### NEIGHBORHOOD DEVELOPMENT ZONE DISTRICT DEVELOPMENT STANDARDS:

The development standards for the residential zone districts are listed in the following tables. The first table, titled "Agricultural, Residential, Special Use And Traditional Neighborhood Development Zone District Development Standards", lists the minimum district size, minimum lot area, minimum lot width, minimum building setbacks, maximum lot coverage and maximum building height for the majority of the zones. The second table, titled "Mobile Home Park Development Standards", contains the development standards for mobile home parks in the PUD zones. The third table, titled "Design Flexibility Overlay Zone Development Standards", lists the resulting changes for the designation of the design flexibility overlay zone to the R estate, R-1 9000 and R-1 6000 zone districts. Other site development standards relating to items such as landscaping, parking, signs, fences, lighting, and preservation areas and exceptions relating to building height, lot area and width, and setback requirements are listed in [article 4 of this chapter](#) and apply to development in these zone districts. When mixed use infill development or mixed use redevelopment occurs within the SU zone district, the development standards in [article 4 of this chapter](#) shall apply.
