

**Open Access Transmission Tariff
(OATT) Final Tariff Sheets**

Commercial Operation Date later than December 31, 2029.

All of the following must be included when an Interconnection Customer returns the Transitional Cluster Study Agreement:

- (1) A selection of either Energy Resource Interconnection Service or Network Resource Interconnection Service.
- (2) A deposit of five million dollars (\$5,000,000) in the form of an irrevocable letter of credit, cash, a surety bond, or other form of security that is reasonably acceptable to Transmission Provider, where cash deposits will be treated according to Section 3.7 of this LGIP. If Interconnection Customer does not withdraw, the deposit shall be reconciled with and applied towards future construction costs described in the LGIA. Any amounts in excess of the actual construction costs shall be returned to Interconnection Customer within ninety (90) Calendar Days of the issuance of a final invoice for construction costs, in accordance with Article 12.2 of the LGIA. If Interconnection Customer withdraws or otherwise does not reach Commercial Operation, Transmission Provider must refund the remaining deposit once the final invoice for study costs and Transitional Withdrawal Penalty is settled.
- (3) Exclusive Site Control for 100% of the proposed Generating Facility.

Transmission Provider shall conduct the Transitional Cluster Study and issue both an associated interim Transitional Cluster Study Report and an associated final Transitional Cluster Study Report. The interim Transitional Cluster Study Report shall provide the following information:

- (1) identification of any circuit breaker short circuit capability limits exceeded as a result of the interconnection;
