Hi Katie,

I didn't get the chance to thank you personally but tried to pass it on through the other Katie (sp?) at the Wolf Ranch meeting last Wednesday. Thanks for the professionalism and personalization in the manner you are handling this proposed change in development.

Bill

Katie and To Whom it May Concern,

I would like to provide my feedback to the proposed changes and start by saying that I am in favor of all the proposed changes. The initial version reviewed in January was acceptable, as is the current revised plan. To be specific, I am in favor of the following:

Revised location of the school

Moving high density apartments away from the lake and near the school

All of the walking/hiking/running paths!

The plan for parks and especially the green belt along the drainage area

Conversion of commercial area to residential

Thank you for the details and the maps depicting the changes; they are very helpful. And thank you too for all the thought that went into this positive proposal.

Scott and Cathy Davis
