Background:

A key activity of a transit agency is the responsible maintenance of its vehicles to ensure public safety, efficient and reliable service, and to protect the value of assets. The Transit Services Division contracts with a private company hired through a competitive procurement process to provide fleet maintenance services.

The current fleet maintenance contractor is McDonald Transit Associates. The annual contract cost is \$2.3 million and includes maintenance and repairs for 158 vehicles with an estimated value of \$9.8 million.
