Previous Council Action:

Background:

service pursuant to City Code Section 12.9.103.

Financial Implications:

Colorado Springs Utilities performed analysis of the Street Lighting Service Revenue Requirement and determined an amount of four million, seventy-five thousand dollars (\$4,075,000) required to recover expenditures for the provision of street lighting services from January 1, 2018 through December 31, 2018.
