and maintain the health, safety and welfare of all persons within the City; and

WHEREAS persons camped within public streams and/or public stream riparian zones creates a public health and safety hazard because persons lingering or remaining within the public stream and/or public stream riparian zone may be swept away by sudden floodwaters or may fall into the stream; and

WHEREAS, the City Council desires to protect the streams of the City; and

WHEREAS, persons camped within public streams and/or public stream riparian zones may urinate, defecate, bathe in, or otherwise contaminate stream waters, resulting in unsanitary and unhealthy conditions; and

WHEREAS, local and downstream water quality is affected by the pattern and content of stormwater and floodwater drainage into streams from stream riparian zones; and

WHEREAS, water quality sampling conducted by the United States Geological Survey (USGS) demonstrates that the majority of the Fountain Creek watershed within the City of Colorado Springs contains undesirable levels of *E. coli*, which is a type of fecal coliform bacteria commonly found in the intestines of animals and humans. The presence of *E. coli* in water may indicate recent sewage or human and/or animal waste contamination. The sampling resulted in the Colorado Department of Public Health and Environment's Water Quality Control Commission's ongoing determination that these waters are impaired (i.e., the waters are too polluted or otherwise degraded to meet the water quality standards set by the State of Colorado); and

WHEREAS, other regulatory agencies such as the National Forest Service and the National Park Service regularly prohibit camping and related activities
